17 excess funds available in the unallocated reserve of the Capital

18 Facilities Fund from previous furniture and equipment

19 appropriations.

20 Section 8. Heating systems.

21 (a) Coal requirement.--Except as provided in subsection (b),

22 any heating system or heating unit installed as part of any of

23 the public improvement projects itemized in this act shall be

24 fueled by coal.

25 (b) Exception.--Whenever it appears that it might be

26 feasible to use natural gas from wells located in Pennsylvania

27 or wood from forests located in Pennsylvania, the Secretary of

28 General Services shall compare the cost effectiveness of using

29 that fuel to the cost effectiveness of using coal and shall use

30 the fuel which he determines to be the most cost effective.

1 (c) Exemption.--Any heating system or heating unit shall be
2 exempt from the requirement of subsection (a) if the Department
3 of General Services determines that:

4 (1) the application of subsection (a) to that heating
5 system or heating unit would violate existing or reasonably
6 anticipated environmental laws or regulations;

7 (2) using coal as the fuel for that heating system or
8 heating unit would be relatively less cost effective when
9 compared to using other forms of energy, considering the
10 social and economic policy of promoting the use of coal;

11 (3) using natural gas from wells located in Pennsylvania
12 or wood from forests located in Pennsylvania as the fuel for
13 that heating system or heating unit would be cost effective
14 when compared to using coal; or

16 a cogeneration system which would use natural gas and which
17 was in or beyond the design stage prior to the effective date
18 of this act.

19 (d) Reports to the General Assembly.--The Department of
20 General Services shall report to the House and Senate
21 Appropriations Committees the basis for any determination that a
22 heating system or heating unit shall be exempt from the
23 requirement of subsection (a).

24 (e) Section not applicable.--This section shall not apply to
25 any public improvement project itemized in this act if the fuel
26 to be used in that project is specified in this act.

27 (f) Mixture with natural gas.--For the purposes of this
28 section the phrase "mixture derived, in whole or in part, from
29 coal" includes, but is not limited to, both the intermittent and
30 the simultaneous burning of natural gas with coal or a coal

1 derivative if the intermittent or simultaneous burning of
2 natural gas would:

3 (1) lower the cost of using coal or a coal derivative
4 produced from mines in Pennsylvania; or

5 (2) enable coal or a coal derivative produced from mines
6 in Pennsylvania to be burned in compliance with present and
7 reasonably anticipated environmental laws and regulations.

8 (g) Definition.--For the purposes of this section, "coal"
9 includes coal, a synthetic derived, in whole or in part, from
10 coal, or a mixture which includes coal or is derived, in whole
11 or in part, from coal.
