#### 5 CONFIDENTIALITY OF MEDICAL RECORDS

6 Section 301. Restriction on release or disclosure.

7 All health information in the possession or custody of a  
8 provider or health information user shall be confidential and  
9 may not be released or its contents disclosed to anyone, except:

10 (1) To the subject of the health information.

11 (2) To the subject's physician, provided that the  
12 subject has indicated the identity of that physician to whom  
13 such information may be released.

14 (3) To a person specifically designated in a written  
15 consent under section 302.

16 (4) To an agent, employee or medical staff member of a  
17 provider when disclosure is necessary for purposes of  
18 diagnosis or treatment.

19 (5) To prevent death or severe illness in an emergency  
20 where disclosure of health information is necessary for  
21 treatment of the subject of the health information.

22 (6) To a peer review organization or committee as  
23 defined in the act of July 20, 1974 (P.L.564, No.193), known  
24 as the Peer Review Protection Act, a nationally recognized  
25 accrediting agency, any Federal or State government agency  
26 with oversight responsibilities over health care providers,  
27 or as otherwise provided by law.

28 (7) To an insurer, but only to the extent necessary to  
29 reimburse a provider or to make payment of a claim submitted  
30 under an insured's policy.

(8) Pursuant to an order of a court of common pleas after application showing good cause with proper notice and an opportunity to be heard. The court shall weigh the need for disclosure against the privacy interest of the individual and possible harm resulting from disclosure.

Section 302. Written consent.

A written consent to disclose health information shall include:

(1) The specific name of the individual or organization permitted to make the disclosure.

(2) The name or title of the individual to whom or the name of the organization to which the disclosure is to be made.

(3) The name of the subject whose records are to be disclosed.

(4) The specific purpose or purposes of the disclosure.

(5) The amount and kind of information to be disclosed.

(6) One of the following:

(i) the signature of the subject;

(ii) if the subject is 12 years of age or younger, the signature of the subject's parent or guardian; or

(iii) if the subject is unable to sign, the signature of an individual authorized by law to make such decisions on behalf of the subject.

(7) The date on which the consent is signed.

(8) A statement that the consent is subject to revocation at any time except to the extent that the person who is to make the disclosure has already acted in reliance on it.

(9) The date, event or condition upon which the consent

1 will expire if not earlier revoked. In no event shall a  
2 written consent under this act be deemed valid more than one  
3 year after the date the consent was signed.

4 Section 303. Disclosure.

5 A disclosure may not be made on the basis of a consent which:

- 6 (1) has expired;
- 7 (2) on its face substantially fails to conform to any of  
8 the requirements set forth under section 302;
- 9 (3) is known to have been revoked; or
- 10 (4) is known by the person holding the information to be  
11 materially false.

12 Section 304. Statement.

13 Each disclosure made under this chapter must be accompanied  
14 by the following written statement:

15 This information has been disclosed to you from records  
16 the confidentiality of which is protected by Commonwealth  
17 law. Commonwealth law prohibits you from making any  
18 further disclosure of this information unless further  
19 disclosure is expressly permitted by the written consent  
20 of the person to whom it pertains. A general  
21 authorization for the release of health or other  
22 information or medical records is not sufficient for this  
23 purpose.

24 Section 305. Duty of recipient or health information user.

25 In the event that health information is disclosed under this  
26 chapter, the recipient of the health information or the health  
27 information user shall maintain the confidentiality of the  
28 health information, and necessary steps shall be taken to ensure  
29 the confidentiality of the health information consistent with  
30 the express purpose for which the information was released. The

1 health information disclosed shall not be disclosed by the  
2 recipient of the health information or a health information user  
3 to another source without the consent of the subject of the  
4 information as provided in section 302.

5 Section 306. Identity of subject.

6 Unless there is a compelling need to disclose the actual  
7 identity of the subject, all information relating to the  
8 identity of the subject or from which the identity can be  
9 reasonably determined shall not be disclosed.

10 Section 307. Record of disclosures.

11 Providers shall maintain, as a permanent part of the  
12 individual's medical records, a record of all disclosures of  
13 health information to any person or entity not employed by or  
14 directly affiliated with it. The records shall include the name  
15 and address of each person receiving the health information and  
16 a description of the information disclosed.

17 Section 308. Employers.

18 Health information may not be disclosed to an individual's  
19 employer without the written consent of the individual under  
20 section 302. No employer, including a self-insured employer, may  
21 maintain health information in an employee's personnel file or  
22 any file which is maintained for purposes other than health care  
23 delivery. Any health information in the possession of an  
24 employer or its agents shall be confidential and may not be  
25 disclosed, released or used for internal job-related purposes  
26 without the individual's consent as provided under section 302.

