1 Amend Bill, page 2, lines 7 through 23, by striking out all
2 of said lines and inserting

3 (f.1) [(1) The smoke detection devises required under this
4 section need not be interconnected or electronically connected
5 for family child day-care homes. For the purposes of this act,
6 noninterconnected smoke detection devises shall be deemed
7 acceptable where:

8 (i) each devise is an enclosed nonreplacable battery smoke
9 detector unit which meets applicable UL standards and has a
10 minimum ten-year limited warranty commencing with the date of
11 purchase; and

12 (ii) the activation of each detector results in an alarm
13 that is audible to persons in the indoor child-care space with
14 all intervening doors closed.] The following shall apply:

15 (1.1) The smoke alarms required under this section shall be
16 interconnected via hardwire, Bluetooth connectivity or any other
17 means that allow for communication between smoke alarms for
18 family child-care homes. The following shall apply:

19 (i) The activation of each smoke alarm shall result in an
20 alarm that is audible to persons in the indoor child-care space
21 with all intervening doors closed.

22 (ii) Each smoke alarm shall, at the time of installation, be
23 approved by a testing laboratory recognized by the Occupational
24 Safety and Health Administration of the United States Department
25 of Labor to test and certify smoke alarms.
