STEIGHNER, OLASZ, GODSHALL, O'BRIEN, HARPER AND GLADECK,
MAY 22, 1989

REFERRED TO COMMITTEE ON RULES, MAY 22, 1989

A RESOLUTION

1 Designating the month of June as "Heart Risk Awareness Month"
2 and May 23, 1989, as "Heart Risk Awareness Kickoff Day" in
3 Pennsylvania.

4 WHEREAS, Heart disease is the leading cause of death in
5 Pennsylvania for all ages combined; and

6 WHEREAS, High blood cholesterol is associated with an
7 increased risk of heart disease, specifically heart attack; and

8 WHEREAS, High blood pressure can also contribute to heart
9 attacks and strokes; and

10 WHEREAS, Pennsylvanians may prevent premature heart attacks
11 and strokes by having their blood pressure and cholesterol
12 levels measured with quick, painless tests and by controlling

1 their blood pressure and cholesterol levels through proper diet,
2 and, when appropriate, diet in combination with medications; and

3 WHEREAS, Pennsylvanians are urged to "know their numbers"
4 and, if needed, lower their blood pressure and also realize that
5 "cholesterol cuts count, too"; therefore be it

6 RESOLVED, That the House of Representatives designate the
7 month of June as "Heart Risk Awareness Month" and May 23, 1989,
8 as "Heart Risk Awareness Kickoff Day" in Pennsylvania.
