
THE GENERAL ASSEMBLY OF PENNSYLVANIA

SENATE BILL

No. 1089 Session of
2013

INTRODUCED BY TOMLINSON, RAFFERTY, VULAKOVICH, ARGALL, FONTANA,
HUTCHINSON, WHITE, MENSCH, ERICKSON, McILHINNEY, STACK,
BAKER, LEACH, SCARNATI, TEPLITZ, ALLOWAY, SOLOBAY, BLAKE AND
GREENLEAF, SEPTEMBER 9, 2013

REFERRED TO CONSUMER PROTECTION AND PROFESSIONAL LICENSURE,
SEPTEMBER 9, 2013

AN ACT

1 Providing for regulation of pharmacy benefit managers; imposing
2 duties on the Insurance Commissioner and the Insurance
3 Department; providing for enforcement; and imposing
4 penalties.

5 TABLE OF CONTENTS

6 Chapter 1. Preliminary Provisions

7 Section 101. Short title.

8 Section 102. Definitions.

9 Chapter 3. Regulation of Pharmacy Benefit Managers

10 Section 301. Certificate of authority.

11 Section 302. Disclosure of ownership.

12 Section 303. Prohibitions.

13 Section 304. Required practices.

14 Section 305. Personal health care information.

15 Section 306. Maximum allowable cost list pricing disclosures.

16 Section 307. Inclusion of products on maximum allowable cost

17 list.

1 Chapter 5. Enforcement
2 Section 501. Enforcement.
3 Chapter 21. Miscellaneous Provisions
4 Section 2101. Applicability.
5 Section 2102. Intent.
6 Section 2103. Effective date.

7 The General Assembly of the Commonwealth of Pennsylvania
8 hereby enacts as follows:

9 CHAPTER 1

10 PRELIMINARY PROVISIONS

11 Section 101. Short title.

12 This act shall be known and may be cited as the Pharmacy
13 Benefit Manager Act.

14 Section 102. Definitions.

15 The following words and phrases when used in this act shall
16 have the meanings given to them in this section unless the
17 context clearly indicates otherwise:

18 "Board." The State Board of Pharmacy.

19 "Commissioner." The Insurance Commissioner of the
20 Commonwealth.

21 "Covered entity."

22 (1) Includes:

23 (i) A hospital plan corporation, professional health
24 services corporation, insurer, third-party payer, health
25 coverage plan, health maintenance organization or PBM.

26 (ii) A health program administered by the
27 Commonwealth in the capacity of provider of health
28 coverage.

29 (iii) A managed care organization.

30 (iv) An employer, labor union or other entity

1 organized in this Commonwealth that provides group or
2 individual health coverage to covered individuals who are
3 employed or reside in this Commonwealth.

4 (v) A Medicare Part D plan.

5 (2) The term does not include a health plan that
6 provides coverage only for accidental injury, specified
7 disease, hospital indemnity, Medicare supplement, disability
8 income, long-term care or other limited benefit health
9 insurance policies and contracts.

10 "Covered individual." A member, participant, enrollee,
11 contract holder or policyholder or beneficiary of a covered
12 entity who is provided health coverage by the covered entity.
13 The term includes a dependent or other person provided health
14 coverage through a policy, contract or plan for a covered
15 individual.

16 "Department." The Insurance Department of the Commonwealth.

17 "Network." A pharmacy or group of pharmacies that agree to
18 provide prescription services to covered individuals on behalf
19 of a covered entity or group of covered entities in exchange for
20 payment for its services by a PBM. The term includes a pharmacy
21 which generally dispenses outpatient prescriptions to covered
22 individuals or which dispenses particular types of
23 prescriptions, provides pharmacy services to particular types of
24 covered individuals or dispenses prescriptions in particular
25 health care settings, including networks of specialty,
26 institutional or long-term care facilities.

27 "Pharmacy." As defined in section 2(12) of the act of
28 September 27, 1961 (P.L.1700, No.699), known as the Pharmacy
29 Act.

