9 (a) Rights of consumers.--A consumer shall have the right to  
10 do the following:

11 (1) Confirm whether or not a controller is processing or  
12 accessing the consumer's personal data, unless the  
13 confirmation or access would require the controller to reveal  
14 a trade secret.

15 (2) Correct inaccuracies in the consumer's personal  
16 data, taking into account the nature of the personal data and  
17 the purposes of the processing of the consumer's personal

20 the consumer.

21 (4) Obtain a copy of the consumer's personal data  
22 processed by a controller in a portable and, to the extent  
23 technically feasible, readily usable format that allows the  
24 consumer to transmit the data to another controller without  
25 hindrance, where the processing is carried out by automated  
26 means in a manner that would disclose the controller's trade  
27 secrets.

28 (5) Opt out of the processing of the consumer's personal  
29 data for the purpose of any of the following:

30 (i) Targeted advertising.

1           (ii) The sale of personal data, except as provided  
2 under section 5(b).

3           (iii) Profiling in furtherance of solely automated  
4 decisions that produce legal or similarly significant  
5 effects concerning the consumer.

6       (b) Exercise of rights.--A consumer may exercise the rights  
7 under subsection (a) by a secure and reliable means established  
8 by a controller and described to the consumer in the  
9 controller's privacy notice. A consumer may designate an  
10 authorized agent in accordance with section 4 to exercise the  
11 consumer's right under subsection (a) (5) to opt out of the  
12 processing of the consumer's personal data on behalf of the  
13 consumer. For processing personal data of a known child, the  
14 parent or legal guardian may exercise the consumer's rights  
15 under subsection (a) on the child's behalf. For processing  
16 personal data concerning a consumer subject to a guardianship,  
17 conservatorship or other protective arrangement, the guardian or  
18 the conservator of the consumer may exercise the consumer's  
19 rights under subsection (a) on the consumer's behalf.

20       (c) Compliance.--Except as otherwise provided in this act, a  
21 controller shall comply with a request by a consumer to exercise  
22 the consumer's rights under subsection (a) as follows:

23           (1) The controller shall respond to the consumer without  
24 undue delay, but no later than 45 days after receipt of the  
25 request. The controller may extend the response period under  
26 this paragraph by an additional 45 days when reasonably  
27 necessary, considering the complexity and number of the  
28 consumer's requests, if the controller informs the consumer  
29 of the extension within the initial 45-day response period  
30 and the reason for the extension.

1           (2) If the controller declines to take action regarding  
2 the consumer's request, the controller shall inform the  
3 consumer without undue delay, but no later than 45 days after  
4 receipt of the request, of the justification for declining to  
5 take action and instructions for how to appeal the decision.

6           (3) Information provided in response to consumer  
7 requests shall be provided by the controller, free of charge,  
8 once per consumer during a 12-month period. If a request from  
9 a consumer is manifestly unfounded, excessive or repetitive,  
10 the controller may charge the consumer a reasonable fee to  
11 cover the administrative costs of complying with the request  
12 or decline to act on the request. The controller bears the  
13 burden of demonstrating the manifestly unfounded, excessive  
14 or repetitive nature of the request.

15           (4) If a controller is unable to authenticate a request  
16 to exercise a right afforded under subsection (a) (1), (2),  
17 (3) or (4) using commercially reasonable efforts, the  
18 controller shall not be required to comply with a request  
19 under this subsection and shall provide notice to the  
20 consumer that the controller is unable to authenticate the  
21 request to exercise the right until the consumer provides  
22 additional information reasonably necessary to authenticate  
23 the consumer and the consumer's request to exercise the  
24 right. A controller shall not be required to authenticate an  
25 opt-out request under subsection (a) (5), but the controller  
26 may deny an opt-out request if the controller has a good  
27 faith, reasonable and documented belief that the request is  
28 fraudulent. If a controller denies an opt-out request under  
29 subsection (a) (5) because the controller believes the request  
30 is fraudulent, the controller shall send a notice to the

1 person who made the request disclosing that the controller  
2 believes the request is fraudulent, why the controller  
3 believes the request is fraudulent and that the controller  
4 will not comply with the request.

