AN ACT

Amending the act of April 9, 1929 (P.L.177, No.175), entitled "An act providing for and reorganizing the conduct of the executive and administrative work of the Commonwealth by the Executive Department thereof and the administrative departments, boards, commissions, and officers thereof, including the boards of trustees of State Normal Schools, or Teachers Colleges; abolishing, creating, reorganizing or authorizing the reorganization of certain administrative departments, boards, commissions, and officers; defining the powers and duties of the Governor and other executive and administrative officers, and of the several administrative departments, boards, commissions, and officers; fixing the salaries of the Governor, Lieutenant Governor, and certain other executive and administrative officers; providing for the appointment of certain administrative officers, and of all deputies and other assistants and employees in certain departments, boards, and commissions; providing for judicial administration; and prescribing the manner in which the number and compensation of the deputies and all other assistants and employees of certain departments, boards and commissions shall be determined," establishing the State Epidemiology Advisory Council; and making an appropriation.

The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows:

Section 1. The act of April 9, 1929 (P.L.177, No.175), known as The Administrative Code of 1929, is amended by adding an article to read:

ARTICLE I-A
COVID-19 STATE EPIDEMIOLOGY ADVISORY COUNCIL

Section 101-A. Legislative findings.

The General Assembly finds and declares as follows:

(1) A novel coronavirus, known as COVID-19, entered the United States in late January 2020 and has spread throughout the states, including this Commonwealth.

(2) On March 6, 2020, the Governor declared a disaster emergency, citing a threat of imminent disaster that is of such a magnitude and severity as to necessitate extraordinary measures to protect the health, safety and life of this Commonwealth's citizens.

(3) The impact of COVID-19, including all the necessary measures taken to mitigate the spread of the disease, has severely disrupted the Commonwealth and its political subdivisions.

(4) Provision of timely, factual information to the executive, legislative and judicial branches of government by knowledgeable medical professionals is critical to ensure timely and proper government response.

(5) Given the nature of the challenge before this Commonwealth, policymakers would greatly benefit from the immediate and regular input of epidemiologists. Given an epidemiologist’s specialized professional training in the field of infectious diseases, epidemiologists are uniquely qualified and situated to provide advice and guidance of great value in this challenging time. Their regular input to State policymakers is of vital importance to all branches of State government, and by extension to every resident and business in this Commonwealth.

(6) The most effective manner to achieve the critical
outcomes under paragraph (5) is to form a State Epidemiology Advisory Council.

Section 102-A. Definitions.
The following words and phrases when used in this article shall have the meanings given to them in this section unless the context clearly indicates otherwise:

"Council." The State Epidemiology Advisory Council established under section 103-A.

"Dean." The dean, acting dean, senior vice chancellor or senior administrator of a school of medicine located in this Commonwealth.

"Epidemiologist." A medical professional licensed in this Commonwealth who possesses any of the following:

(1) (i) one of the following degrees:

(A) a doctor of public health degree;

(B) a doctor of philosophy degree in epidemiology;

(C) a doctoral degree in medicine, osteopathy, dental surgery or medicine or veterinary medicine; or

(D) a doctor of philosophy degree in a biological science with either a master of public health degree or a master of science degree in epidemiology; and

(ii) at least three years of professional experience investigating outbreaks of contagious diseases, designing and or conducting epidemiological studies or designing and maintaining a disease surveillance system.

(2) Qualifications, medical knowledge and judgment, substantially similar to the qualifications, medical knowledge and judgment under paragraph (1), as determined by
the dean OR, IN THE CASE OF LINCOLN UNIVERSITY, PRESIDENT, that the individual's participation on the council would be of value to State policymakers and the general public.

"Order." Any of the following:

(1) The declaration of disaster emergency issued by the Governor on March 6, 2020, published at 50 Pa.B. 1644 (March 21, 2020).

(2) A declaration of disaster emergency relating to the novel coronavirus, known as COVID-19, issued after March 6, 2020.

"Record." A public record or a legislative record as defined under section 102 of the act of February 14, 2008 (P.L.6, No.3), known as the Right-to-Know Law.
