## THE GENERAL ASSEMBLY OF PENNSYLVANIA

## HOUSE BILL No. 2008 Session of 1997

INTRODUCED BY DALEY, GEORGE, MICHLOVIC, DeWEESE, BUXTON, OLASZ, BELARDI, HENNESSEY, BELFANTI, YOUNGBLOOD, TIGUE, PETRARCA, M. COHEN, WOJNAROSKI, MARKOSEK, CURRY, SERAFINI, McCALL, TRELLO, VAN HORNE, RAMOS AND HALUSKA, NOVEMBER 25, 1997

REFERRED TO COMMITTEE ON ENVIRONMENTAL RESOURCES AND ENERGY, NOVEMBER 25, 1997

## AN ACT

Amending the act of October 4, 1978 (P.L.864, No.167), entitled "An act providing for the regulation of land and water use 3 for flood control and storm water management purposes, imposing duties and conferring powers on the Department of 5 Environmental Resources, municipalities and counties, providing for enforcement, and making appropriations," 7 further providing for legislative findings, for watershed storm water plans and contents, for failure to submit plans, for effect of watershed plans, for failure to adopt certain 9 10 ordinances, for duty of land developers and for grants to 11 counties; and making an editorial change. 12 The General Assembly of the Commonwealth of Pennsylvania 13 hereby enacts as follows: 14 Sections 2, 4 and 5(a) of the act of October 4, Section 1. 15 1978 (P.L.864, No.167), known as the Storm Water Management Act, are amended to read: Section 2. Statement of legislative findings. 17 18 The General Assembly finds that: 19 Inadequate management of accelerated runoff of storm (1)20 water resulting from development throughout a watershed

increases flood flows and velocities, contributes to erosion

21

- and sedimentation, overtaxes the carrying capacity of streams
- 2 and storm sewers, greatly increases the cost of public
- 3 facilities to carry and control storm water, undermines flood
- 4 plain management and flood control efforts in downstream
- 5 communities, reduces ground-water recharge, and threatens
- 6 public health and safety.
- 7 (2) A comprehensive program of storm water management,
- 8 including reasonable regulation of development and activities
- 9 causing accelerated runoff, is fundamental to the public
- 10 health, safety and welfare and the protection of the people
- of the Commonwealth, their resources and the environment.
- 12 (3) Earlier efforts to encourage and assist storm water
- 13 <u>management planning in watersheds have met with limited</u>
- 14 success with less than 20% of the State's identified
- 15 <u>watersheds having completed plans in the 20 years since</u>
- 16 <u>enactment of legislation</u>. During that time, development has
- 17 proceeded without adequate quidance and has probably caused
- 18 the rash of flash flooding observed in this decade.
- 19 Section 4. Definitions.
- The following words and phrases when used in this act shall
- 21 have, unless the context clearly indicates otherwise, the
- 22 meanings given to them in this section:
- 23 "Department." The Department of Environmental [Resources]
- 24 Protection of the Commonwealth of Pennsylvania.
- 25 "Municipality." A city, borough, town or township, or any
- 26 county or other governmental unit when acting as an agent
- 27 thereof, or any combination thereof acting jointly.
- 28 "Pennsylvania Municipalities Planning Code." The act of July
- 29 31, 1968 (P.L.805, No.247), as amended.
- 30 "Person." An individual, partnership, public or private

- 1 association or corporation, firm, trust, estate, municipality,
- 2 governmental unit, public utility or any other legal entity
- 3 whatsoever which is recognized by law as the subject of rights
- 4 and duties. Whenever used in any section prescribing or imposing
- 5 a penalty, the term "person" shall include the members of a
- 6 partnership, the officers, members, servants and agents of an
- 7 association, officers, agents and servants of a corporation, and
- 8 the officers of a municipality or county, but shall exclude any
- 9 department, board, bureau or agency of the Commonwealth.
- 10 "Public utility service." The rendering of the following
- 11 services for the public:
- 12 (1) gas, electricity or steam production, generation,
- transmission or distribution;
- 14 (2) water diversion, pumping, impoundment, or
- 15 distribution;
- 16 (3) railroad transportation of passengers or property;
- 17 (4) operation of a canal, turnpike, tunnel, bridge,
- 18 wharf or similar structure;
- 19 (5) transportation of natural or artificial gas, crude
- 20 oil, gasoline or petroleum products, materials for
- 21 refrigeration or other fluid substances by pipeline or
- 22 conduit;
- 23 (6) telephone or telegraph communications; and
- 24 (7) sewage collection, treatment or disposal.
- 25 "Storm water." Drainage runoff from the surface of the land
- 26 resulting from precipitation or snow or ice melt.
- 27 "Watershed." The entire region or area drained by a river or
- 28 other body of water, whether natural or artificial.
- "Watershed storm water plan." A plan for storm water
- 30 management adopted by a county in accordance with section 5.