5 (5) A controller that has obtained personal data about a  
6 consumer from a source other than the consumer shall be  
7 deemed in compliance with a consumer's request to delete the  
8 personal data in accordance with subsection (a)(3) by  
9 retaining a record of the deletion request and the minimum  
10 data necessary for the purpose of ensuring that the  
11 consumer's personal data remains deleted from the  
12 controller's records and not using such retained data for any  
13 other purpose in accordance with the provisions of this act  
14 or opting the consumer out of the processing of the data for  
15 any purpose except for those exempted under section 11(a)(3).

16 (d) Appeals.--A controller shall establish a process for a  
17 consumer to appeal the controller's refusal to take action on a  
18 request by a consumer to exercise the consumer's rights under  
19 subsection (a) within a reasonable period of time after the  
20 consumer's receipt of the decision under subsection (c)(2). The  
21 appeal process shall be conspicuously available and similar to  
22 the process for submitting requests to initiate an action under  
23 subsection (b). No later than 60 days after receipt of an  
24 appeal, the controller shall inform the consumer in writing of  
25 an action taken or not taken in response to the appeal,  
26 including a written explanation of the reason for the decision.  
27 If the appeal is denied, the controller shall also provide the  
28 consumer with an online mechanism, if available, or other method  
29 through which the consumer may contact the Attorney General to  
30 submit a complaint.

1 Section 4. Designation of authorized agent.

2 A consumer may designate another person to serve as the  
3 consumer's authorized agent and act on the consumer's behalf to  
4 opt out of the processing of the consumer's personal data for  
5 the purposes specified under section 3(a)(5). A controller shall  
6 comply with an opt-out request received from an authorized agent  
7 under section 3(a)(5) if the controller is able to verify, with  
8 commercially reasonable effort, the identity of the consumer and  
9 the authorized agent's authority to act on the consumer's  
10 behalf.

11 Section 5. Duties of controllers.

12 (a) Duties.--A controller shall have all of the following  
13 duties:

14 (1) Limit the collection of personal data to what is  
15 adequate, relevant and reasonably necessary in relation to  
16 the purposes for which the data is processed, as disclosed to  
17 the consumer.

18 (2) Except as otherwise provided in this act, refrain  
19 from processing personal data for purposes that are neither  
20 reasonably necessary to, nor compatible with, the disclosed  
21 purposes for which the personal data is processed, as  
22 disclosed to the consumer, unless the controller obtains the  
23 consumer's consent.

24 (3) Process personal data in a manner that ensures  
25 reasonable and appropriate administrative, technical,  
26 organizational and physical safeguards of personal data  
27 collected, stored and processed.

28 (4) Refrain from processing sensitive data concerning a  
29 consumer without obtaining the consumer's consent or, in the  
30 case of the processing of sensitive data concerning a known

1 child, without processing the data, in accordance with 15  
2 U.S.C. Ch. 91 (relating to children's online privacy  
3 protection).

4 (5) Refrain from processing personal data in violation  
5 of a Federal or State law that prohibits unlawful  
6 discrimination against a consumer.

7 (6) Provide an effective mechanism for a consumer to  
8 revoke the consumer's consent that is at least as easy as the  
9 mechanism by which the consumer provided the consumer's  
10 consent and, upon revocation of the consent, cease to process  
11 the data as soon as practicable, but no later than 15 days  
12 after the receipt of the request.

13 (7) Refrain from processing the personal data of a  
14 consumer for the purpose of targeted advertising or selling  
15 the consumer's personal data without the consumer's consent  
16 under circumstances where the controller has actual knowledge  
17 and willfully disregards that the consumer is younger than 16  
18 years of age.

19 (8) Refrain from discriminating against a consumer for  
20 exercising any of the consumer rights under section 3(a),  
21 including denying goods or services, charging different  
22 prices or rates for goods or services or providing a  
23 different level of quality of goods or services to the  
24 consumer.

