Act of Oct. 31, 2014, P.L. 2983, No. 199

Cl. 53

Session of 2014

No. 2014-199

HB 1773

AN ACT

Amending the act of July 10, 1987 (P.L.246, No.47), entitled "An act empowering the Department of Community Affairs to declare certain municipalities as financially distressed; providing for the restructuring of debt of financially distressed municipalities; limiting the ability of financially distressed municipalities to obtain government funding; authorizing municipalities to participate in Federal debt adjustment actions and bankruptcy actions under certain circumstances; and providing for consolidation or merger of contiguous municipalities to relieve financial distress," further providing for title of act; providing for declaration of fiscal emergencies and receivership in municipalities; authorizing certain taxes; providing for disincorporation of municipalities and the establishment of unincorporated service districts; establishing the Unincorporated Service District Trust Fund; and making extensive amendments, additions and editorial changes.

The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows:

Section 1. The title of the act of July 10, 1987 (P.L.246, No.47), known as the Municipalities Financial Recovery Act, is amended to read:

AN ACT

Empowering the Department of Community [Affairs] **and Economic Development to assist municipalities in avoiding financial distress**; declare certain municipalities as financially distressed; providing for the restructuring of debt of financially distressed municipalities; limiting the ability of financially distressed municipalities to obtain government funding; authorizing municipalities to participate in Federal debt adjustment actions and bankruptcy actions under certain circumstances; **authorizing certain taxes**; and providing for [consolidation or merger of contiguous municipalities to relieve financial distress] **the disincorporation of municipalities and the establishment of unincorporated service districts.**

Section 2. Section 102 of the act, amended October 20, 2011 (P.L.318, No.79), is amended to read:

Section 102. Purpose and legislative intent.

(a) Policy.--It is hereby declared to be a public policy of the Commonwealth to foster fiscal integrity of municipalities so that they provide for the health, safety and welfare of their citizens; pay principal and interest on their debt obligations when due; meet financial obligations to their employees, vendors and suppliers; and provide for proper financial accounting procedures, budgeting and taxing practices. The failure of a municipality to do so is hereby determined to affect adversely the health, safety and welfare not only of the citizens of the municipality but also of other citizens in this Commonwealth.

(b) Legislative intent.--The General Assembly finds and declares as follows:

(1) It is the intent of the General Assembly to:

(i) Enact procedures to provide municipalities showing early indicators of financial distress with training and technical and financial assistance.

[(i)] **(ii)** Enact procedures and provide powers and guidelines to ensure fiscal integrity of municipalities while leaving principal responsibility for conducting the governmental affairs of a municipality, including choosing the priorities for and manner of expenditures based on available revenues, to the charge of its elected officials, consistent with the public policy set forth in this section.

[(ii)] **(iii)** Enact procedures for the adjustment of municipal debt by negotiated agreement with creditors.

[(iii)] **(iv)** Provide for the exercise of the Commonwealth's sovereign and plenary police power in emergency fiscal conditions to protect the health, safety and welfare of a municipality's citizens when local officials are unwilling or unable to accept a solvency plan developed for the benefit of the [community] **municipality.**

(v) Provide for the exercise of the Commonwealth's sovereign and plenary power to establish and abolish local government units and provide essential services in areas of this Commonwealth in which the fiscal integrity of existing local government units cannot be sustained.

(2) Changing and deteriorating economic conditions, developing technologies and attendant unemployment erode local tax bases and threaten essential municipal services. Under such circumstances, such distressed governmental units may no longer be viable and that the citizens of those communities should be granted the opportunity **in accordance with law** to voluntarily consolidate or merge their municipalities with other municipalities in an effort to allow municipal boundaries to reflect the geographic and economic realities of a distressed area, to merge a common community of interest, to take advantage of economies of scale in providing services and to create an expanded revenue base to provide necessary public services to the citizens of financially distressed municipalities.

(3) Policies of certain municipalities are so ineffective and the financial conditions so severe that the provision of vital and necessary services is threatened.

(4) Sustained failure of a municipality to enact or implement a fiscal plan to adequately address or prevent insolvency after repeated opportunities to do so:

(i) constitutes a fiscal emergency; and

(ii) signifies:

(A) a breakdown in the function of municipal government;

(B) a dereliction of its elected officials' paramount public duty to safeguard the health, safety and welfare of its citizens; and

(C) a threat to the fiscal stability of neighboring communities.

(5) Pursuant to the Commonwealth's paramount right and duty to maintain law and order and protect and preserve the health, safety and welfare of its citizens and ensure compliance with this act under Article IX of the Constitution

of Pennsylvania, the Governor is authorized to act in the face of a fiscal emergency under paragraph (4)(i) and dereliction of official duty under paragraph (4)(ii)(B).