30 "Pharmacy benefits management." Any of the following:

1 (1) The procurement of prescription drugs at a
2 negotiated contracted rate for dispensation within this
3 Commonwealth to covered individuals.

4 (2) The administration or management of prescription
5 drug benefits provided by a covered entity for the benefit of
6 covered individuals.

7 (3) Any of the following services provided with regard
8 to the administration of pharmacy benefits:

9 (i) Mail service pharmacy.

10 (ii) Claims processing.

11 (iii) Retail network management.

12 (iv) Payment of claims to pharmacies for
13 prescription drugs dispensed to covered individuals via
14 retail or mail order pharmacy.

15 (v) Clinical formulary development and management
16 services, including, but not limited to, utilization
17 management and quality assurance programs.

18 (vi) Rebate contracting and administration.

19 (vii) Certain patient compliance, therapeutic
20 intervention and generic substitution programs.

21 (viii) Disease management programs.

22 (ix) Setting pharmacy reimbursement pricing and
23 methodologies, including maximum allowable cost, and
24 determining single or multiple source drugs.

25 (x) Retention of any spread or differential between
26 what is received from health plans as reimbursement for
27 prescription drugs and what is paid to pharmacies by the
28 PBM for such drugs.

29 "Pharmacy benefits manager" or "PBM." An individual,
30 business or other entity that performs pharmacy benefits

1 management. The term includes a person or entity acting for a
2 PBM in a contractual or employment relationship in the
3 performance of pharmacy benefits management and includes mail
4 service pharmacy and specialty drug programs.

5 "Specialty drugs." A drug that meets at least one of the
6 following criteria:

7 (1) A high-cost medication used to treat and is
8 prescribed for a person with a complex, chronic or rare
9 medical condition.

10 (2) The drug is not typically available at community
11 retail pharmacies.

12 (3) The drug requires special handling, storage or has
13 distribution or inventory limitations.

14 (4) The drug has a complex dosing regimen or requires
15 special administration.

16 (5) The drug is considered to have limited distribution
17 by the FDA.

18 (6) The drug requires complex and extended patient
19 education or counseling, intensive monitoring or clinical
20 oversight.

21 (7) The drug has significant side effects or risk
22 profile.

23 CHAPTER 3

24 REGULATION OF PHARMACY BENEFIT MANAGERS

25 Section 301. Certificate of authority.

26 (a) Authority to act as preferred provider organization.--A
27 PBM that provides services to residents of this Commonwealth
28 shall apply for, obtain and maintain a certificate of authority
29 to operate as a preferred provider organization subject to
30 section 630 of the act of May 17, 1921 (P.L.682, No.284), known

1 as The Insurance Company Law of 1921. A PBM that obtains a
2 certificate of authority under this subsection is authorized to
3 operate as a PBM under this act.

4 (b) Authority to act as risk-bearing preferred provider
5 organization.--A PBM shall obtain a certificate of authority as
6 a risk-bearing preferred provider organization if the PBM:

7 (1) makes contractual commitments to a covered entity
8 regarding the prices and terms and conditions under which
9 prescriptions will be dispensed to covered individuals;

10 (2) collects rebates, discounts, or allowances from drug
11 manufacturers or distributors based on volume and types of
12 prescriptions dispensed;

13 (3) makes commitments regarding the return, payment or
14 credit of all or any portion of such rebates, discounts or
15 allowances to or for the benefit of covered entities; or

16 (4) otherwise shares in the profits or losses of a
17 covered entity.

18 (c) Fee.--

19 (1) The department shall establish the fees to cover the
20 annual expenses and costs of administering this act. An
21 initial fee for a preferred provider organization authorized
22 to operate as a PBM shall be set by the department but shall
23 not be less than \$500 per year.

24 (2) Each PBM shall renew its authorization annually as
25 set by the department.

26 (d) Penalty for failure to renew.--Any lapse in renewing
27 authorization to act as a PBM shall be subject to penalties
28 established by the department to bring noncomplying entities
29 into full compliance with this act.

