DESCRIPTION AND PURPOSE OF BILL

Senate Bill 302 amends the Keystone Recreation, Park and Conservation Fund Act to further provide for annual reports by agencies receiving an allocation of monies under the Act. The bill deletes obsolete references to the Department of Environmental Resources and the Department of Community Affairs from the existing reporting requirements in the Act. The bill also exempts the Fish and Boat Commission and the Game Commission from the annual reporting requirement.

No later than July 1, 2012, and each July 1 thereafter, the Departments of Conservation and Natural Resources and Education, the Historical and Museum Commission, and the State System of Higher Education would be required to provide an annual report to the Governor and General Assembly regarding projects and services provided by the monies from the Fund.

Information for grants awarded from the Fund must include, at a minimum:

- The name of the applicant
- Location and description of the project
- Total project costs
- The amount requested
- Any matching funds provided by the recipient
- The grant contract expiration date
- The amount of the award.
