The countywide mitigation plan, including any modifications to the countywide mitigation plan authorized under subsection (e), shall be published on the county's publicly accessible Internet website.

(b) Development.--The countywide mitigation plan shall provide as follows:

(1) All businesses identified as "essential critical infrastructure" in an advisory memorandum on identification of essential critical infrastructure workers during COVID-19 response, as published by the United States Cybersecurity and Infrastructure Security agency (CISA), and which operate using recommended guidance for mitigating exposure to COVID-19 from the Centers for Disease Control and Prevention and
the order of the Secretary of Health directing public health safety measures for businesses permitted to maintain in-person operations shall be permitted to operate within the county.

(2) For a business not included in an advisory memorandum on identification of essential critical infrastructure workers during COVID-19 response, as published by CISA, the business shall be permitted to operate within a county if the business:

(i) complies with recommended guidance for mitigating exposure to COVID-19 from the Centers for Disease Control and Prevention and the order of the Secretary of Health directing public health safety measures for businesses permitted to maintain in-person operations; and

(ii) has not been designated in the countywide mitigation plan as a disallowed industry.

(3) Any business authorized to operate by the Governor shall be authorized to operate under a countywide mitigation plan.

(c) Compliance.--Notwithstanding the orders issued by the Governor and the Secretary of Health relating to the closure of nonlife-sustaining businesses on March 19, 2020, as may be amended or superseded by subsequent business operation executive orders, and the Statewide stay-at-home order issued by the Governor and the Secretary of Health on April 1, 2020, as may be amended or superseded by subsequent executive orders, a business that complies with the requirements of the county mitigation plan may operate within the county and individuals may leave their residence for the purpose of performing work for the business or patronizing the business.

(d) Limitation.--Nothing in this section shall be construed to:

(1) require a county to rescind a local declaration of emergency relating to COVID-19; or

Advance notice of an action to modify or rescind a countywide mitigation plan shall be published on the county's publicly accessible Internet website no later than two days before the implementation of the action.