30 (e) Form.--To obtain a certificate of authority, a PBM shall

1 submit a form developed by the department. At a minimum the form
2 must contain the following information and any additional
3 requirements as may be established by the department:

4 (1) A PBM that maintains a mail-order pharmacy that
5 ships or mails prescription drugs to residents of this
6 Commonwealth must provide license numbers of all mail-order
7 pharmacies owned by the PBM and also be registered or
8 licensed by the board.

9 (2) Basic organizational documents of the PBM, such as
10 the articles of incorporation, articles of association,
11 bylaws, partnership agreements, trade name certificate, trust
12 agreement, shareholder agreement and other applicable
13 documents and all amendments to the documents as the
14 department finds necessary.

15 (3) A certificate of compliance issued by the board
16 indicating the PBM's plan of operation is consistent with the
17 act of September 27, 1961 (P.L.1700, No.699), known as the
18 Pharmacy Act, and that the PBM's pharmacist in charge holds a
19 current Pennsylvania pharmacist license and is in good
20 standing with the board.

21 (4) A detailed description of the claims processing
22 services, pharmacy services, insurance services, other
23 prescription drug or device services, audit procedures for
24 network pharmacies or other administrative services to be
25 provided.

26 (5) All incentive arrangements or programs such as
27 rebates, discounts, disbursements or any other similar
28 financial program or arrangement relating to income or
29 consideration received or negotiated, directly or indirectly,
30 with any pharmaceutical company or insurer, that relates to

1 prescription drug or device services, including educational
2 grants.

3 (6) A financial statement of income for the previous and
4 current year prepared by an independent certified public
5 accountant showing the assets, liabilities, direct or
6 indirect income and any other sources of financial support
7 sufficient as deemed by the commissioner to show financial
8 stability and viability to meet its full obligations to
9 participants and participating pharmacies.

10 (f) Revocation, suspension, denial or restriction.--

11 (1) The commissioner may revoke, suspend, deny or
12 restrict a certificate of authority of a PBM for violation of
13 this act or on other grounds or violations of Federal or
14 State laws or regulations as determined necessary or
15 appropriate by the commissioner.

16 (2) In the event that a certificate is revoked,
17 suspended or denied, the commissioner may permit further
18 operation of the PBM for a limited time not to exceed a 60-
19 day period under conditions and restrictions as determined by
20 the commissioner for a period as necessary for the beneficial
21 interests of the participants and pharmacy providers.

22 (3) The commissioner shall provide written notice to a
23 PBM of any revocation, denial, suspension or restriction
24 including the specific reasons. The PBM shall have the same
25 rights to notice, hearings and other provisions as provided
26 to insurers or third-party administrators, respectively,
27 under the laws of this Commonwealth.

28 (4) The commissioner shall provide to the board, upon
29 request, copies of applications, correspondence and any other
30 documents provided by the PBM to the commissioner, and with

1 notices, findings, determinations and other documents
2 provided by the commissioner to the PBM.

3 Section 302. Disclosure of ownership.

4 (a) Disclosure.--A PBM also must disclose to the department
5 any ownership interest of any kind with:

6 (1) Any insurance company responsible for providing
7 benefits directly or through any plan for which the PBM
8 provides services.

9 (2) Any parent company, subsidiary or other organization
10 that is related to the provision of pharmacy services, the
11 provision of other prescription drug or device services or a
12 pharmaceutical manufacturer.

13 (b) Notification.--A PBM shall notify the department in
14 writing within five business days of any material change in
15 ownership.

16 Section 303. Prohibitions.

17 (a) Prohibited conduct.--No pharmacy benefit manager may:

18 (1) Mandate that a covered individual use a specific
19 retail pharmacy, mail-order pharmacy, specialty pharmacy or
20 other pharmacy if the PBM has an ownership interest in the
21 pharmacy.

22 (2) Intervene in the delivery or transmission of
23 prescriptions from the prescriber to the pharmacist or
24 pharmacy for the purpose of:

25 (i) influencing the prescriber's choice of therapy;
26 or

27 (ii) altering the prescription information,
28 including, but not limited to, switching the prescribed
29 drug without the express authorization of the prescriber.

