29	Section 72. Miscellaneous.	
30	(1) (Reserved).	

1 Section 73. Limitation on expenditure of funds.

2 The following shall apply:

3 (1) Any moneys derived from the incurring of debt shall  
4 be used solely for effecting the rehabilitation, replacement  
5 or removal of bridges located on State highways. All other  
6 bridge rehabilitation, replacement or removal shall be  
7 financed from current revenue.

8 (2) Notwithstanding any law to the contrary, the  
9 projects itemized in the act of December 8, 1982 (P.L.848,  
10 No.235), known as the Highway-Railroad and Highway Bridge  
11 Capital Budget Act for 1982-1983, may be financed from  
12 current revenue.

13 Section 74. Debt authorization.

14 The Governor, Auditor General and State Treasurer are hereby  
15 authorized and directed to borrow from time to time, in addition  
16 to any authorization heretofore or hereafter enacted, on the  
17 credit of the Commonwealth, subject to the limitations provided  
18 in the current capital budget, money not exceeding in the  
19 aggregate the sum of ~~\$4,474,313,000~~ \$4,614,686,000 as may be <--  
20 found necessary to carry out the acquisition and construction of  
21 the State projects specifically itemized in this act.

22 Section 75. Issue of bonds.

23 The indebtedness authorized in this act shall be incurred  
24 from time to time and shall be evidenced by one or more series  
25 of general obligation bonds of the Commonwealth in such  
26 aggregate principal amount for each series as the Governor,  
27 Auditor General and State Treasurer shall determine, but the  
28 latest stated maturity date shall not exceed 30 years from the  
29 date of the bond first issued for each series.

30 Section 76. Estimated useful life of projects.

1 The General Assembly states the estimated useful life of the  
2 projects itemized in this act is 30 years.

3 Section 77. Appropriation.

4 The net proceeds of the sale of the obligations authorized in  
5 this act are hereby appropriated from the Capital Facilities

6 Fund to the department in the maximum amount of ~~\$4,474,313,000~~ <--

7 \$4,614,686,000 to be used by it exclusively to defray the <--

8 financial costs of the State projects specifically itemized in

9 this act. After reserving or paying the expenses of the sale of

10 the obligation, the State Treasurer shall pay out to the

11 department the moneys as required and certified by it to be

12 legally due and payable.

13 Section 78. Federal funds.

14 In addition to those funds appropriated in section 77, all

15 moneys received from the Federal Government for the public

16 improvement projects specifically itemized in this act are also

17 hereby appropriated for those projects.

18 Section 79. Allocation of funds.

19 (a) General rule.--Whenever the department or the Department

20 of Conservation and Natural Resources determines that the full

21 estimated financial costs of the projects itemized in this act

22 are not necessary for the proper design, acquisition or

23 construction of such projects, the excess funds no longer

24 required may be allocated by the department or the Department of

25 Conservation and Natural Resources to increase the estimated

26 costs of any one or more of the projects specifically itemized

27 in a capital budget.

28 (b) Reimbursement of municipal expenditures.--Moneys raised

29 or expended by municipalities after the effective date of this

30 act, in anticipation of receipt of funds authorized for projects

1 itemized by this act, may be reimbursable to those  
2 municipalities.

3 Section 80. Policy on jobs and materials.

4 (a) Jobs.--It is the declared policy of the Commonwealth  
5 that the construction projects authorized in this act be used,  
6 to the greatest extent possible, to provide for the creation of  
7 jobs and the rehiring of the unemployed in this Commonwealth. In  
8 order to reach this goal, firms with Commonwealth-based  
9 facilities shall be actively solicited to make bids on contracts  
10 to furnish products and materials, including, but not limited  
11 to, steel and steel products, to be used in these projects.

12 (b) Materials.--Every contract document entered into to  
13 undertake a project contained in this act shall provide that any  
14 steel or other products to be used or supplied in the  
15 performance of this contract be required to be manufactured by  
16 plants in the United States unless the secretary determines, on  
17 a contract-by-contract basis, that certain required products are  
18 not produced in the United States in sufficient quantities to  
19 meet the requirements of the contract. Such a determination and  
20 the reasons therefor shall be published in the Pennsylvania  
21 Bulletin. Decisions made under this subsection shall not be  
22 inconsistent with the general provisions of the act of March 3,  
23 1978 (P.L.6, No.3), known as the Steel Products Procurement Act.

24 (c) Minorities and women.--It is also the declared policy of  
25 the Commonwealth to require and encourage substantial  
26 participation by minorities and women in the construction  
27 projects authorized by this act.

28 Section 81. Payment of capital debt service.

29 The repayment of any debt incurred pursuant to this act shall  
30 be made from the account and such repayment shall have first

1 claim on the revenues of the account.

2 Section 82. Authorization and debt cumulation.

3 The additional authorization and debt allowance provided for  
4 in this act shall be added to the total authorizations and debt  
5 incurred pursuant to the act of December 8, 1982 (P.L.848,  
6 No.235), known as the Highway-Railroad and Highway Bridge  
7 Capital Budget Act for 1982-1983, as amended and supplemented.

8 Section 83. Editorial changes.

9 In editing and preparing this act for printing following the  
10 final enactment, the Legislative Reference Bureau shall insert  
11 or revise letters or numbers for projects where the letters or  
12 numbers are missing or require revision. The bureau shall also  
13 revise the total monetary amounts for the total authorization,  
14 debt authorization, appropriations and departmental totals as  
15 necessary to agree with the total monetary amounts of the  
16 projects.

17 Section 84. Effective date.

18 This act shall take effect immediately.
