TO: All Senators  
FROM:  Senator Lisa Baker  
SUBJECT: Gas Pipeline Safety Legislation (**Revised**)

I plan to introduce a freestanding act to adopt federal pipeline safety laws and regulations for the transportation of gas and hazardous liquids in the Commonwealth. The bill would provide for PUC safety oversight of gathering and transmission pipelines which are not public utilities provide for the registry of pipeline operators and grant the Commission with investigatory, inspection and assessment powers for the purpose of protecting the public safety.

Thank you.
