
THE GENERAL ASSEMBLY OF PENNSYLVANIA

HOUSE RESOLUTION

No. 115

Session of
1977

INTRODUCED BY IRVIS, MANDERINO, GREENFIELD, ENGLEHART, WARGO,
GOODMAN, PRENDERGAST, PARKER, POTT, BURD, FREIND, McCALL AND
B. F. O'BRIEN, JUNE 14, 1977

REFERRED TO COMMITTEE ON RULES, JUNE 15, 1977

In the House of Representatives, June 14, 1977

1 WHEREAS, Despite recent gains in the economy Pennsylvania is
2 still a job-short area; and

3 WHEREAS, The shortage of employment has a devastating effect
4 on those without jobs, depriving them of their dignity as well
5 as the means of supporting themselves and their families; and

6 WHEREAS, In addition, State and local governmental units are
7 deprived of tax revenue when there is a shortage of jobs and the
8 costs of government constantly rise because of the additional
9 demands on welfare and unemployment compensation; and

10 WHEREAS, The recent decision of Volkswagen to locate a plant
11 in Pennsylvania demonstrates that fundamentally the Keystone
12 State has the natural resources, a skilled labor force with a
13 desire to work and public officials who want to coordinate their
14 efforts at producing work for the people; and

15 WHEREAS, The problems associated with the location of
16 Volkswagen also demonstrated that the myriad layers of
17 Pennsylvania government, with their many laws, rules and

1 regulations, sometimes hamper the attraction of new industry,
2 with new jobs for Pennsylvania; and

3 WHEREAS, It is the desire of the House of Representatives of
4 the Commonwealth of Pennsylvania that the Joint State Government
5 Commission undertake a study to determine how a single agency
6 can be established to coordinate the efforts of all
7 Pennsylvanians to attract jobs; now therefore be it

8 RESOLVED, That the Joint State Government Commission be
9 directed to study the problems faced by new industries wishing
10 to locate in Pennsylvania, particularly those that are caused by
11 a lack of cooperation between units of local and State
12 government; and that the Joint State Government Commission
13 produce a plan under which a single agency would coordinate the
14 efforts of all Pennsylvanians to attract jobs; and be it further

15 RESOLVED, That the Joint State Government Commission
16 recommend changes in the law that will permit such agency to
17 function effectively; and be it further

18 RESOLVED, That the Joint State Government Commission report
19 its findings as soon as possible, but provide a preliminary
20 report not later than December 31, 1977, along with drafts of
21 legislation necessary to carry out the measures recommended. The
22 commission shall make a final report not later than June 1,
23 1978.
