OCTOBER 3, 2018

INTRODUCED AS NONCONTROVERSIAL RESOLUTION UNDER RULE 35,
OCTOBER 3, 2018

A RESOLUTION

1 Designating the week of November 11 through 17, 2018, as
2 "Diabetes and Cardiovascular Disease Awareness Week" in
3 Pennsylvania.

4 WHEREAS, Approximately 1.4 million Pennsylvanians have
5 diabetes, a chronic condition that occurs when the body does not
6 properly produce or use the hormone insulin that regulates blood
7 sugar; and

8 WHEREAS, An additional 3.5 million Pennsylvanians have
9 prediabetes, which is an elevated blood sugar level not yet high
10 enough to be diagnosed as diabetes; and

11 WHEREAS, Type 2 diabetes is the most common type of diabetes,
12 representing an estimated 90% to 95% of all diagnosed adult
13 diabetes cases in the United States; and

14 WHEREAS, Individuals with type 2 diabetes have a two to four

1 times greater risk of developing cardiovascular disease; and

2 WHEREAS, Cardiovascular disease, the term used to define
3 problems with the heart and blood vessels, including heart
4 attacks, heart failure and strokes, is the leading cause of
5 death associated with diabetes due to complications associated
6 with diabetes, including high blood sugar, high blood pressure
7 and obesity; and

8 WHEREAS, Cardiovascular disease accounts for 68% of deaths in
9 individuals with type 2 diabetes in the United States; and

10 WHEREAS, Diabetes treatment costs an estimated \$12.9 billion
11 in Pennsylvania each year, and cardiovascular disease accounts
12 for an estimated 28% of costs for treating diabetes patients;
13 and

14 WHEREAS, Findings from a recent study revealed that 52% of
15 adults living with type 2 diabetes are unaware that they are at
16 an increased risk of cardiovascular disease; and

17 WHEREAS, Appropriate awareness and education about the
18 cardiovascular risks associated with diabetes can effectively
19 improve outcomes and reduce the overall financial burden of the
20 illness; and

21 WHEREAS, The Department of Health and other relevant partners
22 seek to promote awareness, education and action related to
23 diabetes and the link to cardiovascular disease; and

24 WHEREAS, The month of November is "American Diabetes Month";
25 therefore be it

26 RESOLVED, That the House of Representatives designate the
27 week of November 11 through 17, 2018, as "Diabetes and
28 Cardiovascular Disease Awareness Week" in Pennsylvania; and be
29 it further

30 RESOLVED, That the House of Representatives encourage others

- 1 to promote education and awareness of the connection between
- 2 diabetes and cardiovascular disease.