25 (b) Construction.--Nothing in subsection (a) shall be  
26 construed to require a controller to provide a product or  
27 service that requires the personal data of a consumer that the  
28 controller does not collect or maintain nor prohibit a  
29 controller from offering a different price, rate, level, quality  
30 or selection of goods or services to a consumer, including

1 offering goods or services for no fee, if the offering is in  
2 connection with a consumer's voluntary participation in a bona  
3 fide loyalty, rewards, premium features, discounts or club card  
4 program.

5 (c) Privacy notice.--A controller shall provide a consumer  
6 with a reasonably accessible, clear and meaningful privacy  
7 notice that includes all of the following:

8 (1) The categories of personal data processed by the  
9 controller.

10 (2) The purpose for processing personal data.

11 (3) How the consumer may exercise the consumer's rights,  
12 including how the consumer may appeal the controller's  
13 decision with regard to the consumer's request under section  
14 3(d).

15 (4) The categories of personal data that the controller  
16 shares with each third party.

17 (5) The categories of each third party with which the  
18 controller shares personal data.

19 (6) An active email address or other online mechanism  
20 that the consumer may use to contact the controller.

21 (d) Disclosures.--If a controller sells personal data to a  
22 third party or processes personal data for targeted advertising,  
23 the controller shall clearly and conspicuously disclose the sale  
24 or processing and the manner in which a consumer may exercise  
25 the right to opt out of the sale or processing.

26 (e) Means to exercise rights.--

27 (1) A controller shall establish and describe in the  
28 privacy notice under subsection (c) a secure and reliable  
29 means for consumers to submit a request to exercise the  
30 consumer's rights under section 3(a). The secure and reliable

1 means under this paragraph shall take into account the manner  
2 in which a consumer normally interacts with the controller,  
3 the need for secure and reliable communication for the  
4 request and the ability of the controller to verify the  
5 identity of the consumer making the request. A controller may  
6 not require a consumer to create a new account in order to  
7 exercise the consumer's rights under section 3(a), but may  
8 require the consumer to use an existing account. The secure  
9 and reliable means shall include all of the following:

10 (i) Providing a clear and conspicuous link on the  
11 controller's Internet website to an Internet web page  
12 that enables a consumer, or an agent of the consumer, to  
13 opt out of the targeted advertising or sale of the  
14 consumer's personal data under section 3(a)(5).

15 (ii) No later than January 1, 2026, allowing a  
16 consumer to opt out of the processing of the consumer's  
17 personal data for the purpose of targeted advertising or  
18 the sale of the consumer's personal data under section  
19 3(a)(5) through an opt-out preference signal sent, with  
20 the consumer's consent, by a platform, technology or  
21 mechanism to the controller indicating the consumer's  
22 intent to opt out of the processing or sale. The  
23 platform, technology or mechanism shall comply with all  
24 of the following criteria:

25 (A) Not unfairly disadvantage another  
26 controller.

27 (B) Not make use of a default setting, but  
28 instead require the consumer to make an affirmative,  
29 freely given and unambiguous choice to opt out of the  
30 processing or sale of the consumer's personal data.

1 (C) Be consumer friendly and easy to use by the  
2 average consumer.

3 (D) Be as consistent as possible with any other  
4 similar platform, technology or mechanism required by  
5 a Federal or State law or regulation.

6 (E) Enable the controller to accurately  
7 determine whether the consumer is a resident of this  
8 Commonwealth and whether the consumer has made a  
9 legitimate request to opt out of processing or sale  
10 of the consumer's personal data.

11 (F) Be in compliance with this section. A  
12 controller that recognizes signals approved by other  
13 states shall be considered in compliance with this  
14 section.

15 (iii) If a consumer's decision to opt out of the  
16 processing of the consumer's personal data for the  
17 purpose of targeted advertising or the sale of the  
18 consumer's personal data under section 3(a)(5) through an  
19 opt-out preference signal sent under subparagraph (ii)  
20 conflicts with the consumer's existing controller-  
21 specific privacy setting or voluntary participation in a  
22 controller's bona fide loyalty, rewards, premium  
23 features, discounts or club card program, the controller  
24 shall comply with the consumer's opt-out preference  
25 signal, but may notify the consumer of the conflict and  
26 provide to the consumer the choice to confirm the  
27 controller-specific privacy setting or participation in  
28 the program.

