23 Section 72. Statewide (Reserved).

24 Section 73. Limitation on expenditure of funds.

25 Any moneys derived from the incurring of debt shall be used
 26 solely for effecting the rehabilitation, replacement or removal
 27 of bridges located on State highways. All other bridge
 28 rehabilitation, replacement or removal shall be financed from
 29 current revenue.

30 Section 74. Debt authorization.

1 The Governor, Auditor General and State Treasurer are hereby
2 authorized and directed to borrow from time to time, in addition
3 to any authorization heretofore or hereafter enacted, on the
4 credit of the Commonwealth, subject to the limitations provided
5 in the current capital budget, money not exceeding in the
6 aggregate the sum of \$00,000,000 as may be found necessary to
7 carry out the acquisition and construction of the State projects
8 specifically itemized in this act.

9 Section 75. Issue of bonds.

10 The indebtedness authorized in this act shall be incurred
11 from time to time and shall be evidenced by one or more series
12 of general obligation bonds of the Commonwealth in such
13 aggregate principal amount for each series as the Governor,
14 Auditor General and State Treasurer shall determine, but the
15 latest stated maturity date shall not exceed 30 years from the
16 date of the bond first issued for each series.

17 Section 76. Estimated useful life of projects.

18 The General Assembly states the estimated useful life of the
19 projects itemized in this act as 30 years.

20 Section 77. Appropriation.

21 The net proceeds of the sale of the obligations authorized in
22 this act are hereby appropriated from the Capital Facilities
23 Fund to the department in the maximum amount of \$00,000,000 to
24 be used by it exclusively to defray the financial costs of the
25 State projects specifically itemized in this capital budget.
26 After reserving or paying the expenses of the sale of the
27 obligation, the State Treasurer shall pay out to the department
28 the moneys as required and certified by it to be legally due and
29 payable.

30 Section 78. Federal funds.

1 In addition to those funds appropriated in section 77, all
2 moneys received from the Federal Government for the public
3 improvement projects specifically itemized in this act are also
4 hereby appropriated for those projects.

5 Section 79. Allocation of funds.

6 (a) General rule.--Whenever the department or the Department
7 of Conservation and Natural Resources determines that the full
8 estimated financial costs of the projects itemized in this act
9 are not necessary for the proper design, acquisition or
10 construction of such projects, the excess funds no longer
11 required may be allocated by the department or the Department of
12 Conservation and Natural Resources to increase the estimated
13 costs of any one or more of the projects specifically itemized
14 in a capital budget.

15 (b) Reimbursement of municipal expenditures.--Moneys raised
16 or expended by municipalities after the effective date of this
17 act, in anticipation of receipt of funds authorized for projects
18 itemized by this act, may be reimbursable to those
19 municipalities.

20 Section 80. Policy on jobs and materials.

21 (a) Jobs.--It is the declared policy of the Commonwealth
22 that the construction projects authorized in this act be used,
23 to the greatest extent possible, to provide for the creation of
24 jobs and the rehiring of the unemployed in this Commonwealth. In
25 order to reach this goal, firms with Commonwealth-based
26 facilities shall be actively solicited to make bids on contracts
27 to furnish products and materials, including, but not limited
28 to, steel and steel products, to be used in these projects.

29 (b) Materials.--Every contract document entered into to
30 undertake a project contained in this act shall provide that any

1 steel or other products to be used or supplied in the
2 performance of this contract shall be required to be
3 manufactured by plants in the United States unless the secretary
4 determines, on a contract by contract basis, that certain
5 required products are not produced in the United States in
6 sufficient quantities to meet the requirements of the contract.
7 Such a determination and the reasons therefor shall be published
8 in the Pennsylvania Bulletin. Decisions made under this
9 subsection shall not be inconsistent with the general provisions
10 of the act of March 3, 1978 (P.L.6, No.3), known as the Steel
11 Products Procurement Act.

12 (c) Minorities and women.--It is also the declared policy of
13 the Commonwealth to require and encourage substantial
14 participation by minorities and women in the construction
15 projects authorized by this act.

16 Section 81. Payment of capital debt service.

17 The repayment of any debt incurred pursuant to this act shall
18 be made from the account and such repayment shall have first
19 claim on the revenues of the account.

20 Section 82. Authorization and debt cumulation.

21 The additional authorization and debt allowance provided for
22 in this act shall be added to the total authorizations and debt
23 incurred pursuant to the act of December 8, 1982 (P.L.848,
24 No.235), known as the Highway-Railroad and Highway Bridge
25 Capital Budget Act for 1982-1983, as amended and supplemented.

27 In editing and preparing this act for printing following the
28 final enactment, the Legislative Reference Bureau shall insert
29 or revise letters or numbers for projects where the letters or
30 numbers are missing or require revision. The bureau shall also

1 revise the total monetary amounts for the total authorization,
2 debt authorization, appropriations and departmental totals as
3 necessary to agree with the total monetary amounts of the
4 projects.

5 Section 84. Repeal (Reserved).

6 Section 85. Effective date.

7 This act shall take effect immediately.
