1 Amend Bill, page 54, by inserting between lines 26 and 27

2 (21) An employee covered under a collective bargaining
3 agreement affected by a public-private transportation
4 partnership agreement shall be reassigned, without loss of
5 seniority, to another equal to, but not less than, position
6 within the same worksite where applicable or within a
7 remaining proximate worksite of other transportation
8 facilities. In the case of the department, this would mean a
9 position held within the same county maintenance district or,
10 in the case of regional transit authority, a position held
11 within that regional transit authority as applicable. Nothing
12 in this paragraph shall prevent an employee from choosing
13 employment with the private entity.