29 (2) If a controller responds to a consumer's opt-out  
30 request under paragraph (1)(i) by informing the consumer of a

1 charge for the use of a product or service, the controller  
2 shall present the terms of a bona fide loyalty, rewards,  
3 premium features, discounts or club card program for the  
4 retention, use, sale or sharing of the consumer's personal  
5 data.

6 Section 6. Duties of processors.

7 (a) Assistance.--A processor shall adhere to the  
8 instructions of a controller and shall assist the controller in  
9 complying with the controller's duties under this act. The  
10 assistance shall include all of the following:

11 (1) Taking into account the nature of processing and the  
12 information available to the processor, by appropriate  
13 technical and organizational measures, insofar as is  
14 reasonably practicable, to fulfill the controller's duty to  
15 comply with a request by a consumer to exercise the  
16 consumer's rights under section 3(a).

17 (2) Taking into account the nature of processing and the  
18 information available to the processor, by assisting the  
19 controller in meeting the controller's duties in relation to  
20 the security of processing the personal data and in relation  
21 to the notification of a breach of security of the system of  
22 the processor.

23 (3) Providing necessary information to enable the  
24 controller to conduct and document data protection  
25 assessments.

26 (b) Contracts.--A contract between a controller and a  
27 processor shall govern the processor's data processing  
28 procedures with respect to processing performed on behalf of the  
29 controller. The contract shall be binding and clearly state the  
30 instructions for processing data, the nature and purpose of

1 processing, the type of data subject to processing, the duration  
2 of processing and the rights and obligations of both parties.  
3 The contract shall also require that the processor comply with  
4 all of the following:

5 (1) Ensure that each person processing personal data is  
6 subject to a duty of confidentiality with respect to the  
7 data.

8 (2) At the controller's direction, delete or return all  
9 personal data to the controller as requested at the end of  
10 the provision of services, unless retention of the personal  
11 data is required by Federal or State law.

12 (3) Upon the reasonable request of the controller, make  
13 available to the controller all information in the  
14 processor's possession necessary to demonstrate the  
15 processor's compliance with the provisions of this act.

16 (4) After providing the controller with an opportunity  
17 to object, engage a subcontractor pursuant to a written  
18 contract that requires the subcontractor to meet the  
19 obligations of the processor with respect to the personal  
20 data.

21 (5) Allow and cooperate with a reasonable assessment by  
22 the controller or the controller's designated assessor, or  
23 arrange for a qualified and independent assessor to conduct  
24 an assessment of the processor's policies and technical and  
25 organizational measures in support of the requirements under  
26 this act, using an appropriate and accepted control standard  
27 or framework and assessment procedure for the assessment. The  
28 processor shall provide a report of the assessment to the  
29 controller upon request.

30 (c) Construction.--Nothing in this section shall be

1 construed to relieve a controller or processor from the  
2 liabilities imposed on the controller or processor by virtue of  
3 the role of the controller or processor in the processing  
4 relationship specified under this act.

5 (d) Acting as controller or processor.--A determination of  
6 whether a person is acting as a controller or processor with  
7 respect to a specific processing of data shall be a fact-based  
8 determination that depends upon the context in which personal  
9 data is to be processed. The following shall apply:

10 (1) A person who is not limited in the person's  
11 processing of personal data pursuant to a controller's  
12 instructions or who fails to adhere to the instructions shall  
13 be a controller and not a processor with respect to a  
14 specific processing of data.

15 (2) A processor who continues to adhere to a  
16 controller's instructions with respect to a specific  
17 processing of personal data shall remain a processor.

18 (3) If a processor begins, alone or jointly with others,  
19 determining the purposes and means of the processing of  
20 personal data, the processor shall be a controller with  
21 respect to the processing and may be subject to an  
22 enforcement action under section 10.

