

THE GENERAL ASSEMBLY OF PENNSYLVANIA

HOUSE BILL

No. 1551 Session of  
1997

INTRODUCED BY DALEY, CURRY, McCALL, HERMAN, LAUGHLIN, BELARDI,  
STEELMAN, PISTELLA, PETRONE, JOSEPHS AND SHANER, JUNE 3, 1997

REFERRED TO COMMITTEE ON ENVIRONMENTAL RESOURCES AND ENERGY,  
JUNE 3, 1997

AN ACT

1 Amending the act of April 9, 1929 (P.L.177, No.175), entitled  
2 "An act providing for and reorganizing the conduct of the  
3 executive and administrative work of the Commonwealth by the  
4 Executive Department thereof and the administrative  
5 departments, boards, commissions, and officers thereof,  
6 including the boards of trustees of State Normal Schools, or  
7 Teachers Colleges; abolishing, creating, reorganizing or  
8 authorizing the reorganization of certain administrative  
9 departments, boards, and commissions; defining the powers and  
10 duties of the Governor and other executive and administrative  
11 officers, and of the several administrative departments,  
12 boards, commissions, and officers; fixing the salaries of the  
13 Governor, Lieutenant Governor, and certain other executive  
14 and administrative officers; providing for the appointment of  
15 certain administrative officers, and of all deputies and  
16 other assistants and employes in certain departments, boards,  
17 and commissions; and prescribing the manner in which the  
18 number and compensation of the deputies and all other  
19 assistants and employes of certain departments, boards and  
20 commissions shall be determined," establishing the Department  
21 of Energy and providing for its powers and duties; creating  
22 the Energy Research and Development Advisory Board and  
23 prescribing its functions; further providing for the  
24 composition of the Environmental Quality Board and for  
25 special powers relating to State vehicles; providing for  
26 energy or fuel supply emergencies and for coordination of  
27 monitoring of supplies of energy resources; further providing  
28 for the composition of the Energy Development Authority and  
29 for indebtedness of the Energy Development Authority; and  
30 transferring personnel, appropriations and equipment.

31 The General Assembly of the Commonwealth of Pennsylvania

1 hereby enacts as follows:

2 Section 1. Section 201 of the act of April 9, 1929 (P.L.177,  
3 No.175), known as The Administrative Code of 1929, amended  
4 December 30, 1984 (P.L.1299, No.245) and repealed in part May

1 by the Minority Leader of the House of Representatives.

2 The term of office of each member appointed by the Governor  
3 shall be four (4) years, measured from the third Tuesday of  
4 January of the year in which the member takes office, or until  
5 his successor has been appointed except, that in the initial  
6 appointments of the members of the board, the Governor shall  
7 appoint six (6) members for terms of two (2) years each and six  
8 (6) members for terms of three (3) years each.

9 Any member appointed to fill a vacancy created otherwise than  
10 by expiration of a term shall be appointed for the unexpired  
11 term of the member whom he is to succeed. Members of the board  
12 shall not receive any compensation for their service, but shall  
13 be reimbursed for actual and necessary expenses incurred in the  
14 performance of their duties and shall receive a per diem  
15 allowance of ninety dollars (\$90).

16 A majority of the members shall constitute a quorum. Meetings  
17 of the board shall be held at least quarterly or at the call of  
18 the chairman, or at the request of at least nine (9) members of  
19 the board.

20 The Department of Energy shall provide technical assistance  
21 and support services to the board.

22 Section 5. Section 471 of the act, amended November 1, 1979  
23 (P.L.251, No.83), is amended to read:

24 Section 471. Environmental Quality Board.--The Environmental  
25 Quality Board shall consist of the Secretary of Environmental  
26 Resources, who shall be chairman thereof, the Secretary of  
27 Health, the Secretary of Commerce, the Secretary of  
28 Transportation, the Secretary of Agriculture, the Secretary of  
29 Labor and Industry, the Secretary of Community Affairs, the  
30 Secretary of Energy, the Executive Director of the Pennsylvania

3 [the Executive Director of the State Planning Board,] the  
4 Executive Director of the Pennsylvania Historical and Museum  
5 Commission, five members of the Citizens Advisory Council, and  
6 four members of the General Assembly. The Citizens Advisory  
7 Council members shall be designated by, and serve at the  
8 pleasure of, the Citizens Advisory Council. One of the General  
9 Assembly members shall be designated by, and serve at the  
10 pleasure of, the President Pro Tempore of the Senate, one by the  
11 Minority Leader of the Senate, one by the Speaker of the House  
12 of Representatives and one by the Minority Leader of the House  
13 of Representatives. In addition to the heads of the various  
14 departments as elsewhere in this act provided, the other members  
15 of the board may have named alternates to serve in their stead,  
16 the alternates for the members of the board from the Citizens  
17 Advisory Council to be selected by that council from members of  
18 the council and each other alternate to be selected by that  
19 particular member of the board in whose stead he is to serve. No  
20 person will serve as alternate for more than one board member.

