13 (3) "Maintenance work" means the repair of existing
14 facilities when the size, type or extent of such facilities is
15 not thereby changed or increased. The term includes the
16 following actions taken on roads:

17 (i) Replacement in kind, or compliance with current
18 Department of Transportation design criteria and standards, of
19 guide rails, curbs, pipes, line painting and other related road

1 equipment.

2 (ii) Repair of pavement service by:

3 (A) laying bituminous material up to three and one-half
4 inches thick or up to four hundred twenty pounds per square yard
5 on asphalt pavement, cement concrete or other hard surface,
6 including associated milling, and related work raising existing
7 paved shoulders to new grade; or

8 (B) patching of cement concrete surface to include joint
9 spalling and repair work.

10 (iii) Widening of existing alignment which does not result
11 in additional lanes or new shoulders.

12 (iv) Bridge cleaning, washing, resurfacing with blacktop,
13 minor nonstructural repairs or improvements and painting, except
14 when combined with complete bridge rehabilitation.