(6) Municipalities may face such deteriorated economic conditions that all reasonable efforts to restore economic viability have failed and merger or consolidation cannot occur through any means provided by law. It is the intent of the General Assembly that, for municipalities incapable of continuing to function as general purpose units of local government, procedures exist to ensure the provision of essential and vital public services to the residents of those areas absent a functioning municipal government.

Section 3. Section 103 of the act, repealed in part October 13, 1994 (P.L.596, No.90) and added July 5, 2012 (P.L.1104, No.133), is amended to read:

(2) In compiling the information and data, the department shall mail, before January 1 of each year, a

Survey of Financial Condition form to each municipality applicable to the municipality's prior fiscal year.

(i) The survey shall seek information necessary to determine the fiscal status of a municipality, shall be concise to facilitate prompt response and shall contain an attestation clause to be signed by the presiding officer of the municipality's governing body. [The actual survey form shall not exceed two pages in length.]

(ii) The survey shall be provided to the municipal clerk or municipal secretary along with tax information forms in accordance with law.

(iii) The survey shall include information based on the criteria specified in section 201.

(iv) The survey shall include information relating to the basis of accounting utilized by municipalities.

(b) Assess data.--A power and duty of the department shall be to apply the criteria of section 201 to data and information on the fiscal status of municipalities to assess the validity and applicability of an indication of municipal financial distress. In assessing validity and applicability, the department shall undertake a review process, including, but not limited to, consultation, correspondence and visits with a municipality which appears to be financially distressed, notwithstanding the provisions of section 2501-C(e) and (f) of the act of April 9, 1929 (P.L.177, No.175), known as The Administrative Code of 1929, which limits department intervention to incidences when such is requested by the municipality. * * *

(1) **Notwithstanding any provision of law and at the request of the coordinator or receiver, a Commonwealth agency may exempt a distressed municipality from the application of a regulatory requirement if the following conditions are satisfied:**

(i) **The regulatory requirement is not expressly required by Federal law or regulation, or an act of the Commonwealth, and is not related to the rights or terms and conditions of employment by the municipality.**

(ii) **The waiver of the regulatory mandate will not likely affect public health and safety.**

(2) **It is the intent of this subsection that distressed municipalities be considered for relief from regulatory mandates that, due to financial distress or the**

implementation of recovery measures, are unduly burdensome on the municipality and would not undermine the regulatory purposes of the agency if waived.

Section 6. Sections 123 and 141 of the act, amended July 11, 1996 (P.L.645, No.108), are amended to read:

Section 123. Powers and duties of municipalities.

No municipality shall receive its allotted payments pursuant to the act of June 1, 1956 (1955 P.L.1944, No.655), referred to as the Liquid Fuels Tax Municipal Allocation Law, unless it complies with the provisions of this section, notwithstanding a provision of law to the contrary, **including any provisions which require payment prior to March 15**, and the Department of Transportation may not disburse funds to a municipality pursuant to the Liquid Fuels Tax Municipal Allocation Law until notified by the department that the municipality has complied with the provisions of this section.

(b) File applications for grants and loans.--A financially distressed municipality may apply to the secretary for emergency financial aid in the form of a grant or loan pursuant to Chapter 3.

(c) Right to petition court for tax increase.--

(1) After a municipality has adopted a plan under [Subchapter C] **Subchapters C and C.1** of Chapter 2, it may petition the court of common pleas of the county in which the municipality is located to increase its rates of taxation [for] **on the** earned income, real property, or both, beyond maximum rates provided by law. **No increase in the rate of taxation on nonresidents shall be authorized unless an equal or greater increase in the rate of taxation on resident income over the highest rate levied in the previous fiscal year is authorized in the same tax year.**

(1.1) A municipality may petition the court to levy a payroll preparation tax as provided in subsection (d)(2).

(1.2) A municipality may petition the court for an increase in the municipality's rate of taxation for earned income under paragraph (1) or may petition the court for an increase of the local services tax as provided under subsection (d)(1) or (1.1).

(2) If a tax increase above existing limits is granted by the courts **or a tax is approved as provided in subsection (d)**, the increase shall be effective for a period of one year. The one-year increase shall run from the date specified in the petition filed with the court or, if no such date is specified, from the beginning of the current fiscal year of the municipality. Subsequent increases in rates of taxation **or the imposition of a tax under subsection (d)** may be granted by the court upon annual petition of the municipality **until the termination date of the plan adopted by the municipality under Chapter 2**. The additional amount of taxes resulting from the petition shall not be subject to sharing with a school district.

