REFERRED TO STATE GOVERNMENT, OCTOBER 9, 2001

AN ACT

1 Requiring all public bodies, including the Commonwealth, its
2 agencies, authorities and political subdivisions, to include
3 in certain contracts a provision that if certain products are
4 to be used in the performance of the contract, only those
5 products produced in this Commonwealth or the United States
6 shall be used; and providing for a cause of action and for
7 civil penalties.

8 The General Assembly finds and declares as follows:

9 (1) The Commonwealth is one of the leading manufacturing
10 states in the United States.

11 (2) Manufacturing constitutes a major industry in this
12 Commonwealth and, as such, provides the jobs and family
13 incomes for tens of thousands of people of this Commonwealth.

14 (3) Substantial revenues are generated for the
15 Commonwealth and its political subdivisions as a result of
16 manufactured products.

17 (4) The Commonwealth's public policy for many years has
18 been to aid and support the development and expansion of the
19 manufactured products in this Commonwealth in order to foster
20 the economic well-being of this Commonwealth and its people.

1 (5) The economy and general welfare of this Commonwealth
2 and its people, as well as the economy, general welfare and
3 national security of the United States, are inseparably
4 related to the preservation of the manufacturing industry in
5 this Commonwealth and in many other states.

6 (6) The General Assembly therefore declares it to be the
7 public policy of the Commonwealth that all public bodies and
8 officers should at all times aid and promote the development
9 of manufactured products in this Commonwealth in order to
10 stimulate and improve the economic well-being of this
11 Commonwealth and its people.