30 (3) Mandate that a pharmacist or pharmacy change a

1 covered person's prescription unless the prescribing
2 physician and the covered person authorize the change to be
3 made.

4 (4) Transfer a health benefit plan to another payment
5 network unless it receives written authorization from the
6 insurer.

7 (5) Require more stringent recordkeeping by a pharmacy
8 than that required by Federal or State law.

9 (6) Require a pharmacist or pharmacy to provide services
10 to the covered individuals of one covered entity or
11 participate in one network in order to provide services to
12 covered individuals of another covered entity or participate
13 in another network.

14 (7) Exclude an otherwise qualified pharmacist or
15 pharmacy from participation in a particular network,
16 including a specialty network, if the pharmacist or pharmacy
17 accepts the standard terms, conditions and reimbursement
18 rates for ingredient costs, professional pharmacy services
19 and the quality of dispensing established by the PBM, a
20 government program or an employee benefit plan, which, except
21 as provided by subsection (b) shall apply on an equal basis
22 to all pharmacies in the provider network. As a condition for
23 participating in one network or type of network, a PBM may
24 not require a pharmacist or pharmacy to accept the terms and
25 conditions of another network for prescriptions dispensed by
26 the first network.

27 (8) Automatically enroll a pharmacy or its agent in a
28 contract or modify an existing contract without agreement
29 from the pharmacy or pharmacist. The pharmacy or its agent
30 shall sign a contract before assuming responsibility to fill

1 prescriptions.

2 (b) Special payment arrangements.--To the extent Federal law
3 allows a Medicare Part D plan to provide covered individuals
4 using pharmacists or pharmacies in a preferred provider network
5 reduced coinsurance or copayments in exchange for lower payments
6 for ingredient costs and professional pharmacy services, a PBM
7 administering a Medicare Part D plan shall allow any otherwise
8 qualified pharmacist or pharmacy willing to accept the reduced
9 payments to enroll in the preferred provider network. A PBM
10 administering a preferred provider network shall permit covered
11 individuals to obtain pharmacy services from a pharmacist or
12 pharmacy that is not a member of a preferred provider pursuant
13 to its standard terms and conditions as provided by subsection
14 (a) (7) with any differential in coinsurance or copayments paid
15 by covered individuals.

16 Section 304. Required practices.

17 (a) Performance of duties.--A PBM shall perform its duties
18 with care, skill, prudence and diligence and by exercising good
19 faith and fair dealing toward the covered entity.

20 (b) Claims related information.--A PBM shall provide, upon
21 request by the department or any covered entity, all claims-
22 related financial and utilization information requested relating
23 to the provision of benefits to covered individuals through that
24 covered entity and all financial and utilization information
25 relating to services to that covered entity in a format that
26 includes:

27 (1) National Drug Code numbers used.

28 (2) Quantity.

29 (3) Day's supply.

30 (4) Price paid to a pharmacy and price paid to a payer,

1 separating any administrative fee.

2 (c) Confidentiality.--A PBM providing information under this
3 section may designate the material as confidential. Information
4 designated as confidential by a PBM and provided to a covered
5 entity under this section may not be disclosed by the covered
6 entity to any person without the consent of the PBM, except that
7 disclosure may be ordered by a court of this Commonwealth for
8 good cause shown or made in a court filing under seal or until
9 otherwise ordered by a court. Nothing in this section limits the
10 Attorney General's use of civil investigative demand authority
11 under the act of December 17, 1968 (P.L.1224, No.387), known as
12 the Unfair Trade Practices and Consumer Protection Law, to
13 investigate violations of this section. A payer must be offered
14 this information for its internal auditing or outsourced
15 auditing use.

16 (d) Disclosure.--A PBM shall provide, upon request by the
17 covered entity, information on the nature, type and amount of
18 all other revenue received from a pharmaceutical manufacturer or
19 any other entity associated with the dispensing or distribution
20 of prescription medication for programs that the covered entity
21 offers or performs to its enrollees.

