

THE GENERAL ASSEMBLY OF PENNSYLVANIA

HOUSE BILL

No. 1879 Session of
2009

INTRODUCED BY KILLION, DAY, EVERETT, HARHART, MANN, MILNE, MOUL,
MURT, MYERS, O'NEILL, PHILLIPS, QUINN, RAPP, SIPTROTH,
SWANGER, WATSON, YOUNGBLOOD, ADOLPH AND BARRAR, JULY 22, 2009

REFERRED TO COMMITTEE ON PROFESSIONAL LICENSURE, JULY 22, 2009

AN ACT

1 Providing for identification badge for licensed health care
2 practitioner and for penalties.

3 The General Assembly of the Commonwealth of Pennsylvania
4 hereby enacts as follows:

5 Section 1. Short title.

6 This act shall be known and may be cited as the Health Care
7 Practitioner Identification Badge Act.

8 Section 2. Purpose.

9 It is the purpose of this act to provide a uniform standard
10 in health care settings by which patients can be apprised of the
11 identity and licensure credentials of individuals who provide
12 health care services to them.

13 Section 3. Definitions.

14 The following words and phrases when used in this act shall
15 have the meanings given to them in this section unless the
16 context clearly indicates otherwise:

17 "Board." The State Board of Medicine, the State Board of

Osteopathic Medicine, the State Board of Dentistry, the State Board of Podiatry, the State Board of Nursing, the State Board of Optometry, the State Board of Chiropractic, the State Board of Physical Therapy, the State Board of Pharmacy, the State Board of Psychology, the State Board of Examiners in Speech-Language and Hearing, the State Board of Occupational Therapy Education and Licensure and the State Board of Social Workers, Marriage and Family Therapists and Professional Counselors.

"Bureau." The Bureau of Professional and Occupational Affairs within the Department of State.

"Health care practitioner." An individual who is authorized to practice a component of the healing arts by a license, permit, certificate or registration issued by a licensing board within the Department of State.

Section 4. Identification badge required.

(a) Requirement.--When treating a patient, working in a health care facility or when engaged in face-to-face contact with the public in a professional capacity, a health care practitioner shall wear an identification badge displaying the practitioner's name and photograph and the license, certification or registration held by the practitioner.

(b) Type of badge.--The identification badge shall be designed in accordance with the standards set forth under section 5.

Section 5. Standards.

Badges must comply with the following standards:

(1) The overall size of the badge shall be at least three and one-fourth inches by two inches.

(2) A photograph of the practitioner shall be on the badge and shall be at least one and one-fourth inches by one

and one-fourth inches in size.

(3) The name and degree of the practitioner shall be in 12-point bold-face type.

(4) The professional license, certification or registration designation of the practitioner shall be in 18-point type and shall occupy a one-half inch wide strip along the bottom edge of the badge.

Section 6. Issuance.

The board shall issue two identification badges required under this act to a practitioner upon the issuance of an original or renewed professional license, certificate or registration to a practitioner.

Section 7. Exceptions.

(a) General exceptions.--A health care practitioner shall not be required to wear an identification badge while engaged in procedures requiring full sterile dress or procedures requiring other protective clothing or covering. Identification of the practitioner may be limited to first name only and professional designation when full name identification may place the personal safety of the practitioner in jeopardy or interfere with the therapeutic relationship between the practitioner and a patient.

(b) Other exceptions.--The bureau may designate additional exceptions consistent with paragraph (a).

Section 8. Alternative identification badges.

A hospital, nursing home, pharmacy, physician practice or other health care facility may issue an identification badge to a practitioner practicing in that facility, which may be worn in lieu of the identification badge required under this act if:

(1) the badge comports with the standards set forth under section 5; and

1 (2) approval is granted by the bureau.

2 Section 9. Violation.

3 A violation of this act is a ground for disciplinary action
4 against the health care practitioner by the practitioner's
5 licensing board or other regulatory authority.

6 Section 10. Effective date.

7 This act shall take effect in 60 days.
