REFERRED TO COMMITTEE ON APPROPRIATIONS, MARCH 29, 2007

AN ACT

1 Providing for Commonwealth support for a Specialty Teacher Loan
2 Forgiveness Program for Pennsylvania residents who graduate
3 from institutions of higher education and who apply their
4 degrees to teaching certain subjects in urban and rural
5 public schools in this Commonwealth and for Commonwealth
6 support for a Professional Personnel Recruitment Initiative
7 Program to provide grants to certain institutions of higher
8 education; and making appropriations.

9 The General Assembly of the Commonwealth of Pennsylvania
10 hereby enacts as follows:

11 CHAPTER 1

12 GENERAL PROVISIONS

13 Section 101. Short title.

14 This act shall be known and may be cited as the Teach for
15 Pennsylvania Program Act.

16 Section 102. Findings and declaration of intent.

17 The General Assembly finds and declares that:

18 (1) The number of college students planning to enter the
19 teaching profession in urban and rural areas appears to be

1 inadequate to meet the need for specialty teachers in those
2 public schools.

3 (2) Demand from industry and other opportunities attract
4 existing and potential teachers away from specialty teaching
5 positions in urban and rural public school districts of this
6 Commonwealth.

7 (3) The pool of qualified specialty teachers, especially
8 math, reading, computer science, science and special
9 education, and principals has diminished.

10 (4) Economically hard-pressed urban and rural school
11 districts find it difficult to attract qualified specialty
12 teachers or principals from the diminished pool.

13 (5) Payment of a portion of student loans for certified
14 specialty teachers serves the important public purpose of
15 encouraging new teachers to teach in rural and urban areas of
16 this Commonwealth.

17 Section 103. Definitions.

18 The following words and phrases when used in this act shall
19 have the meanings given to them in this section unless the

28 education needs of a designated urban or rural public school
29 district. The secretary's determination of the specialty teacher
30 certification categories for each eligible urban or rural public

1 school district shall be based on recommendations from the
2 school district's superintendent regarding recruitment or
3 personnel needs for specialty teachers or information from the
4 Department of Education, organized by school district, which
5 demonstrates any distribution of emergency, special temporary or
6 special permanent teacher certificates for specialty category or
7 subject areas.

8 "Designated urban or rural public school district." An
9 eligible urban or rural public school district which the

11 system for determining which applicants receive loan forgiveness
12 awards.

13 Section 304. Responsibility of agency.

14 It shall be the responsibility of the agency to administer

25 Recruitment efforts regarding highly qualified teachers shall be
26 limited to individuals who will teach in a designated specialty
27 teacher certification category. All recruitment efforts paid for
28 by these funds shall be directed to providing teachers and

23 (4) A plan demonstrating how potential teachers and
24 principals will be recruited for participation in a program.
25 The plan must assure that recruitment efforts will result in
26 an increase in candidates above the average numbers prepared
