

# HOUSE COMMITTEE ON APPROPRIATIONS

## FISCAL NOTE

HOUSE BILL NO. 1532

PRINTERS NO. 2195

PRIME SPONSOR: Phillips-Hill

### COST / (SAVINGS)

FUND	FY 2017/18	FY 2018/19
General Fund	See Fiscal Impact	See Fiscal Impact

**SUMMARY:** House Bill 1532, Printer's Number 2195, amends the Achieving Better Care by Monitoring All Prescriptions (ABC-MAP) program to allow Medicaid Managed Care Organizations (MA MCOs) to query the system. This legislation is effective in 60 days.

**ANALYSIS:** HB 1532 amends Section 9 of the ABC-MAP to allow MA MCOs to query the system for those individuals who are served by the MA MCO. The query may include both dispensing and prescribing information. If the MA MCO has reason to believe the controlled substance was prescribed or dispensed fraudulently, the MA MCO shall notify DHS and the Attorney General's office.

**FISCAL IMPACT:** Enactment of this legislation should have no adverse fiscal impact on Commonwealth funds and could result in savings to the Medicaid program by reducing payments for fraudulent prescriptions and potentially decreasing the number of individuals needing treatment for substance use disorders related to opioid prescriptions.

**PREPARED BY:** Ann Bertolino  
House Appropriations Committee (R)
