AN ACT

Amending the act of March 10, 1949 (P.L.30, No.14), entitled "An act relating to the public school system, including certain provisions applicable as well to private and parochial schools; amending, revising, consolidating and changing the laws relating thereto," in sexual violence education at institutions of higher education, further providing for scope of article, providing for affirmative consent to sexual activity and making an editorial change.

The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows:

Section 1. Article XX-G heading and section 2001-G of the act of March 10, 1949 (P.L.30, No.14), known as the Public School Code of 1949, are amended to read:

ARTICLE XX-G

SEXUAL VIOLENCE EDUCATION AND PREVENTION AT INSTITUTIONS OF HIGHER EDUCATION

Section 2001-G. Scope of article.

This article relates to college and university sexual violence education and prevention.
Section 2. The act is amended by adding a section to read:

Section 2007-G. Affirmative consent to sexual activity.

(a) General rule.--Each institution of higher education shall adopt the following definition of affirmative consent as part of the institution's code of conduct: "Affirmative consent is a conscious, voluntary and mutual agreement among all participants to engage in sexual activity. Words or actions may constitute affirmative consent as long as those words or actions convey clear permission regarding willingness to engage in the sexual activity. Silence or lack of protest does not demonstrate affirmative consent in and of itself. The definition of affirmative consent does not vary based upon a participant's sex, sexual orientation, gender identity or gender expression, nor based on the existence of a present or past romantic, intimate or dating relationship between the individuals involved."

(b) Conduct.--Each institution of higher education's code of conduct shall reflect the following principles as guidance for the institution's community:

(1) It is the responsibility of each individual who wants to engage in sexual activity with another individual to obtain affirmative consent from the other individual.

(2) Affirmative consent to a sexual act does not imply affirmative consent to other sexual acts or other forms of sexual activity.

(3) Affirmative consent is required regardless of whether the person initiating the act is under the influence of drugs or alcohol.

(4) Affirmative consent may be withdrawn at any time.

(5) Affirmative consent cannot be given when an
individual is incapacitated. For purposes of this paragraph, incapacitation occurs when an individual lacks the ability to knowingly choose to participate in sexual activity.

Incapacitation may be caused by the lack of consciousness or by being asleep, being involuntarily restrained or if an individual otherwise cannot give affirmative consent, such as an individual who is physically or mentally impaired.

Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs or other intoxicants may be incapacitated and unable to give affirmative consent.

(6) Affirmative consent cannot be given when it is the result of coercion, intimidation, force or threat of harm.

(7) When affirmative consent is withdrawn or can no longer be given, sexual activity must cease.

Section 3. The addition of section 2007-G of the act shall apply to school years that begin after the effective date of this section.

Section 4. This act shall take effect August 1, 2019.