21 Eight members of the board shall constitute a quorum.

22 Section 6. The act is amended by adding an article to read:

23 ARTICLE XIX-B

24 POWERS AND DUTIES OF THE DEPARTMENT OF ENERGY,

25 ITS OFFICERS AND ITS ADVISORY BOARD

26 Section 1901-B. Department of Energy Established.--The  
27 Department of Energy, which is hereby established as an  
28 administrative department, shall have the powers and duties  
29 granted to and imposed upon it by this article and by any other  
30 statutory provisions. In addition, the Department of Energy and

the Secretary of Energy shall have all the powers and duties granted to and imposed upon the former Pennsylvania Energy Office prior to the effective date of this article.

Section 1902-B. Powers and Duties.--The Department of Energy shall have the power and its duty shall be:

(1) To promote the development of this Commonwealth's indigenous energy resources, consistent with economic feasibility, environmental protection and public health and safety by providing information, technical assistance and financial assistance.

(2) To promote the efficient use and conservation of energy in this Commonwealth through the conduct of a Statewide educational program and by providing information, technical assistance and financial assistance.

(3) To serve as the primary agency in this Commonwealth for the collection, maintenance and analysis of information on all forms of energy, conservation of energy and related subjects.

(4) To maintain a liaison with energy producers, suppliers, distributors and consumers and other Federal and State agencies concerning energy-related matters.

(5) In cooperation with the Energy Research and Development Advisory Board and the Energy Development Authority, to promote research and development efforts which will contribute to the integrity and adequacy of the Commonwealth's energy resources, with priority given to research and development involving utilization of Pennsylvania's coal resources and pollution control methods which will facilitate utilization of Pennsylvania coal.

(6) To encourage the development of new markets for the Commonwealth's indigenous energy resources.

1     (7) To monitor energy prices and evaluate rate and price  
2 policies.

3     (8) To establish an energy information forecasting system.

4     (9) To determine the effect of energy and fuel shortages on  
5 consumers.

6     (10) To coordinate the monitoring of energy or fuel supplies  
7 to determine whether there exists or is likely to exist an  
8 emergency shortage pursuant to section 2802-C(a) of this act and  
9 to conduct emergency allocation measures during a period of  
10 declared energy or fuel supply emergencies, pursuant to section  
11 2802-C(b) of this act in accordance with an Emergency Allocation  
12 Plan. The Emergency Allocation Plan shall be developed and  
13 implemented by the department in conjunction with the  
14 Pennsylvania Public Utility Commission and the Pennsylvania  
15 Emergency Management Agency and shall be part of the  
16 Pennsylvania Energy Policy and Plan.

17     (11) To review, study and monitor the efficiency of energy  
18 utilization in State Government operations and suggest remedial  
19 measures. The department shall direct all Commonwealth agencies  
20 to develop, subject to the department's approval, contingency  
21 plans for dealing with energy or fuel supply emergencies.  
22 Portions of emergency allocation or contingency plans which  
23 pertain to energy industries regulated by the Pennsylvania  
24 Public Utility Commission shall be made available to the  
25 department upon request.

26     (12) To assist in the review of plans, policies, rules and  
27 regulations of other Commonwealth agencies regarding energy  
28 development, production, conversion, distribution, transmission,  
29 use or conservation.

30     (13) To intervene in the proceedings of the Pennsylvania

Public Utility Commission and regulatory proceedings of other Federal or State agencies if the proceedings relate to energy development, production, conversion, distribution, transmission, use or conservation.

(14) To apply for, accept and expend grants-in-aid and assistance for energy programs from public and private sources and to serve as the manager and coordinator of Federal energy grants, petroleum overcharge funds and private energy funds.

(15) To update and publish, at least once every five years, a Pennsylvania Energy Policy and Plan developed by the Energy Research and Development Advisory Board. The Pennsylvania Energy Policy and Plan shall include information regarding the development, production, distribution, consumption and conservation of energy in this Commonwealth. The Emergency Allocation Plan shall be included in the Pennsylvania Energy Policy and Plan. The Pennsylvania Energy Policy and Plan and any amendments thereto shall be submitted to the Governor and the General Assembly.

