(ii) the practice of dietetics-nutrition or in securing his or her license as a dietitian-nutritionist.
(b) When the Board finds that the license of any nurse or dietitian-nutritionist may be refused, revoked or suspended under the terms of subsection (a), the Board may:

(6) Restore or reissue, in its discretion, a suspended license to practice professional or practical nursing, advanced practice registered nursing or dietetics-nutrition and impose any disciplinary or corrective measure which it might originally have imposed.

Section 15.2. Reinstatement of License.--Unless ordered to do so by Commonwealth Court or an appeal therefrom, the Board shall not reinstate the license of a person to practice nursing, advanced practice registered nursing or dietetics-nutrition which has been revoked. Any person whose license has been revoked may reapply for a license, after a period of at least five (5) years, but must meet all of the licensing qualifications of this act for the license applied for, to include the examination requirement, if he or she desires to practice at any time after such revocation.

Section 15.4. Injunction or Other Process.--It shall be unlawful for any person to practice or attempt to offer to practice nursing, practice advanced practice registered nursing or hold himself or herself forth as a licensed dietitian-nutritionist[, as defined in this act,] or an advanced practice registered nurse-certified nurse practitioner without having at the time of so doing a valid, unexpired, unrevoked and unsuspended license issued under this act. The unlawful practice of nursing [as defined in this act] or the unlawful practice of advanced practice registered nursing may be enjoined by the
courts on petition of the Board or the Commissioner of Professional and Occupational Affairs. In any such proceeding, it shall not be necessary to show that any person is individually injured by the actions complained of. If it is determined that the respondent has engaged in the unlawful practice of nursing or the unlawful practice of advanced practice registered nursing, the court shall enjoin him or her from so practicing unless and until he or she has been duly licensed. Procedure in such cases shall be the same as in any other injunction suit. The remedy by injunction hereby given is in addition to any other civil or criminal prosecution and punishment.

Section 4. The authority of the State Board of Nursing to certify a licensed registered nurse as an advanced practice registered nurse-certified nurse practitioner shall expire on the effective date of this section.

Section 5. Within 90 days after the effective date of this section, the State Board of Nursing, the Department of Health, the Department of Human Services and other affected agencies shall initiate the promulgation of regulations necessary to carry out the provisions of this act. The promulgation of the regulations shall not be a condition precedent to the applicability of this act.

Section 6. This act shall take effect in 60 days.
