AN ACT

1 Establishing the Family Farm and Food Protection Commission.

2 The General Assembly of the Commonwealth of Pennsylvania  
3 hereby enacts as follows:

4 Section 1. Short title.

5 This act shall be known and may be cited as the Family Farm  
6 and Food Protection Commission Act.

7 Section 2. Legislative findings and purpose.

8 The General Assembly finds and declares as follows:

9 (1) Pennsylvania's principal industry is agriculture and  
10 Pennsylvania has one of the largest rural populations in the  
11 nation, with over 7.7 million acres dedicated to farming.

12 (2) Farmers are a vital component of this Commonwealth's  
13 economy, comprising the largest industry in this  
14 Commonwealth, generating over \$3,700,000,000 annually in farm

1 receipts, supporting a \$43,700,000,000-a-year agribusiness  
2 economy and employing nearly 20% of this Commonwealth's work  
3 force.

4 (3) The entire nation looks to Pennsylvania as one of  
5 the biggest providers of food in the country; ranking in the  
6 top ten in most commodities.

7 (4) Across the nation, agriculture is changing due to  
8 global competition, strict environmental standards,  
9 biotechnology, food safety concerns and technological  
10 advances.

11 (5) The Commonwealth's agriculture is being threatened  
12 by low commodity prices, market dynamics, loss of farmland,  
13 drought disasters and development pressure.

14 (6) It is the purpose of this act to establish the  
15 commission to assess in a bipartisan manner the current  
16 Commonwealth agricultural policy in an effort to determine if  
17 the Commonwealth's policy reflects the changing atmosphere of  
18 agriculture and to make recommendations as to address these  
19 concerns.

## 20 Section 3. Definitions.

21 The following words and phrases when used in this act shall  
22 have the meanings given to them in this section unless the  
23 context clearly indicates otherwise:

24 "Agribusiness." A business related to agriculture.

25 "Agriculture." The commercial production of agricultural  
26 crops, livestock or livestock products, poultry products, milk
