30	Section 72. Miscellaneous.	

1 (1) (Reserved).

2 Section 73. Limitation on expenditure of funds.

3 The following shall apply:

4 (1) Any moneys derived from the incurring of debt shall
5 be used solely for effecting the rehabilitation, replacement
6 or removal of bridges located on State highways. All other
7 bridge rehabilitation, replacement or removal shall be
8 financed from current revenue.

9 (2) Notwithstanding any law to the contrary, the
10 projects itemized in the act of December 8, 1982 (P.L.848,
11 No.235), known as the Highway-Railroad and Highway Bridge
12 Capital Budget Act for 1982-1983, may be financed from
13 current revenue.

14 Section 74. Debt authorization.

15 The Governor, Auditor General and State Treasurer are hereby
16 authorized and directed to borrow from time to time, in addition
17 to any authorization heretofore or hereafter enacted, on the
18 credit of the Commonwealth, subject to the limitations provided
19 in the current capital budget, money not exceeding in the
20 aggregate the sum of ~~\$4,474,313,000~~ \$4,614,686,000 as may be <--
21 found necessary to carry out the acquisition and construction of
22 the State projects specifically itemized in this act.

23 Section 75. Issue of bonds.

24 The indebtedness authorized in this act shall be incurred
25 from time to time and shall be evidenced by one or more series
26 of general obligation bonds of the Commonwealth in such
27 aggregate principal amount for each series as the Governor,
28 Auditor General and State Treasurer shall determine, but the
29 latest stated maturity date shall not exceed 30 years from the
30 date of the bond first issued for each series.

1 Section 76. Estimated useful life of projects.

2 The General Assembly states the estimated useful life of the
3 projects itemized in this act is 30 years.

4 Section 77. Appropriation.

5 The net proceeds of the sale of the obligations authorized in
6 this act are hereby appropriated from the Capital Facilities
7 Fund to the department in the maximum amount of ~~\$4,474,313,000~~ <--
8 \$4,614,686,000 to be used by it exclusively to defray the <--
9 financial costs of the State projects specifically itemized in
10 this act. After reserving or paying the expenses of the sale of
11 the obligation, the State Treasurer shall pay out to the
12 department the moneys as required and certified by it to be
13 legally due and payable.

14 Section 78. Federal funds.

15 In addition to those funds appropriated in section 77, all
16 moneys received from the Federal Government for the public
17 improvement projects specifically itemized in this act are also
18 hereby appropriated for those projects.

19 Section 79. Allocation of funds.

20 (a) General rule.--Whenever the department or the Department
21 of Conservation and Natural Resources determines that the full
22 estimated financial costs of the projects itemized in this act
23 are not necessary for the proper design, acquisition or
24 construction of such projects, the excess funds no longer
25 required may be allocated by the department or the Department of
26 Conservation and Natural Resources to increase the estimated
27 costs of any one or more of the projects specifically itemized
28 in a capital budget.

29 (b) Reimbursement of municipal expenditures.--Moneys raised
30 or expended by municipalities after the effective date of this

1 act, in anticipation of receipt of funds authorized for projects
2 itemized by this act, may be reimbursable to those
3 municipalities.

4 Section 80. Policy on jobs and materials.

5 (a) Jobs.--It is the declared policy of the Commonwealth
6 that the construction projects authorized in this act be used,
7 to the greatest extent possible, to provide for the creation of
8 jobs and the rehiring of the unemployed in this Commonwealth. In
9 order to reach this goal, firms with Commonwealth-based
10 facilities shall be actively solicited to make bids on contracts
11 to furnish products and materials, including, but not limited
12 to, steel and steel products, to be used in these projects.

13 (b) Materials.--Every contract document entered into to
14 undertake a project contained in this act shall provide that any
15 steel or other products to be used or supplied in the
16 performance of this contract be required to be manufactured by
17 plants in the United States unless the secretary determines, on
18 a contract-by-contract basis, that certain required products are
19 not produced in the United States in sufficient quantities to
20 meet the requirements of the contract. Such a determination and
21 the reasons therefor shall be published in the Pennsylvania
22 Bulletin. Decisions made under this subsection shall not be
23 inconsistent with the general provisions of the act of March 3,
24 1978 (P.L.6, No.3), known as the Steel Products Procurement Act.

25 (c) Minorities and women.--It is also the declared policy of
26 the Commonwealth to require and encourage substantial
27 participation by minorities and women in the construction
28 projects authorized by this act.

29 Section 81. Payment of capital debt service.

30 The repayment of any debt incurred pursuant to this act shall

1 be made from the account and such repayment shall have first
2 claim on the revenues of the account.

3 Section 82. Authorization and debt cumulation.

4 The additional authorization and debt allowance provided for
5 in this act shall be added to the total authorizations and debt
6 incurred pursuant to the act of December 8, 1982 (P.L.848,
7 No.235), known as the Highway-Railroad and Highway Bridge
8 Capital Budget Act for 1982-1983, as amended and supplemented.

9 Section 83. Editorial changes.

10 In editing and preparing this act for printing following the
11 final enactment, the Legislative Reference Bureau shall insert
12 or revise letters or numbers for projects where the letters or
13 numbers are missing or require revision. The bureau shall also
14 revise the total monetary amounts for the total authorization,
15 debt authorization, appropriations and departmental totals as
16 necessary to agree with the total monetary amounts of the
17 projects.

18 Section 84. Effective date.

19 This act shall take effect immediately.