22 (e) Documentation required.--A PBM shall remit to the
23 covered entity, in its monthly report or invoice detail,
24 documentation of the amount paid to retail pharmacy or mail-
25 order pharmacy and the amount billed to the covered entity for
26 all claims at a detailed level such to disclose individual claim
27 financial information, with personal health information redacted
28 if necessary for privacy compliance under the Health Insurance
29 Portability and Accountability Act of 1996 (Public Law 104-191,
30 110 Stat. 1933).

1 (f) Substitution.--If a PBM makes a substitution in which
2 the substitute drug costs more than the prescribed drug, the
3 pharmacy benefits manager shall disclose to the covered entity
4 the cost of both drugs and any benefit or payment directly or
5 indirectly accruing to the PBM as a result of the substitution.

6 (g) Calculation.--When a patient's out-of-pocket cost or
7 copay is percentage based, the PBM shall calculate the
8 percentage owed or the amount of the copay based upon the amount
9 actually paid to the pharmacy for the medication in question.

10 (h) Listing of specialty drugs.--A PBM shall make a listing
11 of any specialty drugs available to and approved by the plan
12 sponsor.

13 (i) Repackaged medications.--Repackaged medications must use
14 the National Drug Code of the original manufacturer.

15 Section 305. Personal health care information.

16 A PBM shall:

17 (1) Notify a plan sponsor if the PBM intends to sell
18 utilization or claims data that the PBM possesses as a result
19 of an arrangement described in this section.

20 (2) Notify the plan sponsor in writing at least 30 days
21 before selling, leasing or renting utilization or claims data
22 and provide the plan sponsor with the name of the potential
23 purchaser of the data and the expected use of the data by the
24 purchaser.

25 (3) Not sell utilization or claims data unless the sale
26 complies with all Federal and State laws and the PBM has
27 received written approval for the sale from the plan sponsor.

28 (4) Not directly contact a covered individual by any
29 means, including via electronic delivery, telephonic, source
30 messaging service (SMS) text or direct e-mail, without the

1 express written permission of the plan sponsor and the
2 covered individual.

3 (5) Not transmit any personally identifiable utilization
4 of claims data to a pharmacy owned by the PBM if the patient
5 has not voluntarily elected in writing to fill that
6 particular prescription at the PBM-owned pharmacy.

7 (6) Provide each covered individual with an opportunity
8 to affirmatively opt out of the sale of the individual's data
9 prior to entering into any arrangement for the lease, rental
10 or sale of the information.

11 Section 306. Maximum allowable cost list pricing disclosures.

12 Beginning on January 1 of each calendar year, the PBM shall,
13 with respect to a contract between a PBM and a pharmacy:

14 (1) Provide or make readily available the applicable
15 maximum allowable cost list to pharmacies.

16 (2) Include in the contracts the basis of the
17 methodology and sources utilized to determine the maximum
18 allowable cost pricing of the PBM, update pricing information
19 on the pricing within at least seven calendar days and
20 establish a reasonable process for the prompt notification of
21 pricing updates to network pharmacies.

22 (3) Maintain a procedure to eliminate products from the
23 list or modify maximum allowable cost rates within seven
24 calendar days of a manufacturers price change in order to
25 remain consistent with pricing changes in the marketplace.

26 (4) Provide a reasonable administrative appeals
27 procedure to allow a pharmacy to contest a listed maximum
28 allowable cost rate. The PBM must respond to a pharmacy or
29 its agent, who has contested a maximum allowable cost rate
30 through this procedure within 15 calendar days. If an update

1 is warranted, the PBM shall make the change retroactive to
2 the date of dispensing and make the adjustment effective for
3 all pharmacy providers in the network.

4 (5) Disclose whether a PBM utilizes a maximum allowable
5 cost list for drugs dispensed at retail, but does not utilize
6 a maximum allowable cost list for drugs dispensed by mail-
7 order to a plan sponsor in writing or in the contract no
8 later than 21 business days from the implementation of the
9 practice.

