(6)

Amend Bill, page 6, line 17, by striking out "(6)" and inserting

(7)

Amend Bill, page 6, lines 19 through 23, by striking out "This paragraph includes" in line 19 and all of lines 20 through 23 and inserting

(8) A grower/processor facility owned by a clinical registrant may sell its medical marijuana products only to the clinical registrant's dispensary facilities and the dispensary facilities of other clinical registrants. The facility may sell seeds and medical marijuana plants to, or exchange seeds and medical marijuana plants with, any other grower/processor facility holding a permit under Chapter 6 or this chapter.

(9) A clinical registrant may petition the department, on a form prescribed by the department, for approval to sell certain of the medical marijuana products grown and processed by its grower/processor facility to other medical marijuana organizations holding dispensary permits under Chapter 6. The petition must be accompanied by a written report of the clinical registrant's research findings with respect to the medical marijuana products which are the subject of the petition. The department shall approve the petition if it has been demonstrated that the medical marijuana products have a practical effect on patients which changes a recommendation within the medical field as indicated in the report submitted by the clinical registrant.

(10) A dispensary owned by a clinical registrant may dispense medical marijuana products to a patient or caregiver who presents a valid identification card to an employee who is authorized to dispense medical marijuana products at a

dispensary location operated by the clinical registrant, regardless of whether the patient is a participant in a research study or program.
