SUMMARY: Senate Bill 1292, printer's number 1961, provides for the Capital Budget Act of 2016-17. This legislation would take effect October 1, 2016, or immediately, whichever is later.

ANALYSIS: The bill specifies the maximum principal amount of debt to be incurred during the 2016-17 fiscal year for capital projects itemized in a capital projects itemization bill.

FISCAL IMPACT: In addition to the amortization of the principal amount of bonds, the Commonwealth will incur the additional cost for the interest on the bonds that are sold. While the exact costs cannot be determined since costs will be dependent upon the timing of bond sales and interest rate(s) at the time of the sale, estimated debt service on each $\$ 100,000,000$ of bonds sold would be $\$ 140,086,000$ assuming level annual debt service and an interest rate of $3.45 \%$. Estimated annual debt service assuming the same interest rate and level annual debt service would be $\$ 7,004,000$ for twenty years. If the full authorization of $\$ 1,100,000,000$ were sold at an interest rate of $3.45 \%$, total estimated debt service would be $\$ 1,540,949,000$ or $\$ 77,047,000$ each year for twenty years.