- 1 Section 5. Watershed storm water plans and contents.
- 2 (a) Within two years following the promulgation of
- 3 guidelines by the department pursuant to section 14, each county
- 4 shall prepare and adopt a watershed storm water management plan
- 5 for each watershed located in the county as designated by the
- 6 department, in consultation with the municipalities located
- 7 within each watershed, and shall periodically review and revise
- 8 such plan at least every five years. The department may, [for
- 9 good cause shown] due to limitations of funding, grant an
- 10 extension of time to any county for the preparation and adoption
- 11 of a watershed storm water management plan.
- 12 \* \* \*
- 13 Section 2. Section 10 of the act, repealed in part October
- 14 5, 1980 (P.L.693, No.142), is amended to read:
- 15 Section 10. Failure to submit plan; mandamus.
- 16 The department [may] shall institute an action in mandamus to
- 17 compel counties to adopt and submit plans in accordance with
- 18 this act.
- 19 Section 3. Sections 11, 12 and 13 of the act are amended to
- 20 read:
- 21 Section 11. Effect of watershed storm water plans.
- 22 (a) After adoption and approval of a watershed storm water
- 23 plan in accordance with this act, the location, design and
- 24 construction within the watershed of storm water management
- 25 systems, obstructions, flood control projects, subdivisions and
- 26 major land developments, highways and transportation facilities,
- 27 facilities for the provision of public utility services and
- 28 facilities owned or financed in whole or in part by funds from
- 29 the Commonwealth shall be conducted in a manner consistent with
- 30 the watershed storm water plan.

- 1 (b) Within six months following adoption and approval of the
- 2 watershed storm water plan, each municipality [shall] may adopt
- 3 or amend, and [shall] may implement such ordinances and
- 4 regulations, including zoning, subdivision and development,
- 5 building code, and erosion and sedimentation ordinances, as are
- 6 necessary to regulate development within the municipality in a
- 7 manner consistent with the applicable watershed storm water plan
- 8 and the provisions of this act. Municipalities which fail to
- 9 take these steps, or which fail to apply the applicable portions
- 10 of the plan or ordinances in decision making within this time
- 11 frame, shall not be immune to lawsuit by private persons,
- 12 <u>businesses</u>, corporations or public entities in their own or
- 13 other jurisdictions within their designated watershed which can
- 14 show that such failure led to subsequent harm to property or
- 15 persons from flooding.
- 16 (c) Damages under the provisions of subsection (b) of this
- 17 <u>section shall be limited to twice actual damages plus reasonable</u>
- 18 <u>legal fees and costs for property complaints and to twice</u>
- 19 remaining lifetime earnings plus reasonable legal fees and costs
- 20 for loss of life or proportionally for disability. Insurers
- 21 paying claims resulting from an alleged failure cited in
- 22 subsection (b) of this section may join such suits and are
- 23 entitled to actual claims paid plus reasonable legal fees and
- 24 costs. Insurers' claims shall be deducted from the twice actual
- 25 loss or twice actual earnings limitations available to the
- 26 <u>injured parties</u>.
- 27 (d) Nothing in subsection (b) of this section shall be
- 28 construed to compel a municipality to engage in capital
- 29 <u>expenditures in excess of \$25,000 annually to meet plan</u>
- 30 recommendations unless all the following conditions exist:

- 1 (1) There are public grant funds available which require
- 2 <u>no local matching funds.</u>
- 3 (2) The municipality can be shown to have knowledge of
- 4 <u>the availability of such funds.</u>
- 5 (3) The municipality failed to apply for such funds.
- 6 Section 12. Failure of municipalities to adopt implementing
- 7 ordinances.
- 8 (a) If the department finds that a municipality has failed
- 9 to adopt or amend, and implement such ordinances and regulations
- 10 as required by section 11, the department shall provide written
- 11 notice of violation to the municipality.
- 12 (b) Within 60 days of receipt of the notice of violation,
- 13 the municipality shall report to the department the action which
- 14 it is taking to comply with the requirement or regulation.
- 15 (c) [If within 180 days of receipt of the notice of
- 16 violation, the municipality has failed to comply with such
- 17 requirement or regulation, as determined by the department, the
- 18 department shall notify the State Treasurer to withhold payment
- 19 of all funds payable to the municipality from the General Fund.
- 20 Provided, that prior to any withholding of funds, the department
- 21 shall give both notice to the municipality of its intention to
- 22 notify the State Treasurer to withhold payment of funds and the
- 23 right to appeal the decision of the department within the 180-
- 24 day period following notification. The hearing shall be
- 25 conducted before the Environmental Hearing Board in accordance
- 26 with the provisions of the act of April 9, 1929 (P.L.177,
- 27 No.175), known as "The Administrative Code of 1929," and
- 28 Chapters 5 and 7 of Title 2 (Administrative Law and Procedure),
- 29 of the Pennsylvania Consolidated Statutes. If an appeal is filed
- 30 within the 180-day period, funds shall not be withheld from the