10 (6) Disclose to the plan sponsor whether or not it is
11 using the identical maximum allowable cost list with respect
12 to billing the plan sponsor as it does when reimbursing all
13 network pharmacies. If multiple maximum allowable cost lists
14 are used, the PBM must disclose to the plan sponsor any
15 difference between the amount paid to any pharmacy and the
16 amount charged to the plan sponsor.

17 (7) Not require a pharmacy to dispense a medication if
18 the reimbursement for the medication falls below pharmacy
19 acquisition cost. A special process shall be created to
20 handle situations that do not work under the terms of a
21 contract.

22 Section 307. Inclusion of products on maximum allowable cost
23 list.

24 (a) Requirements.--In order to place a particular generic
25 prescription drug on a maximum allowable cost list, the PBM
26 must, at a minimum, ensure that:

27 (1) The drug must have at least three or more nationally
28 available, therapeutically equivalent, multiple source drugs
29 with a significant cost difference, excluding outliers.

30 (2) The products must be listed as therapeutically and

1 pharmaceutically equivalent or A rated in the FDA's most
2 recent version of the Orange Book.

3 (3) The product must be available for purchase without
4 limitations by all pharmacies in this Commonwealth from
5 national or regional wholesalers and not be an obsolete,
6 discontinued product, or temporarily unavailable. Significant
7 outliers shall not be used in calculation of a drug for
8 placement on the maximum allowable cost list.

9 (4) Single source generic drugs will be paid as a
10 branded product.

11 (b) Exception.--Specialty drugs shall not be eligible for
12 inclusion on a maximum allowable cost list.

13 CHAPTER 5

14 ENFORCEMENT

15 Section 501. Enforcement.

16 (a) Action by commissioner.--The commissioner shall enforce
17 the provisions of this act and shall take action or impose
18 penalties to bring noncomplying entities into full compliance
19 with this act.

20 (b) Additional relief.--Regardless of whether any
21 enforcement action is taken by the commissioner, a covered
22 individual, pharmacy or pharmacist aggrieved by a violation of
23 this act may seek relief to remedy the alleged violations
24 involving at least one level of internal review and
25 investigation as provided under section 2161(b) of the act of
26 May 17, 1921 (P.L.682, No.284), known as The Insurance Company
27 Law of 1921, and an opportunity to appeal to the department in
28 the manner provided under section 2142 of The Insurance Company
29 Law of 1921 unless, with respect to a pharmacy or pharmacist, an
30 agreement with the insurance company or pharmacy benefit manager

1 establishes an alternative dispute resolution process as
2 provided under section 2162(f) of The Insurance Company Law of
3 1921.

4 (c) Violation of Unfair Trade Practices and Consumer
5 Protection Law.--A violation of this act shall constitute a
6 violation of the act of December 17, 1968 (P.L.1224, No.387),
7 known as the Unfair Trade Practices and Consumer Protection Law.

8 CHAPTER 21

9 MISCELLANEOUS PROVISIONS

10 Section 2101. Applicability.

11 The requirements of this act shall apply to all PBMs
12 notwithstanding any provision of the act of May 17, 1921
13 (P.L.682, No.284), known as The Insurance Company Law of 1921,
14 or other law except to the extent an express exemption is
15 provided from all of any portion of the requirements this act.

16 Section 2102. Intent.

17 It is the intent of the General Assembly that this act shall
18 constitute a law regulating the business of insurance and shall
19 apply to the fullest extent permitted by Federal law. In the
20 event that any portions of this act are found to be preempted by
21 Federal law either entirely or with respect to any type of
22 covered entities, any provisions of this act not preempted by
23 Federal law, either entirely or with respect to any type of
24 covered entity, shall remain in effect. A certificate filed with
25 the commissioner claiming that a PBM is governed and regulated
26 under the provisions of the Employee Retirement Income Security
27 Act of 1974 (Public Law 93-406, 88 Stat. 829) shall not exempt a
28 PBM from application of all or any portion of this act, either
29 entirely or with respect to any type of covered entity, except
30 to the extent such an exemption is required by Federal law.

1 Section 2103. Effective date.

2 This act shall take effect in 90 days.