23 Section 7. Data protection assessment.

24 (a) Assessment.--A controller shall conduct and document a  
25 data protection assessment for each of the controller's  
26 processing activities that present a heightened risk of harm to  
27 a consumer.

28 (b) Benefits and risks.--In conducting a data protection  
29 assessment under subsection (a), a controller shall identify and  
30 weigh the benefits that may flow, directly and indirectly, from

1 the processing to the controller, the consumer, other  
2 stakeholders and the public against the potential risks to the  
3 consumer's rights under section 3(a) associated with the  
4 processing, as mitigated by safeguards that can be employed by  
5 the controller to reduce the risks. The controller shall factor  
6 all of the following into the data protection assessment:

7 (1) The use of de-identified data.

8 (2) The reasonable expectations of the consumer.

9 (3) The context of the processing and the relationship  
10 between the controller and the consumer whose personal data  
11 will be processed.

12 (c) Availability of assessments.--The Attorney General may  
13 require a controller to disclose a data protection assessment  
14 under subsection (a) that is relevant to an investigation  
15 conducted by the Attorney General, and the controller shall make  
16 the data protection assessment available to the Attorney  
17 General. The Attorney General may evaluate a data protection  
18 assessment for compliance with the provisions of this act. A  
19 data protection assessment shall be confidential and exempt from  
20 disclosure under 5 U.S.C. § 552 (relating to public information;  
21 agency rules, opinions, orders, records, and proceedings) and  
22 the act of February 14, 2008 (P.L.6, No.3), known as the Right-  
23 to-Know Law. To the extent that information contained in a data  
24 protection assessment disclosed to the Attorney General under  
25 this subsection includes information subject to attorney-client  
26 privilege or work product protection, the disclosure shall not  
27 constitute a waiver of the privilege or protection.

28 (d) Comparison of processing operations.--A single data  
29 protection assessment under subsection (a) may address a  
30 comparable set of processing operations that include similar

1 activities.

2 (e) Compliance.--If a controller conducts a data protection  
3 assessment for the purpose of complying with another applicable  
4 Federal or State law or regulation, the data protection  
5 assessment shall be deemed to satisfy the requirements under  
6 this section if the data protection assessment is reasonably  
7 similar in scope and effect to the data protection assessment  
8 that would otherwise be conducted under this section.

9 (f) Applicability.--The data protection assessment  
10 requirements under this section shall apply to processing  
11 activities created or generated after July 1, 2024, and shall  
12 not apply retroactively.

13 Section 8. De-identified and pseudonymous data.

14 (a) Duties.--A controller in possession of de-identified  
15 data shall have the following duties:

16 (1) Take reasonable measures to ensure that the de-  
17 identified data cannot be associated with an individual.

18 (2) Publicly commit to maintaining and using de-  
19 identified data without attempting to re-identify the data.

20 (3) Contractually obligate a recipient of the de-  
21 identified data to comply with the provisions of this act.

22 (b) Construction.--Nothing in this act shall be construed to  
23 require a controller or processor to:

24 (1) require a controller or processor to re-identify de-  
25 identified data or pseudonymous data;

26 (2) maintain data in identifiable form or collect,  
27 obtain, retain or access data or technology in order to be  
28 capable of associating an authenticated consumer rights  
29 request under section 3(a); or

30 (3) comply with an authenticated consumer rights request

1 under section 3(a) if the controller:

2 (i) is not reasonably capable of associating the  
3 request with the personal data, or it would be  
4 unreasonably burdensome for the controller to associate  
5 the request with the consumer's personal data;

6 (ii) does not use the personal data to recognize or  
7 respond to the specific consumer who is the subject of  
8 the personal data or does not associate the personal data  
9 with other personal data about the same specific  
10 consumer; and

11 (iii) does not sell the personal data to a third  
12 party or otherwise voluntarily disclose the personal data  
13 to a third party other than a processor, except as  
14 authorized under this section.

15 (c) Pseudonymous data.--The consumer rights specified under  
16 section 3(a)(1), (2), (3) or (4) shall not apply to pseudonymous  
17 data if a controller is able to demonstrate that any information  
18 necessary to identify the consumer is kept separately and is  
19 subject to effective technical and organizational controls that  
20 prevent the controller from accessing the information.

