19 CHAPTER 5

20 (RESERVED)

21 CHAPTER 7

22 MISCELLANEOUS PROVISIONS

23 Section 701. Debt authorization.

24 The Governor, Auditor General and State Treasurer are hereby
25 authorized and directed to borrow from time to time, in addition
26 to any authorization heretofore or hereafter enacted, on the
27 credit of the Commonwealth, subject to the limitations provided
28 in the current capital budget, money not exceeding in the
29 aggregate the sum of \$7,101,889,486 as may be found necessary to
30 carry out the acquisition and construction of the State projects

1 specifically itemized in this act.

2 Section 702. Issue of bonds.

3 The indebtedness authorized in this act shall be incurred
4 from time to time and shall be evidenced by one or more series
5 of general obligation bonds of the Commonwealth in such
6 aggregate principal amount for each series as the Governor,
7 Auditor General and State Treasurer shall determine, but the
8 latest stated maturity date shall not exceed 30 years from the
9 date of the bond first issued for each series.

10 Section 703. Estimated useful life of projects.

11 The General Assembly states the estimated useful life of the
12 projects itemized in this act as 30 years.

13 Section 704. Appropriation.

14 The net proceeds of the sale of the obligations authorized in
15 this act are hereby appropriated from the Capital Facilities
16 Fund to the Department of Transportation in the maximum amount
17 of \$7,101,889,486 to be used by it exclusively to defray the
18 financial costs of the State projects specifically itemized in
19 this capital budget. After reserving or paying the expenses of
20 the sale of the obligation, the State Treasurer shall pay out to
21 the Department of Transportation the moneys as required and
22 certified by it to be legally due and payable.

23 Section 705. Federal funds.

24 In addition to those funds appropriated in Chapter 3, all
25 money received from the Federal Government for the projects
26 specifically itemized in this act are also hereby appropriated
27 for those projects.

28 Section 706. Allocation of funds.

29 Whenever as determined by the Department of Transportation
30 that the full estimated financial costs of the projects itemized

1 in this act are not necessary for the proper design, acquisition
2 or construction of such projects, the excess funds no longer
3 required may be allocated by the Department of Transportation to
4 increase the estimated costs of any one or more of the projects
5 specifically itemized in a capital budget.

6 Section 707. Editorial changes.

7 In editing and preparing this act for printing following the
8 final enactment, the Legislative Reference Bureau shall insert
9 or revise letters or numbers for projects where the letters or
10 numbers are missing or require revision. The bureau shall also
11 revise the total monetary amounts for the total authorization,
12 debt authorization, appropriations and departmental totals as
13 necessary to agree with the total monetary amounts of the
14 projects.

15 Section 708. Effective date.

16 This act shall take effect immediately.