27 Section 309. Availability of information.

28 (a) General rule.--Any person, provider or other entity  
29 subject to the laws of this Commonwealth in possession of health  
30 information shall upon request of the subject of the health

1 information disclose to the subject of the health information or  
2 his designee the health information in its possession, or  
3 portion thereof, upon the request of the subject of the health  
4 information, at a cost not to exceed 30¢ per page. Such  
5 disclosure shall be made within 14 days.

6 (b) Errors.--

7 (1) If the subject of the health information, or a  
8 designee, discovers an error in the subject's health  
9 information, the subject, or a designee, shall be provided  
10 the opportunity to submit evidence of the error to the person  
11 or entity in possession of the health information.

12 (2) Any person or entity which had been notified of a  
13 possible error in a subject's health information shall within  
14 30 days either:

15 (i) correct the error and notify all parties to whom  
16 that person or entity has made a disclosure of the  
17 erroneous health information; or

18 (ii) notify the subject of the health information,  
19 or a designee, that to the best of its ability it  
20 believes that the health information in its possession is  
21 accurate and shall note the exception in the health  
22 information.

23 Section 310. Duty of Department of Health.

24 Within one year of the effective date of this chapter, the  
25 Department of Health shall promulgate standards for the  
26 implementation of administrative, technological and physical  
27 safeguards by providers, their agents and health information  
28 users to protect against unauthorized disclosure of individually  
29 identifiable health information.

30 Section 311. Construction.

1 Nothing in this chapter is intended to alter limitations on  
2 disclosure or release of health information or medical records  
3 that are prescribed in the laws of this Commonwealth.

4 Section 312. Penalties and remedies.

5 (a) Civil action.--Any person aggrieved by a violation of  
6 this chapter shall have a cause of action against the person or  
7 entity which committed the violation and may recover:

8 (1) Compensatory damages, but not less than liquidated  
9 damages, computed at the rate of \$1,000 for each violation.

10 (2) Punitive damages.

11 (3) Reasonable attorney fees and litigation costs.

12 (b) Criminal penalty.--Any person misrepresenting himself in  
13 an effort to obtain confidential health information on any  
14 individual or any person who knowingly releases or discloses  
15 health information contrary to this chapter commits a felony of  
16 the third degree.

17 (c) Each disclosure separate.--Each disclosure of health  
18 information in violation of this chapter shall be considered a  
19 separate violation for purposes of civil liability.

20 CHAPTER 5

21 FINANCIAL INCENTIVE RESTRICTIONS

22 Section 501. Certain compensation prohibited.

23 A managed care plan may not use any financial incentives that  
24 compensate a health care provider for ordering or providing less  
25 than medically necessary and appropriate care to enrollees.

26 Section 502. Renegotiation of contracts.

27 In addition to the reasons specified in section 8(a) of the  
28 act of December 29, 1972 (P.L.1701, No.364), known as the Health  
29 Maintenance Organization Act, the Secretary of Health shall have  
30 the authority to require renegotiations of any managed care

1 provider contract if the contract includes incentives for  
2 providers to provide inadequate or poor quality care of if the  
3 payment arrangement could have the capacity to lead to  
4 inadequate or poor quality care.

5 Section 503. Construction.

6 Nothing in this chapter shall be deemed to prohibit a managed  
7 care plan from using a capitation payment arrangement.

8 CHAPTER 7

9 HEALTH INSURANCE POLICY DISCLOSURES

10 Section 701. Health insurance policy disclosure.

11 (a) General rule.--Each health insurance policy offered to  
12 the public within this Commonwealth shall provide disclosure

15 (b) Content of disclosure form.--Each disclosure form shall  
16 contain at least all of the following information:

17 (1) A separate roster of the health insurer's primary  
18 care physicians who are licensed under the act of December  
19 20, 1985 (P.L.457, No.112), known as the Medical Practice Act  
20 of 1985, or the act of October 5, 1978 (P.L.1109, No.261),  
21 known as the Osteopathic Medical Practice Act, including the  
22 physician's degree, practice specialty, initial year of  
23 licensure and year licensed to practice in Pennsylvania.

24 (2) In concise and specific terms:

25 (i) The full premium cost of the health insurance  
26 policy.

27 (ii) Any copayment, coinsurance or deductible  
28 requirements that an insured or the insured's family may  
29 incur in obtaining coverage under the health insurance  
30 policy and any reservation by the health insurance policy

1 to change premiums.

2 (iii) The health care benefits to which an insured  
3 would be entitled. The disclosure shall state where and  
4 in what manner an insured may obtain services, including  
5 the procedures for selecting or changing primary care  
6 physicians and the locations of hospitals and outpatient  
7 treatment centers that are under contract with the health  
8 insurer.

9 (3) Any limitations of the services, kinds of service,  
10 benefits and exclusions that apply to the health insurance  
11 policy. A description of limitations shall include:

12 (i) Procedures for emergency room, nighttime or

19 (iv) A statement regarding whether or not providers  
20 must comply with any specified numbers, targeted averages

22 are required of providers, the disclosure shall state the  
23 specific requirements.

