28	(1) (Reserved).		
29	Section 73. Limitation on expenditure of funds.		
30	The following shall apply:		

1           (1) Any moneys derived from the incurring of debt shall  
2       be used solely for effecting the rehabilitation, replacement  
3       or removal of bridges located on State highways. All other  
4       bridge rehabilitation, replacement or removal shall be  
5       financed from current revenue.

6           (2) Notwithstanding any law to the contrary, the  
7       projects itemized in the act of December 8, 1982 (P.L.848,  
8       No.235), known as the Highway-Railroad and Highway Bridge  
9       Capital Budget Act for 1982-1983, may be financed from  
10      current revenue.

11 Section 74 Debt authorization.

12       The Governor, Auditor General and State Treasurer are hereby  
13      authorized and directed to borrow from time to time, in addition  
14      to any authorization heretofore or hereafter enacted, on the  
15      credit of the Commonwealth, subject to the limitations provided  
16      in the current capital budget, money not exceeding in the  
17      aggregate the sum of \$000,000,000 as may be found necessary to  
18      carry out the acquisition and construction of the State projects  
19      specifically itemized in this act.

20 Section 75. Issue of bonds.

21       The indebtedness authorized in this act shall be incurred  
22      from time to time and shall be evidenced by one or more series  
23      of general obligation bonds of the Commonwealth in such  
24      aggregate principal amount for each series as the Governor,  
25      Auditor General and State Treasurer shall determine, but the  
26      latest stated maturity date shall not exceed 30 years from the  
27      date of the bond first issued for each series.

28 Section 76. Estimated useful life of projects.

29       The General Assembly states the estimated useful life of the  
30      projects itemized in this act as 30 years.

1 Section 77. Appropriation.

2 The net proceeds of the sale of the obligations authorized in  
3 this act are hereby appropriated from the Capital Facilities  
4 Fund to the department in the maximum amount of \$000,000,000 to  
5 be used by it exclusively to defray the financial costs of the  
6 State projects specifically itemized in this capital budget.

7 After reserving or paying the expenses of the sale of the  
8 obligation, the State Treasurer shall pay out to the department  
9 the moneys as required and certified by it to be legally due and  
10 payable.

11 Section 78. Federal funds.

12 In addition to those funds appropriated in section 77, all  
13 moneys received from the Federal Government for the public  
14 improvement projects specifically itemized in this act are also  
15 hereby appropriated for those projects.

16 Section 79. Allocation of funds.

17 (a) General rule.--Whenever the department or the Department  
18 of Conservation and Natural Resources determines that the full  
19 estimated financial costs of the projects itemized in this act  
20 are not necessary for the proper design, acquisition or  
21 construction of such projects, the excess funds no longer  
22 required may be allocated by the department or the Department of  
23 Conservation and Natural Resources to increase the estimated  
24 costs of any one or more of the projects specifically itemized  
25 in a capital budget.

26 (b) Reimbursement of municipal expenditures.--Moneys raised  
27 or expended by municipalities after the effective date of this  
28 act, in anticipation of receipt of funds authorized for projects  
29 itemized by this act, may be reimbursable to those  
30 municipalities.

1 Section 80. Policy on jobs and materials.

2 (a) Jobs.--It is the declared policy of the Commonwealth  
3 that the construction projects authorized in this act be used,  
4 to the greatest extent possible, to provide for the creation of  
5 jobs and the rehiring of the unemployed in this Commonwealth. In  
6 order to reach this goal, firms with Commonwealth-based  
7 facilities shall be actively solicited to make bids on contracts  
8 to furnish products and materials, including, but not limited  
9 to, steel and steel products, to be used in these projects.

10 (b) Materials.--Every contract document entered into to  
11 undertake a project contained in this act shall provide that any  
12 steel or other products to be used or supplied in the  
13 performance of this contract shall be required to be  
14 manufactured by plants in the United States unless the secretary  
15 determines, on a contract by contract basis, that certain  
16 required products are not produced in the United States in  
17 sufficient quantities to meet the requirements of the contract.  
18 Such a determination and the reasons therefor shall be published  
19 in the Pennsylvania Bulletin. Decisions made under this  
20 subsection shall not be inconsistent with the general provisions  
21 of the act of March 3, 1978 (P.L.6, No.3), known as the Steel  
22 Products Procurement Act.

23 (c) Minorities and women.--It is also the declared policy of  
24 the Commonwealth to require and encourage substantial  
25 participation by minorities and women in the construction  
26 projects authorized by this act.

27 Section 81. Payment of capital debt service.

28 The repayment of any debt incurred pursuant to this act shall  
29 be made from the account and such repayment shall have first  
30 claim on the revenues of the account.

1 Section 82. Authorization and debt cumulation.

2 The additional authorization and debt allowance provided for  
3 in this act shall be added to the total authorizations and debt  
4 incurred pursuant to the act of December 8, 1982 (P.L.848,  
5 No.235), known as the Highway-Railroad and Highway Bridge  
6 Capital Budget Act for 1982-1983, as amended and supplemented.

7 Section 83. Editorial changes.

8 In editing and preparing this act for printing following the  
9 final enactment, the Legislative Reference Bureau shall insert  
10 or revise letters or numbers for projects where the letters or  
11 numbers are missing or require revision. The bureau shall also  
12 revise the total monetary amounts for the total authorization,  
13 debt authorization, appropriations and departmental totals as  
14 necessary to agree with the total monetary amounts of the  
15 projects.

16 Section 84. Effective date.

17 This act shall take effect immediately.
