17 The General Assembly of the Commonwealth of Pennsylvania
18 hereby enacts as follows:

19 Section 1. The act of March 20, 2002 (P.L.154, No.13), known
20 as the Medical Care Availability and Reduction of Error (Mcare)
21 Act, is amended by adding a section to read:

22 Section 517. Hospital care or assistance necessitated by
23 traumatic injury immunity.

24 (a) General rule.--Except as provided in subsection (b), a

1 hospital that in good faith renders care or assistance
2 necessitated by a traumatic injury demanding immediate medical
3 attention, for which the patient enters the hospital through its
4 emergency room or trauma center, may not be held liable for
5 noneconomic and punitive damages to or for the benefit of any
6 claimant arising out of any act or omission in rendering that
7 care or assistance if the care or assistance is rendered in good
8 faith and in a manner not amounting to gross negligence or
9 reckless, willful or wanton conduct.

10 (b) Exception.--The limitation on liability provided
11 pursuant to this section does not apply to any act or omission
12 in rendering care or assistance:

13 (1) which occurs after the patient is stabilized and is
14 capable of receiving medical treatment as a nonemergency
15 patient, unless surgery is required as a result of the
16 emergency within a reasonable time after the patient is
17 stabilized, in which case the limitation on liability
18 provided by subsection (a) applies to any act or omission in
19 rendering care or assistance which occurs before the
20 stabilization of the patient following the surgery; or

21 (2) unrelated to the original traumatic injury.

22 (c) Rebuttable presumption.--There is a rebuttable
23 presumption that a medical condition that arises during the
24 course of follow-up care was the result of the original
25 traumatic injury and that the limitation on liability provided
26 by subsection (a) applies with respect to the medical condition
27 that arises during the course of the follow-up care if:

28 (1) a physician provides follow-up care to a patient to
29 whom he rendered care or assistance pursuant to subsection
30 (a);

1 (2) a medical condition arises during the course of the
2 follow-up care that is directly related to the original
3 traumatic injury for which care or assistance was rendered
4 pursuant to subsection (a); and

5 (3) the patient files medical professional liability
6 action based on the medical condition that arises during the
7 course of the follow-up care.

8 (d) Definitions.--As used in this section, the following
9 words and phrases shall have the meanings given to them in this
10 subsection:

11 "Hospital." The term includes any of the following:

12 (1) A hospital accredited as a Level I or Level II or
13 pediatric trauma center by the Pennsylvania Trauma Systems
14 Foundation under 35 Pa.C.S. Ch. 81 (relating to emergency
15 medical services system) and which is a nonprofit
16 organization.

17 (2) An employee of a hospital described in paragraph (1)
18 who renders care or assistance to patients.

22 (4) A physician who renders care or assistance in a
23 hospital of a governmental entity that has been designated as
24 a center for the treatment of traumatic injuries, whether or
25 not the care or assistance was rendered gratuitously or for a
26 fee.

27 (5) A hospital as defined in section 103.

28 "Reckless, willful or wanton conduct." That conduct which a
29 person knew or should have known at the time he rendered the
30 care or assistance would be likely to result in injury so as to

1 affect the life or health of another person, taking into
2 consideration to the extent applicable:

3 (1) the extent or serious nature of the prevailing
4 circumstances;

5 (2) the lack of time or ability to obtain appropriate
6 consultation;

7 (3) the lack of a prior medical relationship with the
8 patient;

9 (4) the inability to obtain an appropriate medical
10 history of the patient; and

11 (5) the time constraints imposed by coexisting
12 emergencies.

13 "Traumatic injury." Any acute injury which, according to
14 standardized criteria for triage in the field, involves a
15 significant risk of death or the precipitation of complications
16 or disabilities.

17 Section 2. All acts and parts of acts are repealed insofar
18 as they are inconsistent with the provisions of this act.

19 Section 3. This act shall take effect in 60 days.
