AN ACT

1 Amending the act of May 1, 1933 (P.L.216, No.76), entitled "An
2 act relating to dentistry; defining and providing for the
3 licensing and registration of dentists and dental hygienists,
4 and for the revocation and suspension of such licenses and
5 registrations, subject to appeal, and for their
6 reinstatement; defining the powers and duties of the State
7 Dental Council and Examining Board and the Department of
8 Public Instruction; providing penalties; and repealing
9 existing laws," further providing for the definitions of
10 "dental hygienist" and "board"; providing for the definition
11 of "independent dental hygiene practitioner"; further
12 providing for the general powers of the State Board of
13 Dentistry and for radiologic procedures, education and
14 training; and providing for the independent practice of
15 dental hygienists.

16 The General Assembly of the Commonwealth of Pennsylvania
17 hereby enacts as follows:

18 Section 1. The definitions of "dental hygienist" and "board"
19 in section 2 of the act of May 1, 1933 (P.L.216, No.76), known
20 as The Dental Law, amended February 9, 1984 (P.L.23, No.9), are

1 amended and the section is amended by adding a definition to
2 read:

3 Section 2. Definitions.--* * *

4 A "Dental Hygienist" is one who is legally licensed as such
5 by the [said dental council and examining board] State Board of
6 Dentistry to perform those educational, preventive, and
7 therapeutic services and procedures that licensed dental
8 hygienists are educated to perform. Licensed dentists may assign
9 to [their employed] dental hygienists intra-oral procedures
10 which the hygienists have been educated to perform and which
11 require their professional competence and skill but which do not
12 require the professional competence and skill of the [employer-
13 dentist] dentist. Such assignments shall be under the
14 supervision of a licensed dentist. Such performance of intra-
15 oral procedures by licensed dental hygienists shall be in the
16 private office of a dentist or public or private institution
17 such as schools, hospitals, orphanages, and sanatoria or State
18 health cars. Dental hygienists certified as independent dental
19 hygiene practitioners may perform intra-oral procedures without
20 the assignment of a dentist pursuant to section 11.9. The
21 foregoing shall not be construed as authorizing the assignment
22 of diagnosing, treatment planning and writing prescriptions for
23 drugs or writing authorizations for restorative, prosthetic, or
24 orthodontic appliances. The board shall issue rules setting
25 forth the necessary education and defining the procedures that
26 may be performed by dental hygienists licensed under this act
27 including those procedures that may be performed under direct
28 and general supervision.

29 The word "board," as used in this act, means the [State
30 Dental Council and Examining Board] State Board of Dentistry.

2 "Independent Dental Hygiene Practitioner" means a licensed
3 dental hygienist who may perform educational, preventative,
4 therapeutic and intra-oral procedures which the hygienist is
5 educated to perform and which requires the hygienist's
6 professional competence and skill but which do not require the
7 professional competence and skill of a dentist without the
8 authorization, assignment or examination of a dentist, and who
9 is certified by the State Board of Dentistry as having satisfied
10 the requirements of section 11.9. Independent dental hygiene
11 practitioners may only engage in professional practice in the
12 practice sites enumerated in section 11.9(b).

13 Section 2. Section 3(d) of the act, amended December 27,
14 1994 (P.L.1361, No.160), is amended to read:

15 Section 3. General Powers of the State Board of Dentistry.--
16 The State Board of Dentistry (hereinafter called the board)
17 shall have the following powers and duties:

18 * * *

19 (d) To provide for and to regulate the licensing, and to
20 license as a dental hygienist, after examination, any duly
21 qualified person, not less than eighteen years of age, of good
22 moral character, not addicted to the use of intoxicating liquor
23 or narcotic drugs, who has obtained the required education[,
24 together with a certificate or diploma from an approved
25 institution or college] for the training of dental hygienists[.]
26 from an approved institution or college that meets or exceeds
27 the minimum standards established by an approved United States
28 Department of Education-recognized regional accrediting agency
29 or the American Dental Association Commission on Dental

5 1985 (P.L.513, No.118), is amended and the section is amended by
6 adding subsections to read:

8 Required.--(a) On and after January 1, 1987, no auxiliary
9 personnel except dental hygienists and independent dental
10 hygiene practitioners shall perform radiologic procedures on the
11 premises of the dentist unless such person is under the direct
12 supervision of a dentist who is on the premises at the time the
13 X-ray is taken and unless such person has passed an examination
14 approved by the board and administered in accordance with
15 section 812.1 of the act of April 9, 1929 (P.L.177, No.175)
16 known as "The Administrative Code of 1929."

19 act, an independent dental hygiene practitioner may perform
20 radiological procedures in any setting without supervision of a
21 dentist on or after the effective date of this subsection.

22 (f) A dental hygienist may perform radiologic procedures in
23 any setting under the general supervision of a licensed dentist.
24 For the purposes of this subsection, "general supervision" means

26 dental treatment plan, authorizes the performance of the