(3) [A petition filed by a city of the second class A under this subsection may not include an increase in a tax on nonresident income]**No increase in the rate of taxation on the income of nonresidents shall be authorized in a city of the second class A, or a home rule municipality that was previously a city of the second class A, unless an equal or greater increase in the rate of taxation on resident income**

over the highest rate levied in the previous fiscal year is authorized in the same tax year. In addition, a petition shall not include an increase in a rate of taxation on nonresident income unless the municipality certifies to the court, with regard to those provisions of the plan having a measurable fiscal impact, that:

(i) the municipality has substantially implemented the provisions which are within the authority of the chief executive officer or governing body, including, but not limited to, provisions of the plan that call for increasing existing tax rates levied on residents and increasing fees charged by the municipality;

(ii) the municipality has taken those actions required to obtain the approval of other parties for those provisions which may not be implemented without such approval, including, but not limited to, the approval of a court, local electors or any collective bargaining unit; and

(iii) the additional income from the aforementioned actions is insufficient to balance the municipal budget, necessitating additional revenue from an increase in the tax on nonresident income.

(d) **Additional tax options and limitations.--**After a municipality has adopted a plan under Subchapter C or C.1 of Chapter 2 and with the approval of the court, it may adopt an ordinance imposing the following:

(1) A local services tax pursuant to Chapter 3 of the act of December 31, 1965 (P.L.1257, No.511), known as The Local Tax Enabling Act, at a rate not to exceed \$156. A municipality adopting an ordinance under this paragraph shall be prohibited from imposing any additional tax on earned income pursuant to subsection (c). A municipality levying the local services tax at a rate in excess of \$52 shall, by ordinance, exempt any person from the local services tax whose total earned income and net profits from all sources within the municipality is less than \$15,600 for the calendar year in which the local services tax is levied. This paragraph does not apply to a municipality which, on the effective date of this subsection, is not authorized to petition the court of common pleas for the imposition of an earned income tax on nonresidents.

(1.1) In the case of a financially distressed municipality that has also received a determination that it has a level II or level III financially distressed pension system under Chapter 6 of the act of December 18, 1984 (P.L.1005, No.205), known as the Municipal Pension Plan Funding Standard and Recovery Act, a petition for a local services tax under paragraph (1) shall not be authorized at a rate in excess of \$104 in any fiscal year during which the municipality levies a tax under section 607(f) of the Municipal Pension Plan Funding Standard and Recovery Act on earned income.

(2) A payroll preparation tax pursuant to section 303 of The Local Tax Enabling Act. A municipality imposing a tax under this paragraph may levy a tax at a rate as provided in this section and as certified by the coordinator and approved by the court. When imposing a tax under this paragraph, the municipality may impose the tax not to exceed a rate that is sufficient to produce revenues equal to revenues collected as a result of a business privilege tax and a mercantile tax under Chapter 3 of The Local Tax Enabling Act in the preceding fiscal year. After approval

by the court of the tax at the rate as provided in this section, the municipality may levy the tax in any subsequent year without additional court approval, including any year after the termination of the municipality's distressed status, at a rate not to exceed that initially approved by the court. A municipality adopting a payroll preparation tax under this paragraph may not levy a business privilege tax or mercantile tax. The authority provided by this paragraph is limited to those municipalities levying a business privilege or mercantile tax, on a flat-rate or millage basis, in the year of the filing of a petition as provided in subsection (c).

Section 141. Jurisdiction of court of common pleas.

(a) Increases in tax rates.--The court of common pleas of each county shall have jurisdiction to hear a petition filed by a municipality which has adopted a [final] plan pursuant to Subchapter C or C.1 of Chapter 2 to increase rates of taxation for earned income **on residents and nonresidents**, real property, or both, beyond maximum rates provided by law **in accordance with section 123**. The court may extend annually the increased taxing powers of the municipality until the termination date of the plan adopted by the municipality pursuant to Chapter 2.

(a.1) **Levy of payroll preparation tax.**--The court of common pleas of each county shall have jurisdiction to hear a petition filed by a municipality which has adopted a plan pursuant to Subchapter C or C.1 of Chapter 2 to levy a payroll preparation tax authorized by section 123(c)(1.1).

(a.2) **Increase in local services tax.**--The court of common pleas of each county shall have jurisdiction to hear a petition filed by a municipality which has adopted a plan pursuant to Subchapter C or C.1 of Chapter 2 to increase the rate of the local services tax in accordance with section 123(c)(1.2).

(b) Involuntary compromises of delinquent taxes.--The court of common pleas of each county may hear a petition filed by at least two taxing authorities having taxing power over the properties within a municipality which has adopted a [final] plan pursuant to Subchapter C or C.1 of Chapter 2 if the petition requests a compromise of delinquent taxes due on a property in that municipality. The court may order the property to be sold at a sheriff's sale and the proceeds to be divided among all authorities which are owed taxes for the property sold. If the property is sold at sheriff's sale and if the proceeds are insufficient to satisfy tax liens on the property, the court shall order a proration of the sale proceeds among the taxing authorities which fixed the liens.
