**SUMMARY:** Authorizes PennDOT to issue registration plates that include a distinctive corporate logo to corporate fleets of more than 100 vehicles registered in PA for an additional fee. This legislation would take effect on July 1, 2021.

**ANALYSIS:** This legislation amends section 1341 (related to special registration plates) of Title 75 (Vehicles) to create the Corporate Logo Fleet registration plate.

Upon request by a corporate fleet applicant, PennDOT is authorized to issue distinctive corporate logo registration plates for fleets with more than 100 vehicles based and registered in Pennsylvania. The applicant for a corporate logo registration plate must pay a one-time administrative fee of:

- \$6,000 for fleets with more than 100 vehicles and up to 199 vehicles.
- \$5,000 for fleets with 200 vehicles or more.

After the one-time administrative fee, the corporate logo registration plates are renewed at a fee of:

- \$20 for each motor vehicle;
- \$11 for each trailer with a corporate logo.

**FISCAL IMPACT:** According to PennDOT, each new registration plate will cost \$500 for the design and \$14,500 for systems changes for a total of \$15,000. It is likely that most, if not all, of this cost would be offset by the revenue from the sale of such plates as well as the administrative fee as provided within this legislation. In the event that revenues do not exceed costs, the remaining cost could be absorbed within available funding.