21 (d) Oversight.--A controller that discloses pseudonymous  
22 data or de-identified data shall exercise reasonable oversight  
23 to monitor compliance with a contractual commitment to which the  
24 pseudonymous data or de-identified data is subject and shall  
25 take appropriate steps to address a breach of the contractual  
26 commitment.

27 Section 9. Exemptions on restrictions for controllers or  
28 processors.

29 (a) Legal compliance.--Nothing in this act shall be  
30 construed to restrict the ability of a controller or processor

1 to:

2 (1) comply with Federal or State laws or local  
3 ordinances or regulations;

4 (2) comply with a civil, criminal or regulatory inquiry,  
5 investigation, subpoena or summons by a Federal, State,  
6 municipal or other governmental authority;

7 (3) cooperate with a law enforcement agency concerning a  
8 conduct or activity that the controller or processor  
9 reasonably and in good faith believes may violate a Federal  
10 or State law or local ordinance or regulation;

11 (4) investigate, establish, exercise, prepare for or  
12 defend legal claims;

13 (5) provide a product or service specifically requested  
14 by a consumer;

15 (6) perform under a contract to which a consumer is a  
16 party, including fulfilling the terms of a written warranty;

17 (7) take steps at the request of a consumer prior to  
18 entering into a contract;

19 (8) take immediate steps to protect an interest that is  
20 essential for the life or physical safety of a consumer or  
21 another individual, including when processing cannot be  
22 manifestly based on the provisions of this act;

23 (9) prevent, detect, protect against or respond to a  
24 security incident, identity theft, fraud, harassment,  
25 malicious or deceptive activity or illegal activity, preserve  
26 the integrity or security of a system or investigate, report  
27 or prosecute an individual responsible for an incident  
28 specified under this paragraph;

29 (10) engage in public or peer-reviewed scientific or  
30 statistical research in the public interest that adheres to

1 all other applicable Federal or State ethics and privacy laws  
2 and is approved, monitored and governed by an institutional  
3 review board or a similar independent oversight entity that  
4 determines whether:

5 (i) the deletion of information is likely to provide  
6 substantial benefits to the research that do not  
7 exclusively accrue to the controller;

8 (ii) the expected benefits of the research outweigh  
9 the privacy risks; and

10 (iii) the controller has implemented reasonable  
11 safeguards to mitigate privacy risks associated with the  
12 research, including risks associated with re-  
13 identification;

14 (11) assist another controller, processor or third party  
15 with any of the requirements under this act; or

16 (12) process personal data for reasons of public  
17 interest in the area of public health, community health or  
18 population health, but solely to the extent that the  
19 processing is:

20 (i) subject to suitable and specific measures to  
21 safeguard the rights of the consumer whose personal data  
22 is being processed; and

23 (ii) under the responsibility of a professional  
24 subject to confidentiality obligations under Federal or  
25 State law or local ordinance.

26 (b) Data collection.--The requirements imposed on a  
27 controller or processor under this act shall not restrict the  
28 ability of a controller or processor to collect, use or retain  
29 data for internal use for any of the following purposes:

30 (1) Conducting internal research to develop, improve or

1 repair products, services or technology.

2 (2) Effectuating a product recall.

3 (3) Identifying and repairing technical errors that  
4 impair existing or intended functionality.

5 (4) Internal operations that are reasonably aligned with  
6 the expectations of a consumer or reasonably anticipated  
7 based on the consumer's existing relationship with the  
8 controller or are otherwise compatible with processing data  
9 in furtherance of the provision of a product or service  
10 specifically requested by a consumer.

11 (c) Evidentiary privilege.--The requirements imposed on a  
12 controller or processor under this act shall not apply if  
13 compliance by the controller or processor with requirements  
14 would violate an evidentiary privilege under the laws of this  
15 Commonwealth. Nothing in this act shall be construed to prevent  
16 a controller or processor from providing personal data  
17 concerning a consumer to an individual covered by an evidentiary  
18 privilege under the laws of this Commonwealth as part of a  
19 privileged communication.