- 1 municipality until the appeal is decided.
- 2 (d)] Any person, other than a municipality, aggrieved by an
- 3 action of the department shall have the right within 30 days of
- 4 receipt of notice of such action to appeal such action to the
- 5 Environmental Hearing Board, pursuant to section 1921-A, act of
- 6 April 9, 1929 (P.L.177, No.175), known as "The Administrative
- 7 Code of 1929," and the provisions of Chapters 5 and 7 of Title 2
- 8 (Administrative Law and Procedure) of the Pennsylvania
- 9 Consolidated Statutes.
- 10 Section 13. Duty of persons engaged in the development of land.
- 11 <u>(a)</u> Any landowner and any person engaged in the alteration
- 12 or development of land which may affect storm water runoff
- 13 characteristics shall implement such measures consistent with
- 14 the provisions of the applicable watershed storm water plan as
- 15 are reasonably necessary to prevent injury to health, safety or
- 16 other property. Such measures shall include such actions as are
- 17 required:
- 18 (1) to assure that the maximum rate of storm water
- 19 runoff is no greater after development than prior to
- 20 development activities; or
- 21 (2) to manage the quantity, velocity and direction of
- 22 resulting storm water runoff in a manner which otherwise
- adequately protects health and property from possible injury.
- (b) Failure to comply with an adopted county plan, whether
- 25 <u>adopted or enforced by the local municipality, shall subject a</u>
- 26 <u>developer of properties constructed after the adoption of this</u>
- 27 subsection to liability for flooding damages reasonably
- 28 connected to that project incurred by any person, business,
- 29 corporation or public facility within the watershed. Limitations
- 30 on damages in this section shall be consistent with the limits

- 1 of subsection (c) of section 11. When a plaintiff under this act
- 2 <u>sues both a municipality and a private developer or developers,</u>
- 3 the municipality shall bear half of any award and costs, and the
- 4 developer or developers shall be assessed the remainder. No
- 5 award shall exceed the limits set forth in subsection (c) of
- 6 section 11.
- 7 (c) Compliance with an adopted county plan and good faith
- 8 efforts to meet the requirements of paragraphs (1) and (2) of
- 9 <u>subsection (a) of this section shall provide an absolute shield</u>
- 10 for a developer against any liability for subsequent flooding
- 11 damages within the watershed. Changes incorporated into the plan
- 12 <u>in subsequent updates shall be advisory only for existing</u>
- 13 private properties and failure to conform to such
- 14 recommendations shall not subject a private property owner to
- 15 <u>any future liability.</u>
- 16 Section 4. Section 17 of the act, amended May 24, 1984
- 17 (P.L.324, No.63), is amended to read:
- 18 Section 17. Grants and reimbursements to [municipalities and]
- 19 counties.
- 20 (a) The [Department of Environmental Resources] <u>department</u>
- 21 is authorized to administer grants to [municipalities and]
- 22 counties to assist or reimburse them for costs in preparing
- 23 official storm water management plans [and actual administrative
- 24 and enforcement and implementation costs] and revisions to
- 25 official plans for storm water management required by this act.
- 26 Grants and reimbursements shall be made from and to the extent
- 27 of funds appropriated by the General Assembly for such purposes,
- 28 and shall be made in accordance to rules and regulations adopted
- 29 by the Environmental Quality Board.
- 30 (1) The grant shall be equal to [75%] 100% of the

- 1 allowable costs for preparation of official storm water
- 2 management plans[, administrative, enforcement and
- implementation costs] incurred by any [municipality or]
- 4 county.
- 5 (2) For the purposes of this section, such State grants
- 6 shall be in addition to grants for similar purposes <u>related</u>
- 7 to enforcement, administration or implementation of such
- 8 <u>plans</u> made to any municipality or county by the Federal
- 9 Government[: Provided, That the grants authorized by this
- 10 section shall be limited such that the total of all State and
- 11 Federal grants does not exceed 75% of the allowable costs
- incurred by the municipality or county].
- 13 (b) Nothing in this section shall be construed to impair or
- 14 limit application of this act to any municipality or person, or
- 15 to relieve any municipality or person of duties imposed under
- 16 this act.
- 17 (c) If, in any fiscal year, appropriations are insufficient
- 18 to cover the costs or grants and reimbursement to [all
- 19 municipalities and] counties eligible for such grants and
- 20 reimbursements in that fiscal year, the [Department of
- 21 Environmental Resources] department shall report such fact to
- 22 the General Assembly and shall request appropriation of funds
- 23 necessary to provide the grants authorized in this section. If
- 24 such a deficiency appropriation is not enacted, any
- 25 [municipality or] county which has not received the full amount
- 26 of the grant for which it is eligible under this section shall
- 27 be as a first priority reimbursed from appropriations made in
- 28 the next successive fiscal year.
- 29 (d) To defray the cost of such plans, all insurers providing
- 30 <u>homeowner's insurance, commercial and industrial property</u>

- 1 insurance, and renter's insurance in this Commonwealth shall
- 2 <u>collect a surcharge on all premiums of .25% and shall provide</u>
- 3 these revenues to the Commonwealth on a quarterly basis. The
- excess of such revenue over the cost of storm water management 4
- 5 plans shall be deposited in a restricted fund administered by
- the department for grants for municipal storm water management 6
- 7 improvement projects including residential property buyouts.
- After buyouts are subtracted in any year, the proportion of 8
- grant funds available to each departmental region shall be in
- direct proportion to the percentage of surcharge funds generated 10
- 11 from that region.
- 12 Section 5. This act shall take effect in 60 days.
