A CONCURRENT RESOLUTION

Adopting a population data set without adjusting any group quarters population for use in congressional redistricting legislation.

WHEREAS, Redistricting of congressional seats is required following each decennial United States Census to equalize district populations; and

WHEREAS, Accurate population data are the foundation for a fair redistricting process; and

WHEREAS, The United States Census Bureau provided population data to Pennsylvania on August 12, 2021; therefore be it

RESOLVED (the Senate concurring), That the General Assembly adopt the population data set without adjusting any group quarters population, which was certified by Resolution 6B by the Legislative Reapportionment Commission on October 25, 2021, as usable for purposes other than reapportioning the General Assembly, for use in any congressional redistricting legislation considered prior to the next United States decennial census.
