DESCRIPTION AND PURPOSE OF BILL

Senate Bill 1010 amends §4968 (relating to Permit for movement during course of manufacture) of Title 75 (Vehicles) of the Pennsylvania Consolidated Statutes, to provide for annual hauling permits for milk.

Specifically, this legislation provides for annual excess weight permits for the movement of the following additional milk products:

- Bulk milk;
- Cream;
- Plain or sweetened evaporated milk;
- Raw milk;
- Skim or whole condensed milk; and
- Skimmed milk.

Applications to the Pennsylvania Department of Transportation for these annual excess weight hauling permits, with the exception of raw milk, must designate the route the applicant requests to use.

This act shall take effect in 60 days.

FISCAL IMPACT:

This legislation simply allows for an additional excess weight hauling permit for vehicles hauling milk products. Any additional costs to the Pennsylvania Department of Transportation would be minimal and offset by additional permit fees collected by the department. Therefore, the enactment of this legislation would have no fiscal impact on Commonwealth funds.
