9 This act shall be known and may be cited as the Office for
10 People with Disabilities Act.

11 Section 102. Legislative policy and declaration.

12 The General Assembly finds and declares as follows:

13 (1) Persons with disabilities and their families and
14 guardians should have access to a full range of services and
15 programs, including equal access to all services and programs
16 provided for persons without disabilities, as well as
17 individualized and specialized services that meet the unique
18 needs of persons without discrimination.

19 (2) Persons with disabilities and their families and
20 guardians are often underserved. They have often been denied
21 access to individualized and specialized services available
22 to the community at large and have been denied services
23 necessary to their health, well-being, independence and
24 advancement.

25 (3) Persons with disabilities who could live and work in
26 the community live in institutions at State expense due to
27 inadequate funding for community support services. The result
28 is a loss both to these individuals and to this Commonwealth.

29 (4) Persons with disabilities and their families and
30 guardians should have the opportunity to choose and direct

1 the services and programs provided to them, and the community
2 of persons with disabilities should direct the development
3 and operation of the delivery system.

4 (5) Increased availability of community support services
5 and programs will enable persons with disabilities and their
6 families and guardians to be more independent and productive,
7 to remain in their homes and communities and to more fully
8 exercise their rights and responsibilities as citizens.

9 (6) Services and programs provided by the Commonwealth
10 to persons with disabilities and their families and guardians
11 should be provided in a manner that promotes independent
12 living, enables people to obtain and maintain employment and
13 supports people in their homes and communities.

14 (7) A State-level office and advisory committee is
15 needed to advise and assist the Governor and the General
16 Assembly in developing policies addressing the concerns of
17 persons with disabilities and their families and guardians.

18 (8) Access to the office will enable people with
19 disabilities and their families and guardians to have their
20 concerns and issues addressed.