(16) To provide necessary staff and assistance to the Energy Research and Development Advisory Board and the Energy Development Authority.

(17) To assist in the implementation of the act of December 15, 1980 (P.L.1203, No.222), known as the "Building Energy Conservation Act," and to establish a Building Energy Conservation Committee, pursuant to section 304 of the "Building Energy Conservation Act."

(18) To enter into interstate compacts or agreements to carry out energy research and planning with the Federal Government or other states.

(19) To advise the Governor and the General Assembly

regarding Federal, State and international energy policies,  
practices, programs and legislation and to submit proposed  
legislation to the General Assembly for its consideration.

(20) To issue subpoenas and conduct hearings and  
investigations.

(21) To acquire, purchase, grant and contract for eminent  
domain title to real property to demonstrate facilities for  
improved energy efficiency.

(22) To construct and operate facilities which improve  
energy efficiency.

(23) To contract with any other public agency or  
corporation.

(24) To keep complete and accurate minutes of all hearings  
held before the department or any division of the department.

(25) To promulgate regulations necessary to administer this  
article and to administer any applicable Federal regulations.

(26) To cooperate with all other Federal and State agencies  
in carrying out its responsibilities.

Section 1903-B. Organization.--The Department of Energy  
shall be organized into an Executive Office and three divisions.  
The Secretary of Energy shall appoint as the head of each of the  
following divisions a person knowledgeable and experienced in  
the areas for which that division is responsible:

(1) Office of Administration.

(2) Office of Energy Policy and Programs.

(3) Office of Energy Planning and Evaluation.

Section 1904-B. Divisions.--(a) The Secretary of Energy  
shall be responsible for the general administration and  
coordination of the Department of Energy and its divisions. The  
Secretary shall appoint a Chief Counsel who shall provide legal

1 services to the department.

2 (b) The Office of Administration shall be headed by a Deputy  
3 Secretary for Administration who shall be appointed by the  
4 Secretary of Energy. The Office of Administration shall have  
5 responsibility for personnel and fiscal management, information  
6 systems and office systems and services and shall have such  
7 other responsibilities as may be assigned by the Secretary of  
8 Energy.

9 (c) The Office of Energy Policy and Programs shall be headed  
10 by a Deputy Secretary for Energy Policy and Programs who shall  
11 be appointed by the Secretary of Energy. The Office of Energy  
12 Policy and Programs shall have responsibility for administration  
13 of grants, nuclear energy, fossil fuels, renewable energy  
14 resources, utility issues and energy conservation programs and  
15 shall have such other responsibilities as may be assigned by the  
16 Secretary of Energy.

17 (d) The Office of Energy Planning and Evaluation shall be  
18 headed by a Deputy Secretary for Energy Planning and Evaluation  
19 who shall be appointed by the Secretary of Energy. The Office of  
20 Energy Planning and Evaluation shall have responsibility for  
21 regulatory affairs, emergency preparedness, market evaluation  
22 and promotion, intergovernmental relations, community relations,  
23 public information and shall have such other responsibilities as  
24 may be assigned by the Secretary of Energy.

25 Section 1905-B. Salary of the Secretary of Energy.--The  
26 Secretary of Energy shall receive an annual salary, payable in  
27 equal semi-monthly installments of seventy-two thousand dollars  
28 (\$72,000).

29 Section 1906-B. Energy Research and Development Advisory  
30 Board.--(a) The Energy Research and Development Advisory Board

1 shall have the responsibility for developing a Pennsylvania  
2 Energy Policy and Plan for this Commonwealth.

3 (b) The board shall assist and provide advice to the  
4 Secretary of Energy and the Energy Development Authority. The  
5 Secretary of Energy and the Energy Development Authority shall  
6 work with and receive advice from the Energy Research and  
7 Development Advisory Board in the development of energy programs  
8 and projects in this Commonwealth.

9 (c) The functions of the Energy Research and Development  
10 Advisory Board shall include, but not be limited to, the  
11 following:

12 (1) Providing liaison among energy producers, labor  
13 organizations, academia and agencies of the Commonwealth and the  
14 United States on matters relating to energy and encouraging the  
15 exchange of information regarding energy research and  
16 development between the Commonwealth and other states and  
17 nations.

18 (2) Providing coordination and oversight of all energy  
19 research programs conducted at colleges and universities located  
20 within this Commonwealth and, where possible, providing  
21 coordination and oversight of all energy research programs  
22 conducted in the private sector.

