## A RESOLUTION

1 Recognizing the second week of November as "Chemistry Week."

2 WHEREAS, The science of chemistry gives us the power to  
3 understand and to use the elemental building blocks of all  
4 material things; and

5 WHEREAS, The science of chemistry provides the fundamental  
6 understanding required to deal with many of society's needs,  
7 including several that determine our quality of life and our  
8 economic strength; and

9 WHEREAS, Chemists and chemical engineers use their powerful  
10 science in helping feed the world's population, tapping new  
11 energy sources, clothing and housing humanity, providing  
12 renewable substitutes for dwindling or scarce materials,  
13 improving health and conquering disease, strengthening our  
14 national security, monitoring and protecting our environment;  
15 and

16 WHEREAS, Five thousand members of the Philadelphia Section of

1 the American Chemical Society, along with their nearly 200  
2 sister sections in all 50 states, the District of Columbia and  
3 Puerto Rico, had set aside November 7 through 13, 1993, for a  
4 national celebration directing our attention to the myriad  
5 contributions of their science; therefore be it

6       RESOLVED, That the House of Representatives recognize the  
7 second week of November as "Chemistry Week" in the Commonwealth  
8 with the hope that the chemists and chemical engineers of our  
9 State will rededicate themselves, on this occasion, to the  
10 service of humanity.