24 (v) The procedure to be followed by an insured for  
25 consulting a physician other than the primary care  
26 physician and whether the insured's primary care  
27 physician, the health insurer's medical director or a  
28 committee must first authorize the referral.

29 (vi) Whether a point of service option is available  
30 and, if so, how it is structured.

1           (4) Grievance procedures for claim or treatment denials,  
2           dissatisfaction with care and access to care issues.

3           (5) A response to whether an insurer's physician is  
4           restricted to prescribing drugs from the health insurer's  
5           list or formulary and the extent to which an insured will be  
6           reimbursed for costs of a drug that is not on the health  
7           insurer's list or formulary.

8           (6) A response to whether provider compensation programs  
9           include any incentives or penalties that are intended to  
10          encourage providers to withhold services or minimize or avoid  
11          referrals to specialists. If these types of incentives or  
12          penalties are included, the health insurer shall provide a  
13          concise description of them. The health insurer may also  
14          include, in a separate section, a concise explanation or  
15          justification for the use of these incentives or penalties.

16          (7) A statement that the disclosure form is a summary  
17          only and that evidence of coverage is determined by the

19          policy.

20          (c) Approval prerequisite.--A health insurer shall not  
21          disseminate a completed disclosure form until that form has been  
22          approved by the Insurance Commissioner. For purposes of this  
23          section, a health insurer is not required to submit to the  
24          Insurance Commissioner its separate roster of plan physicians or  
25          any roster updates.

26          (d) Information to employers.--Upon request, a health  
27          insurer shall provide the information required under subsection  
28          (b) to all employers who are considering participating in a  
29          health insurance policy that is offered by the health insurer or  
30          to an employer that is considering renewal of a health insurance

1 policy that is provided by the health insurer.

2 Section 702. Duty of employers.

3 (a) Disclosure to employees.--An employer shall provide to  
4 its eligible employees the disclosures required under section

6 period or at least ten days before any employee enrollment  
7 deadline that is not associated with an open enrollment period.

8 (b) Contract without disclosure prohibited.--An employer  
9 shall not execute a contract with a health insurer until the  
10 employer receives the information required under section 701(b).

11 (c) Limitation on other employment and interests.--No  
12 individual who serves as a Consumer Advocate for Insurance  
13 shall, while serving in the position, engage in any business,

15 inconsistent with the official responsibilities, nor shall the  
16 individual seek or accept employment nor render beneficial

7 engage in any business, vocation or other employment, or have  
8 other interests, inconsistent with official responsibilities.

9 Section 904. Powers and duties of Consumer Advocate for  
10 Insurance.

11 (a) General powers and duties.--In addition to any other

15 consumers as a party, or otherwise participate for the purpose  
16 of representing an interest of consumers, before the department  
17 in any matter properly before the department, and before any

1 refrain from intervening when, in the judgment of the Consumer  
2 Advocate for Insurance, intervention is not necessary to  
3 represent adequately the interest of consumers.

### 26 SAFEGUARDS UNDER MANAGED CARE PLANS

27 Section 1501. Definitions.

28 The following words and phrases when used in this chapter  
29 shall have the meanings given to them in this section unless the  
30 context clearly indicates otherwise:

1 "Emergency room services." Health care services provided  
2 after the sudden onset of a medical condition that manifests  
3 itself by acute symptoms of sufficient severity, including  
4 severe pain, such that a prudent layperson who possesses an  
5 average knowledge of health and medicine could reasonably expect  
6 the absence of immediate medical attention to result in:

7 (1) placing the health of the individual, or with  
8 respect to a pregnant woman, the health of the woman or her  
9 unborn child, in serious jeopardy;

10 (2) serious impairment to bodily functions; or

11 (3) serious dysfunction of any bodily organ or part.

12 "Enrollee." An individual who is enrolled in a managed care  
13 plan operated by a managed care entity.

14 "Health care provider." A clinic, hospital, physician  
15 organization, preferred provider organization, independent  
16 practice association or other appropriately licensed provider of  
17 health care services or supplies.

18 "Managed care entity." Any entity including a licensed  
19 insurance company, hospital or medical service plan, health  
20 maintenance organization, third party administrator or any  
21 person or entity that establishes, operates or contracts with a  
22 network of participating health care professionals.

23 "Managed care plan." A plan operated by a managed care  
24 entity that provides for the financing and delivery of health  
25 care services to persons enrolled in the plan, with financial  
26 incentives for persons enrolled in the plan to use the  
27 participating health care professionals and procedures covered  
28 by the plan.

29 "Primary care provider" or "PCP." A provider who supervises,  
30 coordinates and provides initial and basic care to enrollees,

1 who initiates their referral for specialist care and who  
2 maintains continuity of patient care. Providers may only  
3 administer care within the scope of their practice.