23 (3) Recommending energy research and development projects,  
24 with priority being given to demonstrations of technology which  
25 enhance the production and use of Pennsylvania coals and the  
26 more efficient combustion of all fossil fuels. Before the board  
27 makes any recommendation, it shall first consult with agencies  
28 of the Federal Government that have jurisdiction over matters  
29 involving energy, colleges and universities within this  
30 Commonwealth, and other state governments in order to avoid

1 duplication of effort and expense.

2 (4) Assisting the Energy Development Authority in the  
3 evaluation of energy research and development projects which  
4 apply to the Energy Development Authority for financial or  
5 technical assistance.

6 (5) Assisting the Secretary of Energy in developing  
7 environmentally sound, cost-effective energy programs and  
8 policies and procedures to implement such programs.

9 Section 7. Sections 2407.1, 2801-C and 2802-C of the act,  
10 added December 14, 1982 (P.L.1213, No.280), are amended to read:

11 Section 2407.1. Special Power Relating to State Vehicles.--

12 (a) The Department of General Services, in cooperation with the  
13 Department of Energy, shall, on an ongoing basis, monitor the  
14 research and development efforts to produce synthetic motor  
15 vehicle fuel derived in whole or in part from coal and shall  
16 determine the feasibility of converting State-owned vehicles to  
17 operate on such synthetic fuel.

18 (b) In making [its] the determination of the feasibility of  
19 using a synthetic motor vehicle fuel derived in whole or in part  
20 from coal, the [department is] departments are authorized to  
21 utilize such synthetic fuel in a limited number of State-owned  
22 vehicles on an experimental basis and to make necessary  
23 mechanical changes in those vehicles to facilitate the  
24 experimentation.

25 (c) If, as a result of the monitoring and experimentation  
26 conducted in accordance with subsections (a) and (b), the  
27 [department determines] departments determine that there is a  
28 sufficient, assured supply of such synthetic fuel which can be  
29 used in one or more State-owned vehicles at a reasonable cost  
30 and without creating any significant threat to the environment,

1 the [department] departments shall submit to the General  
2 Assembly a plan for such conversion. Such plan shall be  
3 accompanied by a summary report setting forth the basis for the  
4 [department's] determination that such conversion is feasible.

5 Section 2801-C. Definitions.--The following words and  
6 phrases when used in this article shall have the meanings given  
7 to them in this section unless the context clearly indicates  
8 otherwise:

9 "Authority" means the Energy Development Authority.

10 "Board" means the board of directors of the authority.

11 "Bond" or "Bonds" means notes, bonds, refunding or renewal  
12 notes and bonds and other evidence of indebtedness or  
13 obligations which the authority is authorized to issue.

14 "Cost" means the expense of construction and the expense of  
15 acquisition of all structures, lands and other property rights  
16 and interests in land necessary to a project. The term also  
17 includes the expense of demolishing, removing or relocating any  
18 buildings or structures on lands acquired or to be acquired,  
19 including the expense of acquiring any lands to which such  
20 buildings or structures may be moved or relocated; sewage  
21 treatment, waste treatment and pollution control facilities;  
22 railroad sidings, spurs or branch lines; all labor, materials,  
23 machinery and equipment, fixtures; financing charges; interest  
24 on all bonds prior to and during construction, and for a period  
25 of one year thereafter; engineering, financial and legal  
26 services; plans, specifications, studies, surveys necessary or  
27 incidental to determining the feasibility or practicability of  
28 constructing a project; administrative expenses; reserves for  
29 interest and for extension, enlargements, additions and  
30 improvements; and such other expenses as may be necessary or

1 incidental to the construction of the project and the placing of  
2 the same in operation.

3 "Energy or fuel supply emergency" means a state of emergency,  
4 declared by proclamation of the Governor within twenty-four  
5 hours after the occurrence of an energy resource shortage or  
6 supply or distribution problem resulting because of an absence  
7 of availability or a critically reduced supply of any energy  
8 source, which cannot be satisfactorily alleviated or resolved by  
9 or under the authority of State regulatory authorities having  
10 jurisdiction over such energy resources, thereby jeopardizing  
11 the health, safety, welfare and economic well-being of the  
12 inhabitants of this Commonwealth.

13 "Energy resource" means any force or material which yields or  
14 has the potential to yield energy, including, but not limited  
15 to, electrical, fossil and nuclear sources.

16 "Person" means a natural person, corporation, partnership,  
17 association, and any municipality of this Commonwealth and any  
18 public corporation, authority or body whatsoever.

19 "Petroleum product" includes motor gasoline, kerosene,  
20 distillates (including Number 2 fuel oil) and diesel fuel.