20 (d) Third parties.--A controller or processor that discloses  
21 personal data to a third-party controller or third-party  
22 processor in accordance with this act shall not be deemed to  
23 have violated the provisions of this act if the third-party  
24 controller or third-party processor violates the provisions of  
25 this act if, at the time of the disclosure, the disclosing  
26 controller or processor did not have actual knowledge that the  
27 third-party controller or third-party processor would violate  
28 the provisions of this act. A third-party controller or third-  
29 party processor who receives personal data under this subsection  
30 in accordance with this act shall not be deemed to have violated

1 the provisions of this act for a violation by the disclosing  
2 controller or processor.

3 (e) Individual liberties.--Nothing in this act shall be  
4 construed to:

5 (1) impose an obligation on a controller or processor  
6 that adversely affects the rights or freedoms of an  
7 individual, including the freedom of speech or freedom of the  
8 press guaranteed in the First Amendment to the Constitution  
9 of the United States or section 7 of Article I of the  
10 Constitution of Pennsylvania; or

11 (2) apply to an individual's processing of personal data  
12 in the course of the individual's purely personal or  
13 household activities.

14 (f) Personal data.--

15 (1) Personal data processed by a controller may be  
16 processed to the extent that the processing meets all of the  
17 following criteria:

18 (i) Is reasonably necessary and proportionate to the  
19 purposes specified under this section.

20 (ii) Is adequate, relevant and limited to what is  
21 necessary in relation to the specific purposes specified  
22 under this section.

23 (2) A controller or processor that collects, uses or  
24 retains personal data under subsection (b) shall, when  
25 applicable, take into account the nature and purpose of the  
26 collection, use or retention of the personal data. The  
27 personal data under subsection (b) shall be subject to  
28 reasonable administrative, technical and physical measures to  
29 protect the confidentiality, integrity and accessibility of  
30 the personal data and reduce reasonably foreseeable risks of

1 harm to a consumer related to the collection, use or  
2 retention of the personal data.

3 (g) Exemptions.--If a controller processes personal data in  
4 accordance with an exemption under this section, the controller  
5 shall be responsible for demonstrating that the processing  
6 qualifies for the exemption and complies with the requirements  
7 under subsection (f).

8 (h) Legal entities.--The processing of personal data for the  
9 purposes expressly specified under this section shall not solely  
10 make a legal entity a controller with respect to the processing.  
11 Section 10. Penalties, enforcement and private rights of  
12 action.

13 (a) Enforcement.--The Attorney General shall have exclusive  
14 authority to enforce the provisions of this act. The following  
15 shall apply:

16 (1) During the period beginning July 1, 2024, and ending  
17 December 31, 2025, the Attorney General shall, prior to  
18 initiating an action for a violation of a provision of this  
19 act, issue a notice of violation to the controller or  
20 processor if the Attorney General determines that a cure is  
21 possible. If the controller fails to cure the violation  
22 within 60 days of receipt of the notice of violation, the  
23 Attorney General may initiate an action under this section.

24 (2) Beginning January 1, 2026, the Attorney General may,  
25 in determining whether to grant a controller or processor the  
26 opportunity to cure an alleged violation under paragraph (1),  
27 consider all of the following:

28 (i) The number of violations.

29 (ii) The size and complexity of the controller or

6 (vi) Whether the alleged violation was likely caused  
7 by human or technical error.

8 (3) The right to cure shall apply for 60 days.

9 (b) Private rights of action.--Nothing in this act shall be  
10 construed as providing the basis for a private right of action  
11 for a violation of the provisions of this act.

12 (c) Unfair trade practice.--Violations of the provisions of  
13 this act shall constitute "unfair methods of competition" and  
14 "unfair or deceptive acts or practices" under the act of  
15 December 17, 1968 (P.L.1224, No.387), known as the Unfair Trade  
16 Practices and Consumer Protection Law, and shall be enforced  
17 exclusively by the Attorney General.
