

SENATE APPROPRIATIONS COMMITTEE FISCAL NOTE

BILL NO. House Bill 1171

PRINTER NO. 1236

AMOUNT

No Fiscal Impact

FUND

General Fund

DATE INTRODUCED

May 18, 2023

PRIME SPONSOR

Representative Hill-Evans

DESCRIPTION

House Bill 1171 amends the Combustible and Flammable Liquids Act to increase the distance between an emergency shut-off and the farthest fuel dispensers.

This legislation increases the distance from 200 to 350 feet allowed between an emergency shut-off device and the farthest fuel dispensing device at a retail service station.

FISCAL IMPACT:

House Bill 1171 will have no fiscal impact on Commonwealth funds. The Department of Labor and Industry will not see an increase in inspections as the minimum distance is being increased and it is assumed all existing facilities are in compliance with current law.
