21 (4) A paper printout of the voter's vote produced by a touch

manner that makes it possible to associate a voter with the
record of the voter's vote.

(d) The permanent voter-verified paper record produced in
accordance with this section shall be preserved as follows:

(1) In the case of votes cast at the polling place on the
date of the election, within the polling place in the manner or
method in which all other paper ballots are preserved within

3 (B) Publicly conduct a random drawing as specified in clause
4 (3) to determine which of the precincts in the county will be
5 selected for the mandatory hand counts of the voter-verified
6 paper records as specified in clause (1). A drawing shall not

24 (ii) With respect to votes cast at the precinct or
25 equivalent location on or before the date of the election, other
26 than provisional ballots, the county board of elections shall
27 require to be counted by hand the voter-verified paper records
28 and compare those records with the initial count of the votes as
29 announced by the precinct.

30 (iii) With respect to votes cast other than at the precinct

1 on the date of the election or votes cast by provisional ballot
2 on the date of the election which are certified and counted by
3 the county on or after the date of the election, including votes
4 cast by absent uniformed services voters and overseas voters,
5 the county board of elections shall count by hand the applicable
6 voter-verified paper records and compare its count with the
7 machine tally of those votes.

8 (3) The selection of the precincts in a county in which the
9 county board of elections shall conduct hand counts of the
10 voter-verified paper records as specified in this subsection
11 shall be made publicly by the county board of elections on an
12 entirely random basis using a uniform distribution in which all
13 precincts in a county have an equal chance of being selected.
14 The timing of when the random selection is made shall be
15 specified in clause (2)(i).

16 (4) If the county board of elections finds that any of the
17 hand counts conducted under this subsection show a discrepancy
18 between the hand count and the initial vote count in a
19 jurisdiction within the county, the county board of elections
20 shall conduct hand counts under this subsection at such
21 additional precincts within the county as the county board of
22 elections considers appropriate to resolve any concerns and
23 ensure the accuracy of the results.

24 (5) (i) As soon as practicable after the completion of an
25 audit conducted under this subsection, the county board of
26 elections shall announce and publish the results of the audit
27 and shall include in the announcement a comparison of the
28 results of the election in the precinct as determined by the
29 county board of elections under the audit and the initial vote
30 count in the precinct as announced by the county board of

1 elections as specified in clause (2)(i)(A), broken down by the
2 categories of votes described in clause (2)(ii) and (iii). Any
3 discrepancies between the corresponding audit results and
4 initial vote counts shall be duly noted, along with a
5 description of the actions taken by the county board of
6 elections for resolution of the discrepancies.

7 (ii) No county may certify the results of any election which
8 is subject to an audit under this subsection prior to the
9 completion of the audit and the announcement and publication of
10 the results of the audit under subclause (i).

11 Section 3. The addition of sections 1112-A(a)(4.1) and
12 1112.1-A shall apply to elections occurring on or one year from
