16 Section 3. Debt authorization.

17 The Governor, Auditor General and State Treasurer are hereby  
18 authorized and directed to borrow, from time to time, in  
19 addition to any authorization heretofore or hereafter enacted,  
20 on the credit of the Commonwealth, subject to the limitations  
21 provided in the current capital budget, money not exceeding in  
22 the aggregate the sum of \$163,540,000 as may be found necessary  
23 to carry out the acquisition and construction of the public  
24 improvement projects specifically itemized in a capital budget.

25 Section 4. Issue of bonds.

26 The indebtedness herein authorized shall be incurred from  
27 time to time and shall be evidenced by one or more series of  
28 general obligation bonds of the Commonwealth in such aggregate  
29 principal amount for each series as the Governor, Auditor  
30 General and State Treasurer shall determine, but the latest

1 stated maturity date shall not exceed 30 years from the date of  
2 the bond first issued for each such series.

3 Section 5. Estimated useful life of projects.

4 The General Assembly states the estimated useful life of the  
5 public improvement projects heretofore itemized is not less than  
6 30 years from the date of completion thereof, which period is  
7 hereby stated to be the term of the debt to be incurred.

8 Section 6. Appropriation.

9 The net proceeds of the sale of the obligations herein  
10 authorized are hereby appropriated from the Capital Facilities  
11 Fund to the Department of General Services in the maximum amount  
12 of \$163,540,000 to be used by it exclusively to defray the  
13 financial cost of the public improvement projects specifically  
14 itemized in a capital budget. After reserving or paying the  
15 expenses of the sale of the obligation, the State Treasurer  
16 shall pay out to the Department of General Services the moneys  
17 as required and certified by it to be legally due and payable.

18 Section 7. Federal funds.

19 In addition to those funds appropriated in section 6, all  
20 moneys received from the Federal Government for the construction  
21 of the public improvement projects specifically itemized herein  
22 are also hereby appropriated for those projects.

23 Section 8. Allocation of funds.

24 Whenever as determined by the Department of General Services  
25 the full estimated financial cost of the public improvement  
26 projects itemized in section 1 hereof are not necessary for the  
27 proper design, acquisition or construction of the projects, the  
28 excess funds no longer required may be allocated to increase the  
29 estimated cost of any one or more of the public improvement  
30 projects specifically itemized in a capital budget.

1 Section 9. Effective date.

2 This act shall take effect immediately.
