DESCRIPTION AND PURPOSE OF BILL

House Bill 288 amends the Public Auditorium Authorities Law to increase the threshold for competitive bidding by an authority for purchases and contracts from \$10,000 to a base amount of \$18,500. The bill also increases the threshold for written or telephonic price quotations for contracts from \$4,000 to the base amount of \$10,000. Both thresholds would be subject to an annual inflation adjustment based on the percentage increase in the Consumer Price Index, limited to a maximum annual adjustment of 3% of the respective base amounts.

The legislation prescribes a method for determining annual inflation adjustments and would require the Department of Labor and Industry to annually calculate the percentage change in the CPI and publish notice of the adjustments in the Pennsylvania Bulletin. Notice must be published prior to January 1 of each year.

The Act takes effect immediately and would apply to contracts and purchases advertised on or after January 1 of the year following the effective date of the Act.
