HOUSE BILL NO. 2408

PRINTERS NO. 2982

PRIME SPONSOR: Armanini

COST / (SAVINGS)

FUND	FY 2021/22	FY 2022/23
General Fund	\$0	See Fiscal Impact

SUMMARY: House Bill 2408, Printer's Number 2982, amends the Dam Safety and Encroachments Act to perform maintenance activities on a culvert without a permit.

ANALYSIS: This bill amends the Dam Safety and Encroachments Act (Act 325 of 1978) by adding Section 6.1 addressing culvert maintenance requirements. It states that the Department of Environmental Protection shall not require a permit or other authorization to perform maintenance activities on a culvert. It also provides for the definition of culvert, which is a structure with appurtenant works that carries a stream under or through an embankment or fill.

This legislation would take effect in 60 days upon enactment.

FISCAL IMPACT: Enactment of this legislation will have no adverse impact on Commonwealth funds but could reduce permit fee revenues since all culverts are required to have a permit.