21 "Project" means an activity, entirely or largely conducted in  
22 Pennsylvania, which cannot be effectively funded using privately  
23 available resources, relating to:

24 (1) basic and applied research concerning energy use,  
25 renewable energy resources and energy extraction, transmission,  
26 storage or conversion;

27 (2) limited scale demonstration of innovative or  
28 commercially unproven technology to promote the production, use  
29 or conservation of energy; [or]

30 (3) activities to promote or remove obstacles to the

1 utilization and transportation of Pennsylvania energy resources,  
2 including but not limited to limited scale synthetic fuel  
3 facilities and the conversion or technological improvement of  
4 industrial, commercial or agricultural systems to utilize  
5 Pennsylvania coal or renewable energy resources: Provided, That  
6 no such facility unreasonably interferes with private waste  
7 recycling industries[.];

8 (4) activities to promote and develop projects, on a local  
9 or regional basis, for the cogeneration of power through the  
10 utilization of solid waste; or

11 (5) activities which seek to reduce pollution and are  
12 associated with energy development, production or distribution.

13 "Renewable energy source" means any method, process or  
14 substance whose supply is rejuvenated through natural processes  
15 and, subject to those material processes, remains relatively  
16 constant, including, but not limited to, biomass conversion,  
17 geothermal energy, solar and wind energy and hydroelectric  
18 power, and excluding those sources of energy used in the fission  
19 and fusion processes.

20 Section 2802-C. [Emergency Petroleum Product Shortages.--(a)  
21 The Governor may, by executive order, proclaim a state of  
22 emergency based upon a finding that there impends or exists a  
23 substantial shortage of petroleum products available for use in  
24 Pennsylvania which poses a serious threat to health, safety or  
25 welfare of the public.] Energy or Fuel Supply Emergency.--(a)  
26 In the event that the threat or danger of an energy or fuel  
27 supply emergency is imminent, the Governor may, after  
28 consultation with the Lieutenant Governor, the Department of  
29 Energy, the Pennsylvania Public Utility Commission and the  
30 Department of Environmental Resources, declare a state of energy

1 or fuel supply emergency. A state of energy or fuel supply  
2 emergency shall remain in effect for the maximum period of  
3 ninety days [and may be extended], but may be terminated or  
4 extended by the Governor unless the termination or extension is  
5 disapproved by concurrent resolution adopted by both Houses of  
6 the General Assembly. A state of emergency may be declared for  
7 all or any portion of the Commonwealth.

8 (b) [Upon proclamation of a state of emergency, the Governor  
9 shall designate a State agency to conduct emergency allocation  
10 measures during the period of the declared emergency. Emergency  
11 allocation measures may consist of:

12 (1) the administration of any emergency allocation powers  
13 delegated to the State by the President or any Federal agency;

14 (2) the implementation of a set aside program, for not more  
15 than one percent (1%) of the petroleum products available for  
16 use in Pennsylvania, to alleviate hardship or meet emergency  
17 needs. A set aside program shall be established in conformity  
18 with any Federal law, regulations or executive orders governing  
19 petroleum allocation, and shall apply only to petroleum products  
20 found to be in a substantial shortage;

21 (3) measures to reduce the demand for or consumption of  
22 gasoline; and

23 (4) other measures identified by the Governor in his  
24 executive order proclaiming a state of emergency as necessary to  
25 protect the public health, safety and welfare.

26 (c) The agency designated by the Governor to conduct  
27 emergency measures may, during the period of the emergency,  
28 adopt rules and regulations pursuant to section 204 of the act  
29 of July 31, 1968 (P.L.769, No.240), referred to as the  
30 Commonwealth Documents Law. Any regulation adopted during a

1 state of emergency shall be automatically rescinded upon the  
2 expiration of the emergency.

3 (d) The Governor may designate a state agency to monitor  
4 supplies of petroleum products available for use in the  
5 Commonwealth to determine whether there exists, or is likely to  
6 exist, an emergency shortage.

7 (1) In order to monitor supplies of petroleum products, the  
8 agency may require recordkeeping and periodic reports from  
9 petroleum suppliers. These reporting and recordkeeping  
10 requirements shall, to the maximum extent possible, employ  
11 Federally mandated reports and records, avoid any unnecessary  
12 duplicative reporting or recordkeeping, and minimize paperwork,  
13 recordkeeping and reporting requirements.

14 (2) Reports filed and records maintained pursuant to this  
15 subsection shall be deemed confidential.

