RE: Fiscal Note
HB 1377 PN 1820
Amendment #A01898

Dear Representative Davis:

Amendment A01898 would require businesses to demonstrate compliance with the Prevailing Wage Act for all construction, reconstruction, alteration, and demolition work other than maintenance work done within a zone in order to qualify for tax breaks. The amendment requires the political subdivision to determine the prevailing wage and provide to every business within the zone. The amendment then requires each business to keep record of all contractors and subcontractors used for construction in the zone and a copy of noticed signed by each that they must follow prevailing wage (and kept for 2 years). If it is determined that prevailing wage was not paid, the business is required to pay back 100% of the tax exemptions they have received.

Adoption of this amendment would have no adverse fiscal impact on Commonwealth or municipal funds.

Sincerely,

A handwritten signature in cursive script that reads "Stanley E. Saylor".