4 "Referral." A prior authorization from the managed care plan  
5 or an authorized provider that allows an enrollee to have one or  
6 more appointments with a health care provider for consultation,  
7 diagnosis or treatment of a medical condition, to be covered as  
8 a benefit under the enrollee's managed care plan contract. An  
9 enrollee or a primary care provider shall be able to select any  
10 specialist for referral within the plan's network.

11 "Specialist." A health care provider whose practice is not  
12 limited to primary care medical services and who has additional  
13 postgraduate or specialized training, board certification or  
14 practice in a licensed, specialized area of health care. The  
15 term shall include a provider who is not classified by a plan  
16 solely as a primary care provider.

17 Section 1502. Emergency room services.

18 (a) General rule.--A managed care plan shall include  
19 provisions approved by the secretary that, in the event an  
20 enrollee seeks emergency room services and if in the opinion of  
21 the emergency health care provider responsible for the  
22 enrollee's emergency care and treatment these services are  
23 necessary, the emergency provider may initiate necessary  
24 intervention to evaluate and stabilize the condition of the  
25 enrollee without seeking or receiving authorization from the  
26 managed care plan.

27 (b) Payment of costs.--The managed care plan shall be  
28 required to pay for all reasonably necessary costs associated  
29 with the emergency services provided during the period of the  
30 emergency.

1 (c) Criteria for claim processing.--When processing a claim  
2 for reimbursement of emergency services, a managed care plan  
3 shall consider both the symptoms and services provided using the  
4 prudent layperson standard described under the definition of  
5 "emergency room services" in section 1501. The provider shall  
6 notify the enrollee's managed care plan of the provision of  
7 emergency services and the condition of the enrollee.

8 (d) Relocation to another facility.--If an enrollee's  
9 condition has stabilized and the enrollee can be transported to  
10 another facility or service without suffering detrimental  
11 consequences or aggravating the enrollee's condition, the  
12 enrollee may be relocated to another facility which will provide  
13 continued care and treatment as necessary.

14 Section 1503. Continuing care upon termination of provider.

15 (a) General rule.--Except as provided in subsection (b), if  
16 a managed care plan terminates its contract with a participating  
17 health care provider or a primary care provider at the plan's  
18 initiative, an enrollee who has selected that provider or PCP to  
19 receive covered services may continue an ongoing course of  
20 treatment with that provider or PCP, at the enrollee's option,  
21 for a transitional period of up to 90 days from the date the  
22 enrollee was notified by the plan of the termination. The  
23 managed care plan, in consultation with the enrollee and the  
24 provider or PCP, may extend this transitional period if  
25 determined to be clinically appropriate. In the case of an  
26 enrollee in the second or third trimester of pregnancy at the  
27 time of notice of the termination, the transitional period shall  
28 extend through postpartum care related to the delivery. Any  
29 health care service provided in accordance with this section  
30 shall be covered by the managed care plan under the same terms

1 and conditions extended to the enrollee while the provider or  
2 PCP was participating in the managed care plan.

3 (b) Exception.--If a participating health care provider or  
4 PCP is terminated at the plan's initiative for fraud, criminal  
5 activity or posing a danger to an enrollee or the public health,  
6 safety or welfare as determined by the plan, the plan shall not  
7 be responsible for covered services provided to the enrollee  
8 following the date of termination for cause of the provider or  
9 PCP.

10 (c) Notice of contract termination.--Whenever a plan  
11 terminates its contract with a PCP, each of the PCP's enrollees  
12 shall be notified by the plan of the termination and shall be  
13 requested to select another PCP.

14 (d) Option of new enrollee.--A new enrollee, at the  
15 enrollee's option, may continue an ongoing course of treatment  
16 with a nonparticipating health care provider or PCP for a  
17 transitional period of up to 90 days from the effective date of  
18 enrollment in a managed care plan. The managed care plan, in  
19 consultation with the enrollee and the provider or PCP, may  
20 extend this transitional period if determined to be clinically  
21 appropriate. In the case of a new enrollee in the second or  
22 third trimester of pregnancy on the effective date of  
23 enrollment, the transitional period shall extend through  
24 postpartum care related to the delivery. Any health care service  
25 provided in accordance with this section shall be covered by the  
26 managed care plan under the same terms and conditions as  
27 applicable for participating providers and primary care  
28 providers.

29 (e) Nonparticipating health care provider.--A managed care  
30 plan may require a nonparticipating health care provider or PCP

1 whose services are covered in accordance with this section to  
2 meet the same terms and conditions as participating providers  
3 and primary care providers.

4 (f) Construction.--Nothing in this section shall require a  
5 managed care plan to cover services or provide benefits that are  
6 not otherwise covered under the terms and provisions of the  
7 plan.