16 (3) When a petroleum supplier or a company providing  
17 information to a petroleum supplier claims that the information  
18 requested by the agency is confidential, proprietary, market or  
19 trade secret information, or when the information is deemed  
20 confidential pursuant to this section, the agency shall not  
21 disclose such information publicly or to any other governmental  
22 agency unless the information is aggregated as part of a  
23 statistical report in which the data and individual companies  
24 supplying the data cannot be identified.

25 (4) No employe or appointee of the agency or other person  
26 may release information from a petroleum product company that  
27 would enable data provided by or relating to individual  
28 customers of the petroleum company to be identified as relating  
29 to or coming from the individual customer. Any person disclosing  
30 such information in violation of this section shall be guilty of

1 a misdemeanor, shall be subject to disciplinary action,  
2 including reprimand, suspension or termination, and may be  
3 ordered to make restitution to any injured or aggrieved party  
4 for losses or damages shown.

5 (5) In order to obtain information required pursuant to this  
6 subsection, the agency designated by the Governor to monitor  
7 supplies of petroleum products may receive or share information  
8 from any other Commonwealth, Federal or local agency: Provided,  
9 That the agency shall provide the same confidentiality to  
10 information recovered as is provided by the supplying agency.]  
11 Upon proclamation of a state of emergency, the Governor shall  
12 have the power:

13 (1) To direct the Department of Energy to conduct emergency  
14 petroleum allocation measures which may consist of any of the  
15 following:

16 (i) The administration of any emergency petroleum allocation  
17 powers delegated to the State by the President or any Federal  
18 agency.

19 (ii) The implementation of a set-aside program, for not more  
20 than one per centum (1%) of the petroleum products available for  
21 use in this Commonwealth, to alleviate hardship or meet  
22 emergency needs. A set-aside program shall be established in  
23 conformity with any Federal law, regulations or executive orders  
24 governing petroleum allocation, and shall apply only to  
25 petroleum products found to be in a substantial shortage.

26 (iii) Measures to reduce the demand for or consumption of  
27 petroleum products.

28 (iv) The adoption of rules and regulations in the manner  
29 provided by law. Any regulation adopted during a state of  
30 emergency shall be automatically rescinded upon the expiration

1 of the emergency.

2 (v) Any other measures deemed necessary to protect the  
3 public health, safety and welfare.

4 (2) To encourage increased use of renewable energy sources.

5 (3) To suspend or modify existing State standards and  
6 requirements affecting or affected by the use of energy  
7 resources, including those related to air quality control.

8 (4) To order specific restrictions on the use and sale of  
9 energy resources, including, but not limited to:

10 (i) Restrictions on the interior temperature of public,  
11 commercial, industrial and school buildings.

12 (ii) Restrictions on the hours and days during which public,  
13 commercial, industrial and school buildings may be open.

14 (iii) Restrictions on lighting levels in public, commercial,  
15 industrial and school buildings.

16 (iv) Restrictions on the use of display and decorative  
17 lighting.

18 (v) Restrictions on the use of privately owned vehicles or a  
19 reduction in speed limits.

20 (vi) Restrictions on the use of public transportation,  
21 including directions to close a public transportation facility.

22 (vii) Restrictions on the use of pupil transportation  
23 programs operated by public schools.

24 (viii) Reduction in the number of elevators operating in  
25 office buildings during nonpeak hours.

26 (ix) Curtailment of nighttime sports, entertainment and  
27 recreational activities.

28 (x) Closing of public museums, art galleries and historic  
29 buildings.

30 (xi) Requiring Sunday closings of retail establishments,

1 except for those retail establishments that provide goods or  
2 services essential to the public welfare.

3 (xii) Reduction in the number of hours during which retail  
4 establishments may be open for business, except for those retail  
5 establishments which provide goods or services essential to the  
6 public welfare. Any retail establishment subject to this  
7 subclause shall be permitted to set its specific hours of  
8 operation, provided the total number of hours does not exceed  
9 the maximum number of hours authorized pursuant to this  
10 subclause.

11 (c) Any restrictions ordered by the Governor shall be  
12 automatically rescinded upon the expiration of the emergency.

13 (d) Any actions taken by the Governor pursuant to this  
14 section, insofar as they may apply to a regulated utility, shall  
15 not conflict with or supersede regulations or orders of the  
16 Pennsylvania Public Utility Commission or curtailment procedures  
17 on file with the Pennsylvania Public Utility Commission, nor  
18 shall any restrictions on the use of fuel for the generation of  
19 energy or on the transportation of fuel for the generation of  
20 energy be imposed prior to consultation with the Pennsylvania  
21 Public Utility Commission.

