## A RESOLUTION

1 Designating the month of September 2016 as "Childhood Cancer  
2 Awareness Month" in Pennsylvania, honoring those young people  
3 who have lost their lives to childhood cancer, expressing  
4 gratitude to the doctors and nurses who provide special care  
5 to patients and families affected by childhood cancer, and  
6 encouraging all residents to join the fight against childhood  
7 cancer in this Commonwealth.

8 WHEREAS, Childhood cancers make up less than 1% of all  
9 cancers diagnosed each year and childhood cancer rates have been  
10 rising slightly for the past few decades; and

11 WHEREAS, Childhood cancer is the second leading cause of  
12 death in children under the age of 15, exceeded only by  
13 accidents, and about 1,250 children are expected to die of  
14 cancer in 2016; and

1 WHEREAS, The American Cancer Society estimates that about  
2 10,380 children in the United States under the age of 15 will be  
3 diagnosed with cancer in 2016; and

4 WHEREAS, The potential years of life lost to childhood cancer  
5 and the potential years of life saved by treatment exceed all  
6 other cancers with the exception of breast cancer; and

8 and families must face the disruption of moving to receive  
9 treatment at a regional cancer center; and

10 WHEREAS, Because of major treatment advances in recent  
11 decades, more than 80% of children with cancer now survive five  
12 years or more; and

13 WHEREAS, This is a huge increase since the mid-1970s, when  
14 the five-year survival rate was less than 60%; and

15 WHEREAS, Survival rates vary depending on the type of cancer  
16 and other factors; and

17 WHEREAS, There is significant progress that still must be  
18 made with regard to childhood cancer treatment because there are  
19 many types of childhood cancer, and some varieties with lower  
20 survival rates are still very difficult to treat; and

21 WHEREAS, Pennsylvania is a leader in the fight against and  
22 treatment of childhood cancer with six Children's Oncology Group  
23 hospitals, St. Christopher's Hospital for Children, The  
24 Children's Hospital of Philadelphia, Geisinger Medical Center,  
25 Lehigh Valley Hospital - Muhlenburg, Hershey Medical Center and  
26 Children's Hospital of Pittsburgh; and

27 WHEREAS, Two of only 10 institutions in the Pediatric Brain  
28 Tumor Consortium are in Pennsylvania, The Children's Hospital of  
29 Philadelphia and Children's Hospital of Pittsburgh, and Penn  
30 State Hershey Children's Hospital is one of only 11 institutions
