12 (b.1) Storm water projects.--

13 (1) [In the case of storm water projects, only a
14 governmental unit may qualify for financial assistance under
15 this act.

16 (2) A storm water project] A storm water project
17 designed to manage urban runoff shall be eligible for funding
18 if:

19 (i) It is located within a watershed for which a
20 county has [not] adopted a watershed storm water
21 management plan and ordinances required to implement the
22 plan, as required by the Storm Water Management Act[,
23 shall be ineligible for financial assistance under this
24 act, except that:

25 (i) a storm water project within a watershed which
26 includes land in more than one county and for which the
27 department has required that a joint plan for the entire
28 watershed be submitted by the affected counties shall be
29 ineligible for financial assistance under this act only
30 if the county in which the project is located is found to

1 have failed to cooperate in the development of the joint
2 plan; and

3 (ii) a storm water];

4 (ii) The project is specifically designed to
5 maintain and/or improve existing water quality and to
6 comply with the National Pollutant Discharge Elimination
7 System (NPDES) storm water permitting requirements [shall
8 be eligible for financial support under this act.

9 This paragraph shall not apply to a]; or

10 (iii) The project is located in a municipality which
11 has enacted a storm water management ordinance that
12 requires land owners and any person engaged in the
13 alteration or development of land to implement measures
14 to ensure that the maximum rate of storm water runoff is
15 no greater after the development than prior to
16 development activities [or] and to manage the quantity,
17 velocity and direction of resulting storm water runoff in
18 a manner which otherwise adequately protects the health
19 and property of residents from possible injury as
20 required by the Storm Water Management Act.

21 [(3)] (2) A storm water project designed to manage urban
22 runoff located within a municipality which is not
23 implementing ordinances pursuant to a county-prepared and
24 department-approved watershed plan developed pursuant to the
25 Storm Water Management Act shall be ineligible.

26 (3) A project designed to manage storm water that is not
27 considered urban runoff shall be considered a nonpoint source
28 project and must be consistent with Pennsylvania's Nonpoint
29 Source Management Program Update as required under section

3 (d) Small projects.--

4 (1) The board shall establish a program of assistance to
5 water supply and sewage disposal systems serving communities
6 with a population of 12,000 people or less or systems having
7 hookups of 1,000 or less.

8 (2) The board shall establish a program to financially
9 assist storm water projects [by] for municipalities with a
10 population of 12,000 people or less. In addition to other
11 factors which the board in its discretion may consider in
12 assigning priorities under this program, preference shall be
13 given where the [municipality undertaking] community in which
14 the project is located:

15 (i) has no natural watercourse within its
16 boundaries;

17 (ii) relies on methods of storm water control which
18 do not comply with Federal or State rules, regulations or
19 standards; or

20 (iii) has been found to be subject to karst sinkhole
21 development or other geologic condition which poses a
22 danger to person or property and which may be aggravated
23 by uncontrolled storm water flows.

25 (j) Continuing education of operators.--No agreement with
26 individuals or entities shall be valid in the absence of an
27 agreement by the individuals or entities seeking assistance
28 under this act to assure that the system operators are
29 participating or will participate in continuing education
30 programs developed by the [Department of Environmental

1 Resources] department. If the board determines that the system
2 operator of a system receiving assistance is not participating
3 in continuing education programs, the board shall take all steps
4 necessary to cease all financial assistance and recover all
5 prior payments, including, but not limited to, the immediate
6 repayment of any outstanding loans and interest and any grants.
7 The provisions of this subsection shall not apply to cases where
8 financial assistance is provided for storm water projects.
