- 6 Section 1110. Department of Health inspector.
- (a) Health inspector. -- The department shall establish a 7 8 program to train new employees, or retrain existing employees, in health and safety practices related to the processing and 10 dispensing of medical marijuana.
- (b) Onsite inspector. -- A department employee who has been trained or retrained under subsection (a) shall be on the 13 premises of a medical marijuana organization during all operating hours to ensure compliance with health and safety 15 requirements under this act and issue weekly reports to the 16 department.
- 17 (c) Reimbursement of expenses. -- A medical marijuana 18 organization shall enter into an agreement with the department 19 to reimburse the department for the salary, benefits and any 20 reasonable costs or expenses incurred for department employees 21 under subsection (b).