22 (e) An executive order, proclamation or directive issued  
23 under this section shall be disseminated promptly by means  
24 calculated to bring its contents to the attention of the  
25 citizens of this Commonwealth and published in accordance with  
26 the law. The Governor shall notify the General Assembly promptly  
27 of an executive order, proclamation or directive issued under  
28 this article.

29 (f) Any person who knowingly violates any order,  
30 proclamation or directive issued by the Governor under this

section commits a misdemeanor of the third degree and shall, upon conviction, be sentenced to pay a fine of not more than five hundred dollars (\$500). Each day of a continuing violation shall be a separate offense.

(g) Nothing in this article shall limit the authority of the Pennsylvania Public Utility Commission to regulate public utility service as provided in Title 66 of the Pennsylvania Consolidated Statutes (relating to public utilities).

Section 8. The act is amended by adding a section to read:

Section 2802.1-C. Coordination of Monitoring of Supplies of Energy Resources.--(a) The Department of Energy shall coordinate the monitoring of supplies of energy resources available for use in this Commonwealth to determine whether there exists, or is likely to exist, an emergency shortage.

(b) In order to coordinate the monitoring of energy resources, the Department of Energy may require recordkeeping and periodic reports from energy resource suppliers. These reporting and recordkeeping requirements shall, to the maximum extent possible, employ mandated reports and records of other Federal, State or local agencies, avoid any unnecessary duplicative reporting or recordkeeping, and minimize paperwork, recordkeeping and reporting requirements.

(c) Any agency that provides or receives reports or records under this act, any other act, any rule or regulation or any executive order or similar directive for the purpose of monitoring or coordinating the monitoring of supplies of energy resources shall keep such records or reports confidential unless the reports or records are deemed to be public information pursuant to the act, rule or regulation, executive order or directive under which they are provided.

1     (d) When an energy resource supplier or a company providing  
2 information to an energy resource supplier claims that the  
3 information requested by the agency is confidential,  
4 proprietary, market or trade secret information, or when the  
5 information is deemed confidential pursuant to this section, the  
6 agency shall not disclose such information publicly or to any  
7 other governmental agency unless the information is aggregated  
8 as part of a statistical report in which the data and individual  
9 companies supplying the data cannot be identified.

10    (e) No employe or appointee of the agency or other person  
11 may release information from an energy resource company that  
12 would enable data provided by or relating to individual  
13 customers of the energy resource company to be identified as  
14 relating to or coming from the individual customer. Any person  
15 disclosing such information in violation of this section shall  
16 be guilty of a misdemeanor of the third degree, shall be subject  
17 to disciplinary action, including reprimand, suspension or  
18 termination, and may be ordered to make restitution to any  
19 injured or aggrieved party for losses or damages shown.

20    (f) In order to obtain information required pursuant to this  
21 section, the Department of Energy may receive or share  
22 information from any other Federal, State or local agency:  
23 Provided, however, That the Department of Energy shall provide  
24 the same confidentiality to information received as is provided  
25 by the supplying agency.

26    Section 9. Section 2803-C of the act, amended or added  
27 December 14, 1982 (P.L.1213, No.280) and July 11, 1985 (P.L.211,  
28 No.55), is amended to read:

29    Section 2803-C. Energy Development Authority.--(a) There is  
30 hereby established within the Department of Energy the Energy

1 Development Authority.

2 (b) The authority shall be governed and all of its corporate  
3 powers exercised by a board of directors which shall be composed  
4 of the following individuals:

5 (1) Nine members to be appointed by the Governor, one of  
6 whom shall be designated as chairman. At least two members shall  
7 be members of the general public. The members initially  
8 appointed shall serve for terms of two, three and four years,  
9 respectively, the particular term of each to be designated by  
10 the Governor at the time of appointment. The terms of all of  
11 their successors shall be four years each, except that any  
12 person appointed to fill a vacancy shall serve only for the  
13 unexpired term. Every member's term shall extend until his  
14 successor is appointed and qualified. Any appointment of a  
15 member of the authority shall be subject to the advice and  
16 consent of a majority of all of the members of the Senate. Any  
17 appointed member of the authority shall be eligible for  
18 reappointment.

19 (1.1) The Secretary of Energy or his designee.

20 (2) The Secretary of Environmental Resources or his  
21 designee.

22 (3) The Secretary of Banking or his designee.

23 (4) The Secretary of Commerce or his designee.

24 (5) The Secretary of Agriculture or his designee.

25 (6) Two members of the Senate, one from the majority party  
26 and one from the minority party, to be appointed by the  
27 President pro tempore to serve at his pleasure, or the designees  
28 appointed by such members.

