House Bill 1182 amends the Barbers’ License Law to authorize licensed barber schools to provide a portion of instruction through distance education.

This legislation allows a school of barbering to offer up to 50% of its curriculum on barbering study and training hours in theory-based subjects through distance education, and it specifies that the curriculum at a school of barbering may not offer practical demonstrations through distance education.

House Bill 1182 defines “distance education” to include curriculum offered by a school of barbering to a student while the student is at a location separate and apart from the school.

This act shall take effect in 60 days.
