SUMMARY: Amends the Real Estate Tax Sale Law regarding the maintenance of certain properties held by the county tax claims bureau. This legislation would take effect immediately.

ANALYSIS: This legislation, in the case of property exposed to upset sale and not sold at upset sale, would allow a county tax claims bureau to incur, and recover costs, prior to any distribution from a subsequent sale, the following:

1. Costs of rehabilitation and maintenance as may be needed, in the sole discretion of the tax claims bureau, to address safety issues or restore or maintain the property in a salable condition.
2. Costs of rehabilitation and maintenance necessary to ensure the property is maintained in compliance with property maintenance codes.

This legislation shall not be construed as creating any affirmative duty on the part of the county or the tax claims bureau to rehabilitate or maintain property. This legislation shall not impose any liability on a county or tax claims bureau for injuries to persons or property that may occur on property subject to rehabilitation and maintenance under this provision.

FISCAL IMPACT: This legislation will have no adverse impact on Commonwealth funds. This legislation provides the opportunity for 3rd through 8th class counties to recover costs associated with maintaining properties held by a county tax claims bureau. It is impossible to predict the amount of costs recoverable under this legislation.