29 (7) Two members of the House of Representatives, one from  
30 the majority party and one from the minority party, to be

1 appointed by the Speaker of the House to serve at his pleasure,  
2 or the designees appointed by such members.

3 (8) The Consumer Advocate or his designee.

4 (9) The Chairman of the Public Utility Commission or his  
5 designee.

6 (10) The Chairman of the Energy Research and Development  
7 Advisory Board.

8 (c) The members of the board of directors shall be entitled  
9 to no compensation for their services as members but shall be  
10 entitled to reimbursement for all necessary expenses incurred in  
11 connection with the performance of their duties as members.

12 (d) The board of directors shall provide for the holding of  
13 regular and special meetings. Ten directors attending shall  
14 constitute a quorum for the transaction of any business and at  
15 least six votes shall be required to adopt any action, except  
16 that at least nine votes shall be required to approve financial  
17 assistance for any project.

18 Section 10. Section 2804-C(a) of the act, added December 14,  
19 1982 (P.L.1213, No.280), is amended to read:

20 Section 2804-C. Technical and Financial Support.--(a) The  
21 [Governor shall designate a State agency to] Department of  
22 Energy shall provide staff services to the authority for its  
23 administration of the act, including technical services to  
24 assist the authority in carrying out the provisions of this  
25 article.

26 \* \* \*

27 Section 11. Section 2807-C(a) of the act, amended December  
28 15, 1988 (P.L.1239, No.152), is amended to read:

29 Section 2807-C. Authority Indebtedness.--(a) The authority  
30 shall have the power and hereby is authorized from time to time,

1 by resolution of the authority and subject to the written  
2 approval of the Governor, to issue its negotiable bonds in such  
3 principal amount as, in the opinion of the authority, shall be  
4 necessary to provide sufficient funds for any of its corporate  
5 purposes, the establishment of reserves to secure such bonds and  
6 all other expenditures of the authority incident to and  
7 necessary or convenient to carry out its corporate purposes and  
8 powers. The authority may issue its bonds to provide financial  
9 assistance for projects only after the authority has first  
10 identified and approved such projects. The aggregate principal  
11 amount of bonds and notes of the authority shall not exceed  
12 [\$300,000,000] \$400,000,000 outstanding at any one time.

13 \* \* \*

14 Section 12. All personnel, allocations, appropriations,  
15 equipment, files, records, contracts, agreements, obligations  
16 and other material which are used, employed or expended in  
17 connection with the powers, duties or functions of the  
18 Pennsylvania Energy Office are hereby transferred to the  
19 Department of Energy established by this act with the same force  
20 and effect as if the appropriations had been made to and the  
21 items had been the property of the Department of Energy in the  
22 first instance, and as if the contracts, agreements and  
23 obligations had been incurred or entered into by the Department  
24 of Energy. The personnel, appropriations, equipment and other  
25 items and material transferred by this section shall include  
26 Federal grants and funds and other benefits from any Federal  
27 program. All personnel transferred under this act shall retain  
28 any civil service employment status assigned to the personnel.

29 Section 13. In addition to the retention of civil service  
30 employment status by employees transferred to the Department of

1 Energy, all new positions in the Department of Energy shall be  
2 deemed to be included in the list of positions set forth in  
3 section 3(d) of the act of August 5, 1941 (P.L.752, No.286),  
4 known as the Civil Service Act, and the provisions and benefits  
5 of that act shall be applicable to all employees of the  
6 Department of Energy.

7 Section 14. (a) Nothing set forth in this act shall  
8 supersede any curtailment plans which are established and  
9 approved by any Federal regulatory commission, the Pennsylvania  
10 Public Utility Commission or any ordinance duly adopted by any  
11 municipality or public gas system.

12 (b) All orders, permits, regulations, decisions and other  
13 actions of the Pennsylvania Energy Office or any department,  
14 board, commission or agency whose functions have been  
15 transferred by this act to the Department of Energy shall remain  
16 in full force and effect until modified, repealed, superseded or  
17 otherwise changed by appropriate action of the Department of  
18 Energy.

19 (c) The Department of Energy shall not have any authority to  
20 take any action affecting the jurisdiction of the Pennsylvania  
21 Public Utility Commission or any Federal administrative or  
22 regulatory agency. The Secretary of Energy, or his designee,  
23 however, shall have the authority to appear before the  
24 Pennsylvania Public Utility Commission or any Federal  
25 administrative or regulatory agency to provide information  
26 concerning State energy policies.

27 Section 15. All acts and parts of acts are repealed insofar  
28 as they are inconsistent with this act.

29 Section 16. This act shall take effect in 180 days.
