8 (a) Procedure.--Prior to the addition of licensed facilities
9 in this Commonwealth, an election shall be held on the date of
10 the general or primary election immediately preceding any
11 general election to determine the will of the electors with
12 respect to the addition of licensed facilities within the limits
13 of this Commonwealth under the provisions of this part. Where an
14 election shall have been held at the primary election in any
15 year, another election may not be held under the provisions of
16 this part sooner than four years after the prior election.
17 Whenever electors equal to 25% of the highest vote cast for any

19 election shall file a petition with the Secretary of the
20 Commonwealth to place such a question on the ballot, the

22 placed on the ballot or on the voting machine board:

24 Commonwealth?

25 (b) Vote.--No addition of licensed facilities shall be
26 granted unless the majority of the electors voting on the
27 question vote "yes," but if a majority of the electors voting on
28 the question vote "no," there shall be no addition of licensed
29 facilities in this Commonwealth, unless and until, at an
30 election at least four years later, a majority of the voting
31 electors vote "yes" on the question.

32 (c) Voting proceedings.--Proceedings under this section
33 shall be in accordance with the act of June 3, 1937 (P.L.1333,
34 No.320), known as the Pennsylvania Election Code.
